### SITUATION IN NICARAGUA IS SERIOUS.

WASHINGTON, D. C., Aug. 29.—American soldiers will be landed in Nicaragua within forty-eight hours. On serious of conditions said to be so serious as to justify not being made public in Washington. President Taft, from Beverly, yesterday personally directed the immediate movement of troops now on the Panama Canal zone, to Nicaragua, to guard American lives and property.

United States marines now being rushed south on the transport Prairie via Colon and the cruiser California, cannot reach Nicaragua for possibly a week. Despatches picture the situation as being so acute that an immediate movement of a large force of troops was necessary.

A general Central American outbreak as a result of the Nicaraguan situation, entered into the fears of the Department last night. A belated despatches from Minister Wetzel, refers to an eruption of refugees of the late Zelaya regime from Honduras into Nicaragua. This was taken by the Department to presage a widening of revolutionary operations, which might become general in Central America. The State Department was earnest in its declarations that the troops were sent to Nicaragua solely to guard against possible American outbreaks before the arrival of the marines on board the transport Prairie. The Prairie will arrive at Corinto some days after the infantry.

### TO ENCOURAGE TRADE WITH FRANCE

OTTAWA, August 28.—Following the recent visit of Right Hon. R. L. Borden, Hon. L. P. Pelletier, and other Canadian ministers to Paris, it is said that an effort is being made by merchants and commercial organizations in France to bring about a substantial increase in the trade now being carried on between that country and Canada. With this object in view Canada will likely be visited within the next fortnight by H. B. Fletcher, chairman of the Canadian section of the British chamber of commerce in Paris. Mr. Fletcher plans to sail during the present week for Montreal, and will make an extended tour of both Canada and the United States, arriving in the latter part of September in Boston, where he will represent the Paris chamber of commerce at the international congress of chambers of commerce to be held in that city. It is understood that while in Canada Mr. Fletcher will be employed in encouraging as far as possible the export of Canadian manufactured products to France, the trade in certain lines of manufacturers being considered capable of great improvement.

### TAFT AND ROOSEVELT WHACKED

WILLIAM GROVE, Pa., Aug. 29.—Colonel Roosevelt's analogy that the benefits of the protective tariff system constituted "prize money," of which too much was kept by the officers and too little distributed to the crew, was criticized by Governor Wilson today in his first campaign speech outside New Jersey.

He wanted to know in his speech before the State Grangers' picnic just where the "prize money" came from. He said the "plunder" came from the farmers who were taxed too highly by the tariff on Agricultural implements.

The governor confined himself to the tariff and how it affected the farmer and drew attention to President Taft's veto of the farmers' free list bill.

"I dare say he was right from his point of view," said Governor Wilson of President Taft in this connection, "for he represented the trust and not the government of the country had been in control of 'self-constituted trustees' in the Republican party and that it was time for the people to gain control of their own government."

# REV. FATHER P. V. MCARVILLE PASSES AWAY

The sad news of the untimely death of the Rev. Peter V. McCarville, of St. Dunstan's Cathedral, Charlottetown, which occurred at the City Hospital yesterday afternoon, will be heard with much regret by all who had the pleasure of his acquaintance.

The deceased was a young man of exceptional abilities, having attended and graduated from St. Dunstan's College and the Grand Seminary at Quebec. He was elevated to the Order of Priesthood and ordained at Quebec on Dec. 2nd, 1911. He sang his first Mass on Christmas morning in 1911 at Kinkora and has been attached to the clerical staff of St. Dunstan's Cathedral since last March.

In the death of Father McCarville, the community and the church loses a man of sterling qualities and one whose future promised to do credit to his ambitions.

The late Father was a son of the late James McCarville and Mary Shrean of Kinkora. He was stricken with typhoid fever about two weeks ago and was removed to the Charlottetown Hospital, where he slowly sank until the end came at 5.30 yesterday.

He leaves to mourn, besides his sorrowing mother, one sister, Mrs. Ellis, Boston, and five brothers, Frank and Thomas, of Boston, John Wilbert and Raymond at home.

To all of these the sympathy of the community will be extended and the Guardian sincerely joins in the expressions of regret. A solemn High Mass will be held over the remains

### FLOOD DAMAGE IN ENGLISH TOWNS

LOBDON, Aug. 29.—With the renewal of communication come reports of serious damage caused by floods in all the eastern counties, though not here is the situation so serious as that of Norwich where a considerable portion of the city will require to be rebuilt. In Norwich 80 bridges were washed down and scores of villages are cut off from the outside world. Peterborough became an island city, the Ipswich Kings, Lynn, Nottingham, Spalding, Leicester and Stamford districts all were badly affected. Fortunately, although many animals were drowned, very few human lives were lost.

Reports from Norwich say that the rain has almost ceased falling and floods caused by the rising of the Wennum are slowly subsiding.

The conditions are improving. The railroad to London by way of Cambridge has been reopened and the aims are being distributed. The Cremerline will resume its service to-day. The other railroads are still blocked and the street car service today is not working. The public has been warned to use the drinking water sparingly because of the stoppage of the waterworks.

### MUNICIPAL RULERS OPPOSE C. P. R. APPLICATION.

WINDSOR, Ont., Aug. 29.—The most important action taken by the Unions of Canadian Municipalities at its final session here today was the adoption unanimously of a resolution offered by Alderman Joseph Clarke of Edmonton, opposing the application of the Canadian Pacific Railway for permission to increase its capital stock by \$60,000,000. The convention based its opposition to the proposed plan on the grounds that she scheme is for the sole purpose of keeping the dividends of the company below the limit, at which by the terms of its charter the Dominion Government would be entitled to exercise control over its freight and passenger rates.

Saskatoon was named as the city for holding the next convention, although Sherbrooke, Regina and Victoria, B. C., were all anxious for the honor.

Vice-Presidents from the Maritime Provinces were elected as follows:—Nova Scotia, F. P. Bligh, Mayor of Halifax; A. D. Gunn, Mayor of Sydney; A. R. V. Harris, Halifax; H. A. Rice, Mayor of Toronto.
