The Sunday School Choir has prepared a special program of music and will sing selections before the service starting at 10.45. They will also give special numbers during the service. The minister's theme at the morning service will be "The Lowly King." In the evening the sermon subject will be "Behold, Your King Cometh." The choir will sing "The Face of Christ—The Scared Face". Mr. Harvey McPherson, organist. Mr. George Johnson, choir director. The Church School will meet at 10.30 A.M. in the social hall to proceed to service. Visitors cordially welcome.

CENTRAL CHRISTIAN CHURCH
Kent Street
Organist
Mrs. Marion Saunders

Lord and Master. Her kind, loving, and unselfish education endeared her to everyone who knew her. And in times of sickness and trouble among people, she was always ready willing to lend a helping hand, and speak words of kindness and comfort. She leaves to mourn their loss, two sisters, Mrs. Edith Edmondson, North Tryon, Millicent; Mrs. Frank Reeves, Kerrisport, Sask.; and two brothers, Clayton and Judith, who were a constant source of help and support. The funeral service was conducted on March 11th at the home of her brother Clayton, by the Rev. J. M. Baxter, who spoke very feelingly, and brought a message of comfort to the bereaved. The hymns led were "Jesus, Lover of My Soul," "Lead Kindly Light, Abide With Me." The pall bearers were Edward Leard, Ellis Bradshaw, Frank Bell, Walter Reeves, Edwin Lord, Percy Allen. A large number of friends and neighbors gathered to pay their last respects to one whom they held in high esteem. The remains were tenderly laid to rest in the North Bedouque Cemetery.

PERSIAN PEACHES
Peaches were introduced into England from Persia in 1562.

IN MEMORIAM
MAE HOLLAND

who died April 1st, 1944.
She will never be forgotten. Never shall her memory fade. Sweetest thoughts shall always linger. Around the place where she is laid. Inserted by the Family.

Mr. Dennis Reviews Agricultural Policies

Protest against the Jones Government's scheme of imposing a berry grader supplied to a cooperative organization was made in the Legislature last week by Mr. W. H. Dennis, former Minister of Agriculture, in speaking in the Budget debate. Mr. Dennis said this was one matter in which he was forced to disagree with the present Premier and Minister of Agriculture. "We had a cooperative berry association in Mount Stewart and we were very kind to that association because it was worth while," Mr. Dennis said. "In order to encourage them we put in a primary grader. We got a man down from Cape Cod to set it up and to arrange for the backing of berries in boxes. But for some reason or other, the Government sold that grader. There were 11,726 pounds of berries trucked down from Wellington and graded on that machine. In addition to that there were 27,000 pounds of berries in boxes. Those berries should be burned every few years."

Much had been said about the fact of the present Premier's resignation. He believed that both parties were responsible. "Let the dead bury its dead. What we do about the present condition of the Island; that is the question. We must find out what companies will supply the cash to take up our debts. We must go to the banks for overdraft and re-funding purposes. What can we do for the farmers today that will be of benefit to them? We must not let the government too much money?"

Mr. Dennis believed it might be worth testing out the idea of buying a tractor for community farm use.

He did not agree that the war is nearly won. "What makes us think that we are winning the war?" he asked. "Eventually I believe we will win but what are the conditions today?" He instanced the slow progress on the Italian front, and the fact that the Germans have established all across Europe.

Food Production
"It is our duty in this Province to concentrate on food production," Mr. Dennis said. "We have thousands of acres of the best land to be put into most productive use. Right around us there are thousands of acres of the best land to be put into most productive use. Right around us there are thousands of acres of the best land to be put into most productive use. Right around us there are thousands of acres of the best land to be put into most productive use."

With regard to limestone possibilities at Mingogash, Mr. Dennis recalled that the Premier Leard had investigated the matter. A limestone crusher was installed and he had seen it in operation. "I believe that much limestone could be taken of this deposit, which he described in some detail."

He strongly criticized the treatment given this Province by Ottawa. "It is almost impossible for me to say how much the Dominion Government," he said. "Sometimes I fear that we have almost lost our identity as a province. We have a lot of things that should bind themselves together, so that there could be combined effort made by the three provinces."

While he was in Nova Scotia, Mr. Dennis had suggested this course to the agriculture ministers of New Brunswick and Nova Scotia and they had agreed a question of feed came up, and the three Maritime Provinces had a joint meeting. "We have a lot of waste land, but it is so arid and fit only for growing cranberries and blueberries."

Followed Former Policies
He was grateful to the present Premier for having followed many of the policies he himself had adopted while Minister of Agriculture. He went on to refer to many other things in this connection, to boys and girls club work, promotion of the sheep and poultry industries, freight bonuses, on lime and hay, and artificial insemination. The latter policy had great possibilities, he believed.

They also had a horse bonus plan, in which they paid as much as \$600 towards the purchase of an outstanding stallion.

