DONE UP.

I had a case of **LAUNDRY** sent to the wrong LAUNDRY, when the treatment was poor, methods ancient, skill lacking. Instead of using modern machinery and up-to-date methods, used acids, alkalis, poor soap and hand power. You will avoid all this by having your laundry work done at

THE STAR STEAM LAUNDRY where your goods will be properly washed, starched and ironed. For good work the Star Laundry is without an equal.

A FRIEND in St. John received yesterday a communication from Madame Yulisse (Madame Marie Harrison) dated at Grimsby, Ont. She says: "I am in Canada on leave of absence for a time. I have a three years contract which extends through all Russia, Germany, Scandinavia and Denmark under the impresario Paul Sydow. I am at present seeking after money interests and plans of a house to be built on my fruit estate here which comprises 16 1/2 acres of finest peach land all set out with trees."

EASTERN NOTES.—The season of "ohill November's surly blasts" is here, but it is neither ohill nor surly, the farmers are busy ploughing. Cattle and sheep are grazing in the fields—fields by no means bare, some of the young ones are still in the woods, the roads are comparatively good, fault-finders to the contrary, while the fishermen are industriously plying their ancient vocation with some success recently, as codfish are taken in considerable quantities between South Lake and Basin Head. Trawls are generally used as there is abundance of squid for bait, more than enough coming on the beach every calm night to supply the wants of the fishermen. Only a few years recently and not every year either, has this happened but it is providential for the fishermen as the bait supply is a most important factor, tending to success or to failure.—Red Point Cheese Factory has closed for the season, ran till the 17th, had a fairly successful summer, all things considered.—John J. Smith, cheese-maker, has returned to his New Perth home. He has been in charge here since the factory was opened three years ago, and has given entire satisfaction to patrons, milk-haulers and shareholders.—The Lakeville factory is butter-making at present.—John H. McDonald and sister, Miss Margaret, have returned to Red Point after an absence of some months in Souris.—Our pillars have left their routes, our milk-haulers' vocation is gone for the season, no lightning rod agents v's t us now, one trip of the silver-polish man does for many years, till a new generation comes on the scene, the dusky oriental itinerant we will likely always have with us, with an occasional book-agent to vary the scene, and to enlighten the benighted backwoodsmen as to the latest achievements in the fields of science, art and literature, while the ubiquitous life-insurance agent is here using all the powers of his persuasive eloquence to convince our country rustics of the advantages, the profits, and the safety accruing to holders of one of their policies.

AT FIRST GLANCE.

It Would Appear That Local Remedies Would Be Best for Cure of Catarrh.

It would seem at first glance that catarrh being a disease of the mucous membrane, that salves, sprays, etc., being applied directly to the membranes of the nose and throat, would be the most rational treatment but this has proven not to be true. The mucous membrane is made and repaired from the blood and catarrh is a blood disease and any remedy to make a permanent cure must act on the blood, and when the blood is purified from catarrhal poison, the secretions from the mucous membrane will become natural and healthy.

In this climate, thousands of people seem scarcely ever free from some form of catarrh; it gets better at times but each winter becomes gradually deeper seated and after a time the sufferer resigns himself to it as a necessary evil.

Catarrh cures are almost as numerous as catarrh sufferers, but are nearly all so inconvenient and ineffective as to render their use an nuisance nearly as annoying as catarrh itself; anyone who has used douches, sprays and powders will bear witness to their inconvenience and failure to really cure.

There are a number of excellent internal remedies for catarrh, but probably the best and certainly the safest is a new remedy, composed of Red Gum, Blood Root and similar antiseptic remedies, and other valuable catarrh specifics. This remedy is in tablet form, pleasant to the taste and sold by druggists under the name of Stuart's Catarrh Tablets, and anyone suffering from catarrh may use these tablets with absolute assurance that they contain no cocaine, opiate nor any poisonous mineral whatever.

A leading druggist in Albany speaking of catarrh cures says, "I have sold various catarrh cures for years, but have never sold any which gave such general satisfaction as Stuart's Catarrh Tablets. They contain in a pleasant concentrated form all the best and latest catarrh remedies, and catarrh sufferers, who have used douches, sprays and salves, have been astonished at the quick relief and permanent results obtained after a week's use of Stuart's Catarrh Tablets." All druggists sell full sized packages for fifty cents.
