

### There Are Certain Rubber Goods that every Home Should Have

A great many people have the impression that the only time a rubber article is needed is when sickness appears.

As a matter of fact there are certain rubber goods, that will lend comfort to the home every day of the year. Think of the protection a pair of Rubber Gloves affords or a Bath Spray.

Whatever item you may choose,—Water Bottles, Ice Caps, Face Bottles, Fountain Syringes, Invalid Rings, Atomizers, or anything else in the rubber line, here you can get the best to be had.

Each is made of the best Para Rubber, by the most skilled labor and are offered you at a price that cannot help but interest you.

Doesn't this suggest something in Rubber Goods that you should have now?
