It is now definitely stated that the site of the new railway station if ever one is to be built will be at the foot of Hillsboro Street where the gate now enters to the Railway yard and wharf. It is very regrettable that the site is not even a block further up, if the general request of citizens and business men that it be placed at the corner of Water and Great George Street is not regarded.

At the Ottawa Convention of Canadian Municipalities the following resolution moved by Councillor James Paton, seconded by Mayor Cook of Ottawa and strongly supported by Mayor Urquhart of Ottawa was passed unanimously "Where as the municipalities of P. E. Island, and especially its capital city, Charlottetown, are placed at a great disadvantage by reason of a monopoly in telegraphic communication, there being no service to or from the Island between 8 p.m. and 5 a.m. and that the tariff of rates is double that usually charged throughout Canada. Be it therefore resolved that the Union of Canadian Municipalities do strongly urge upon the Dominion Government to take immediate action to place the municipalities of the province in a more advantageous position in telegraphic matters, both as regards rates and hours of service."

A BUSY SCENE AT THE FAIR GROUNDS

The Stock and Vegetables are Pouring in—Improvements that Have Been Made for this Year's Exhibition—Those who are Expected Today.

WHAT TO-DAY'S WEATHER IS LIKELY TO BE.

Strong north-westerly winds clearing.

The exhibition buildings and grounds yesterday afternoon presented a busy scene. The roads leading to the grounds were thronged with teams laden with cattle, sheep, pigs, and vegetables while inside the main buildings exhibitors were hard at work arranging their displays to best advantage. In this building the Charlottetown fairs and others in most instances occupy the same places that they have had in previous years. Quite a number of new exhibitors will be present and this afternoon when the Fair is thrown open at three o'clock the scene will be an inspiring one. The display of fruit, it is thought, will not be up to past years. This is due to the late season in consequence of which fruit has not reached its maturity. The exhibits of vegetables will be large and some of the magnificent specimens shown will reflect great credit on the Island province.

Outside all the horses and cattle will not all reach the grounds till this morning but the promise of an exhibition in these lines fully up to the average is assured. The poultry display will also be good. On the track, which is pronounced by a number of drivers as a race track faster than any other in the Province, REMEMBER the sale of the Davison properties tomorrow, Wednesday, at 12 o'clock noon. These are valuable properties they must be sold and therefore bargains may be expected. The sales take place under an order of the Court of Chancery.

PATON'S OPENING:—It is rare that eye and ear are feasted in a public function. To the enterprising spirit of James Paton the public are indebted for a feast of music by the popular and efficient 4th Regt. Band and a treat for the eye in the things beautiful and useful which the firm know so well how to display to advantage. It is safe to say the tenth commandment was broken a billion times during the evening. Latest fashions in millinery, wonderful creations in dress goods, furs from Alaska, homespun from near N. B., furniture and house fittings galore. Things to delight, presents to surprise and longings indescribable in every department. One lolled in a luxurious chair and lapped their feet to Hiawatha or reclined on a divan and drank in Scotch melodies. The crowd was large, the music delicious only the night was unlovely, yet hundreds passed in and out. The new marches, The 4th Regt. Band and "Will ye no come back again" written for and presented by F. W. Cooke of Montreal to the band took immensely. The letter was warmly endorsed, Mr. Paton ushered his whole staff, including the whole band to the Bazaar at the close of the program in his store. There they all enjoyed ice cream and cake erstwhile the sweet strains of their brother bandmen of the League Band who in their honor put one of their best selections which they rendered excellently.

a number of horses were doing excellent work and good races are expected. The judges and newspaper men stand is being repainted and other finishing touches are being made to the buildings. Turnstile gates have been placed at the entrances to the grounds and to grand stand. This will prevent much of the crowding and irregularities which have marked other years. Situated in the Western end underneath the Grand Stand is the booth where the Ladies Aid of the P. E. Island Hospital will refresh the inner man. The Ladies last year did their work well and this season, when they have entered upon the scheme on a larger scale even more is expected of them. The side show men are as usual in evidence and the sound of the hammer falls of the busy tinner who will present to the public attractions of more or less merit as the case may be. At the rear of the grand stand a circular ticket office is being built and will be completed to-day. This will obviate to a great extent the crush at the offices as in the past on the race afternoons. The exhibition will formally be declared open at three o'clock this afternoon. Among those expected to be present at the occasion are Lieutenant Governor McIntyre, Premier Peters, Hon. Benj. Rogers, Commissioner of Agriculture, F. L. Haszard K. C. For the Exhibition is opened the judging of live stock will commence.

IN GEORGETOWN AND VICINITY.

The Cruiser Kingfisher is in port. D. A. McKinnon M. P. spent Sunday here the guest of Mrs. Charles Owen. The schooner Halcyon, Capt. Fougere, is discharging a load of coal for McDonald and Westaway. John McConnell, Boston, is home on a brief visit to his parents, Mr. and Mrs. William McConnell, Gratton Street.

James Manuel was a passenger by the Electra this morning en route to the sister provinces. Fing Fong, a Chinaman, who has been visiting his oriental cousin here was also a passenger.

A rainbow in the heavens Saturday night between 9 and 10 o'clock attracted considerable attention. Such occurrences are rare and those of an astronomical turn of mind were delighted with the exhibition.

The women of St. David's Presbyterian Church, we are informed, contemplate forming a sewing circle in the near future with a view to having a grand bazaar. Judging from those who are taking an active part, we feel sure that it will be a decided success.
