Air Cadets At S'side Inspected

Final inspection for the second camp for Air Cadets to be held at the Summerside R. C. A. F. Station this summer was conducted yesterday afternoon with Air Commodore F.W. Waite, C. B.E., officer commanding No. 10 Command at Halifax as reviewing officer. With two weeks of Air Force life behind them the cadets turned out very smartly and their march past was carried out in a manner that would be a credit to trained troops.

Re-open Bathing Facilities At Wharf

The bathing facilities operated on the Marine Wharf, Summerside, by the Y's Men's Club are again in operation after being in an inactive state for some time due to circumstances beyond the control of the club. The main building consists of boys' and girls' public dressing rooms as well as

Private Dressing Rooms

A canteen will be opened next week and towels and other services will be provided by the caretaker at a nominal charge. A diving board and a stand have been erected and a platform has been built out from the wharf so that a person diving in the water will be far enough out to be safe from hidden piles or other objects. Originally the building was built on piles at the side of the wharf but these supports had been damaged by the action of the tides and ice in winter time. It took some time for permission to be obtained to have the building on the wharf proper and when that was forthcoming difficulty was found in obtaining carpenters. However, the committee in charge have overcome all obstacles and the facilities are now available to the public.

Members of the Club

Members of the club have been busy every evening this week painting and assisting in various ways in getting things ready. These facilities are a serious want in Summerside as they are the only provision of any kind that has been made for swimming. Although the town is located on the water little effort has ever been made by the authorities to provide the necessary facilities. WILD 'MUMS Chrysanthemums grow wild in Perlia.
