—HAS HAND LACERATED—Mr. John Gillis of Summerside had his left hand badly lacerated on Saturday when it was caught in the circular saw at Schurman's Mill, where Mr. Gillis is employed. He was taken to the hospital and his injuries attended to. The doctors are afraid that Mr. Gillis may lose his thumb and index finger.

—SUCCESSFUL APPLE DAY—A Boy Scout Apple Day was highly successful in Summerside Saturday when approximately 1,200 apples were sold, realizing the excellent sum of \$74.15. The success of the day was due to the excellent work of the boys, who were tendered the public for their generous support and also to R. T. Holman Ltd. for their fine dressed window advertising the Scouts' Apple Day.

—SAD NEWS RECEIVED—Island relatives and friends will regret to learn of the passing of Miss Nellie MacQuarrie, at her home in Winthrop, Mass., on Tuesday Nov. 5th. Miss MacQuarrie was a niece of Mrs. Albert MacQuarrie, Summerside, and spent part of last summer visiting the island in company with her mother and sister, Mrs. John MacQuarrie and Miss Grace MacQuarrie, to whom much sympathy is extended in their sad bereavement.

—C. W. L. MEETING AT INDIAN RIVER—The regular meeting of Indian River C. W. L. was held on Nov. 3rd. Mrs. Leslie Ramsay presided and opened the meeting with prayer. After reports of committees were heard some correspondence was read including an appeal for the Sisters of Service. Six dollars was voted to be sent to them. A discussion on Study Clubs followed and four ladies in different sections of the parish were appointed to organize Study Clubs. The holding of some entertainments was brought up and after some discussion it was decided that card parties were the most popular, and it was decided to continue them. The meeting was followed by Benediction of the Blessed Sacrament.—K.

—CARD PARTY AT KENSINGTON—An auction party at the McMahon house, Kensington, was held on Nov. 8th under the auspices of the C. W. L. of Indian River. Miss Lena McIntyre and Miss Catherine Gillis of Indian River were the hostesses and under their capable direction the party was a grand success. Prizes for cards were won by Mrs. Andrew O'Keefe and Mr. Albert, McLellan, Kensington. Delicious refreshments were served by the ladies. A few hours dancing followed. Music was furnished by Messrs. Borden, Tuplin, Allie McNeill and P. Perry, Mrs. Hubert Gillis, Mrs. Alonzo Cameron and Mrs. Wilfred Curley.—K.

Electric cooking stoves and ranges, and pipe organs.

Whiskey Duties Lowered

Of great immediate interest to Canada and benefiting Great Britain also is the 50-per-cent reduction in duties on all types of whiskey, lowering the rate from \$5 to \$2.50 per gallon. Under most-favored nation terms these concessions will extend to Great Britain.

Reductions were secured ranging from 30 to 50 per cent in the rate on various kinds of lime, feldspar, talc, basic refractory material, firebrick and cobalt oxide. Continued free entry was assured nickel and gypsum.

Canadian concessions to United States, both those specifically reducing rates and the benefits accruing to that country from employment of most favored nation treatment, were featured by lowered rates on implements of production. These apply to both agricultural and industrial production and the lowered costs are expected to offset to a great degree any injury suffered by the protection in the tariff schedule.

Feature of Concessions

Feature of concessions Canada granted on United States fruit and vegetables is that accorded oranges which will be entered free from restriction being placed there to protect the Empire preferences. About 40 per cent of normal Canadian orange imports come in during the four free months.

Hundreds of commodities of general use in the home, and personal articles, novelties, conveniences and luxuries and building materials, make up the long list which will come in cheaper because of the granting of the intermediate tariff involved in the most favored nation clause.

These reductions are to the same rate granted on other countries enjoying Canada's most favored nation treatment.

Mining Machinery

The treaty obtained tariff reductions for the Canadian mining industry which may lead to revival of trade across the international border. In addition, Canadian duties on some types of mining machinery were reduced.

The treaty secured reductions from 30 to 50 per cent in United States tariffs on various kinds of lime and concessions on feldspar, talc, basic refractory material, firebrick and cobalt oxide.

As long as the treaty exists there will be free entry into the United States of Canadian unmanufactured asbestos, cobalt and cobalt ore, crude artificial abrasives, nickel ore, matte and oxide, plaster rock or gypsum, including anhydrite. In addition, the treaty guarantees the present free trade on gypsum, an important Nova Scotia product.
