

SUFFERERS FROM PILES!

ZAM-BUK HAS CURED THESE!

Friction on the hemorrhoid veins that are swollen, inflamed and gorged with blood, is stinging and smarting of piles. Zam-Buk applied at night will be found to give ease before morning. Thousands of persons have proved this. Why not be guided by the experience of others?

Mr. Thomas Pearson, of Prince Albert, Sask., writes: "I must thank you for the benefit I have received from Zam-Buk. Last summer I suffered greatly from piles. I started to use Zam-Buk and found it gave me relief, so I continued it, and after using three or four boxes I am pleased to say it has effected a complete cure."

Mr. G. A. Dufresne, 183-185 St. Joseph Street, St. Roch, Quebec, P. Q., writes: "I can highly recommend Zam-Buk to everyone who suffers from piles."

Magistrate Sanford, of Weston, King's Co., N. S., says: "I suffered long from itching piles, but Zam-Buk has now cured me."

Mr. William Kenty, of Upper Nine Mile River, Hants Co., N. S., says: "I suffered terribly from piles, the pain at times being almost unbearable. I tried various ointments, but everything I tried failed to do me the slightest good. I was tired of trying various remedies, when I heard of Zam-Buk, and thought as a last resource I would give this a trial. After a very short time Zam-Buk effected a complete cure."

Zam-Buk is also a sure cure for skin injuries and diseases, eczema, ulcers, varicose veins, cuts, burns, bruises, chaps, cold sores, etc. 50c. box all druggists and stores, or free from Zam-Buk Co., Toronto, for price. Refuse harmful imitations. Try Zam-Buk Soap, 25c. tablet.

-That desirable property in Tryon, consisting of residence, store, barn, sheds, etc., and 2 or 3 acres of land, is offered for sale at a right price. It is near churches, schools and other conveniences. Has rural mail delivery and telephone connection. Applicants should write J. P. Hood, Charlottetown, for further particulars, or ask Albro Howatt, Tryon, to show them through the premises. 8-28dr1f.

-A preliminary meeting was held in Bloomfield Hall, Bloomfield Station, Oct. 16th, with a view of organizing a West Prince Association for the study and prevention of tuberculosis. Fabian Peters presided very acceptably and explained the object of the meeting. Dr. J. D. McCue was the next speaker and in a very forcible manner outlined the nature of the disease and described the way the association could materially help in stamping out this dreadful plague. F. L. Dougan followed, endorsing the sentiments expressed by the doctor and explained the good work done by the different tuberculosis associations throughout the Province. Others expounded and heartily recommended this to be a good move. Next in order was the nomination of a committee to make further arrangements for the organization meeting. There was a large and interesting audience who unanimously voted in favor of such a procedure. The meeting came to a close with a vote of thanks extended to the chairman and a decision to hold the organization meeting in Bloomfield Hall Tuesday, October 24th, at 7 p.m.-Com.

Soup Without HOLLBROOKS GENUINE WORCESTERSHIRE SAUCE. Is like an egg without salt. Imported Absolutely!!

5,600 AGAINST CIGARETTES:

BOSTON, Oct. 17.-Pledges never to smoke cigarettes have been signed by 5,600 out of 50,000 boys in Boston public schools.

FIELD CROPS IN CANADA.

OTTAWA, Oct. 17.-A bulletin of the Census and Statistics Office deals with the field crops of the present year compared with the figures of the year 1900. The Census areas of field crops enumerated in the month of June have been compiled for all the provinces excepting Quebec and British Columbia, and the Statistics of principal crops are given in this report together with estimates of production computed from the reports of a large staff of correspondents at the end of September. The area figures for Saskatchewan are lacking for two districts and those of Nova Scotia for one district, but the totals of the Dominion will be ready for the November Monthly, and a comparison of areas for the Census years 1901, and 1911 will then be made. For the years 1909, 1910, and

1911, the comparative quality of crops at the end of September was fairly uniform for wheat, oats, barley and rye; but peas, beans, buckwheat, mixed grains and flax were lower this year by eight to 12 per cent. Fodder crops, including roots and corn, are unchanged for the three years. The condition of potatoes, which is 76.78, is the same last year, but 13.60 less than two years ago. The comparative condition of fodder and root crops for the Dominion at the end of September ranges from 32 to 87 per cent., of alfalfa 79.55 per cent., and of potatoes 76.78 per cent., and is generally lower in Ontario than elsewhere. The Maritime provinces and the Northwest provinces give 90 per cent and over for potatoes and nearly as good for other field roots. The Census enumeration of field crops taken in June shows for the Northwest provinces together with Ontario and the Maritime Provinces an area of 9,990,021 acres wheat, 7,661,862 acres oats, 1,291,287 acres barley, 133,053 acres rye, and 1,090,615 acres flax-to which will be added the areas for two districts in Saskatchewan. For the harvest year of 1900 the corresponding figures of the census of 1901 were 4,068,321 acres wheat, 3,941,370 acres oats, 765,273 acres barley, 156,352 acres rye, and 21,202 acres flax. The increase in the production of wheat for the present year on the principal grain in the decade estimates of correspondents is shown to be in round numbers, 148,035,000 bushels wheat, 187,049,000 bushels

at, 21,711,000 bushels barley, 764,000 bushels rye, and 12,360,000 bushels flax. These figures are exclusive of returns for two districts in Saskatchewan.

NEWPORT, R. I., ELECTS HUB WOMAN TEACHER. NEWPORT, R. I., Oct. 16.-At a special meeting of the School Board this evening Miss Katherine D. Whitman of Boston, a graduate of the Massachusetts Normal Art School, was elected supervisor

drawing for the public schools. She was highly recommended by Messrs. Bailey, Sargent and Burnham, who were formerly at the head of the Massachusetts State Department of drawing and Manual Arts.

THIEF RETURNS \$27,500 BOOTY. SALEM, Oct. 16.-A self-confessed copper thief, Philip Bloomfield of Chelsea, restored \$27,500 of property to the General Electric Company of Lynn yesterday, and paid a fine of \$1000 in the Superior Court after pleading guilty to the larceny. Bloomfield jumped \$25,000 bail over a year ago and was searched for all over the country by a corps of detectives. Suit against his bondsmen had been instituted when he surrendered himself.

AUSTRALIAN DIAMONDS. NEW YORK, N. Y., Oct. 17.-Australia diamonds are the latest novelty in the Maiden Lane jewelry district. They are declared by experts, to be of fine quality. Hundreds of these diamonds were obtained in a space of a few hours in an extinct volcano in the northern part of New South Wales and were extracted from the loam by the primitive method of sifting the sands in a tub of water. About twenty specimens were sent here for private exhibition.

Farm for Sale -AT- Tryon. I am offering for sale my farm, consisting of 160 acres, 120 clear and the balance covered with a good growth of hard and soft wood. Cut Out Coal Extravagance. There's just as much room for economy in buying coal as any other necessity of life. While Inverness Coal has more heat units to the ton than any other coal it costs no more than the common coal. The use of a little judgment or "horse sense" will tell any person that the coal with the greatest amount of heat-producing qualities is the most economical to buy. Inverness is properly screened coal-every particle of foreign matter is extracted, leaving nothing but a good, uniform standard of clean, screened coal. Buy the coal that will save dollars. 8-26dr11f.