"We know," said Mr. Dennis, "that tariffs in a manufacturing country are a boon to that country. To the agricultural provinces tariffs are a curse, because they are forced to pay increased rates for what they buy." He referred to a Royal Commission appointed ten years ago in Nova Scotia, headed by the late Hon. Norman McL. Rogers, from whose report Mr. Dennis quoted at some length. The report showed the following net annual losses per capita due to tariffs, by provinces: Prince Edward Island \$17.88; Nova Scotia \$17.25; New Brunswick \$11.67; Manitoba \$13.20; Saskatchewan

London, March 30 (CP)—A revolt in women's fashions after James Laver, clothes and fashion expert, speaking to the Royal Society for the Conservation of Fabrics, said that fashions are followed by fashion upheavals.

After this war he forecast a simplification of styles for women, with shorter skirts, raised waistlines, and straight lines replacing pre-war curves. Lining colors will be pastels, probably blue and lavender, all over or very simple.

Men, he said, will wear sports clothes for all occasions.

SMELL WITH TONGUE
Snakes actually smell with their tongues.

W. C. T. U. NOTES

PRAYER FOR A DAY'S WALK
God let me find the lonely ones among the throng today. And let me say the word to take the loneliness away. So many walk with aching hearts. Alone the old highway.

And no one understands; They find the roadway rough and steep. Across the barren lands; God help me lighten weary eyes. And strengthen nervous hands. God help me lighten weary eyes. And let me say my grief to you. A sure reminder of the grief of those who walk with me. When words fail—hands fall—let me go. In silent sympathy. —Grace N. Crowell.

THE JEWISH PROBLEM
(Rev. S. D. Trites, Based on a Pamphlet by Louis Golding)

From the founding of the Hebrew race some 2500 years ago down to the fall of Jerusalem under the Emperor Titus the Hebrews were, in most respects, similar to other Semitic peoples save that they, much to the amusement of their contemporaries worshipped an incorporeal deity and had rather finicky ideas of morality. Up to the fall of Jerusalem, and indeed for a number of decades afterward, the Jew enjoyed a peculiarly favourable position in the Roman empire. They, in addition to having the regular privileges of Roman subjects, were not compelled to observe Emperor worship and were allowed to practice their peculiar religious customs.

However, as Christianity grew in influence, the daughter religion found it expedient in order to win converts to emphasize the crime of the followers of Judaism in crucifying Christ. In fact, for doctrinal as well as for tactical reasons, it became necessary to make it seem that there was no connection, but indeed a vital difference between the two religions. It became necessary to make the line of demarcation from Judaism as deep, as clear, and as unmountable as possible. As a natural corollary it was desirable to emphasize the moral contemptibility of those who remained on the Jewish side of it.

What fills the jails, reformatories, and prisons? The Liquor Trade. What hides the thief, hold-ups, and murderers? The Liquor Trade. What constantly defies the law? The Liquor Trade. What backs up dance halls and houses of ill-fame? The Liquor Trade. What costs the county, city, and state more than all other things? The Liquor Trade. What bribes legislatures, cities, and corporations? The Liquor Trade. What fills the court with criminals, young and old? The Liquor Trade. What ruins the body, mind, and soul? The Liquor Trade. What makes a man make a fool of himself in public? The Liquor Trade. What makes a man a demon in private? The Liquor Trade. What fools the citizen by talk of revenue? The Liquor Trade. What would reduce our taxes and replenish pocketbooks and banks? The abolition of the Liquor Trade.

OLDEST PEACE TREATY
The oldest international peace treaty is believed to have been made in 1272 B.C. between Ramses II, King of Egypt, and Hattusar, King of the Hittites, who lived in Asia Minor and Syria. According to Dr. Duncan, head of the Department of Egyptology in the American University, Washington, D.C., the treaty which was called "The Good Treaty of Peace and Brotherhood" is "a most remarkable document considering the time it was written." The treaty was engraved on silver plates so that the contracting parties might have enduring copies. It contained eighteen paragraphs dealing with such topics as the renunciation of all conquests, re-affirmation of

HOLMAN'S 2 BIG STORES SUMMERSIDE & CHARLOTTETOWN

Anti-Semi-Jew began, as we saw, with a religious basis. In the past the Jew was persecuted because his ancestors called Christ and he himself an imbecile. Today no matter what religion a Jew may profess he is a subject for persecution. He is persecuted from a racial or political basis. To be of Jewish lineage is to be belong to a hated minority.

THE JEWISH PROBLEM
(Rev. S. D. Trites, Based on a Pamphlet by Louis Golding)

From the founding of the Hebrew race some 2500 years ago down to the fall of Jerusalem under the Emperor Titus the Hebrews were, in most respects, similar to other Semitic peoples save that they, much to the amusement of their contemporaries worshipped an incorporeal deity and had rather finicky ideas of morality. Up to the fall of Jerusalem, and indeed for a number of decades afterward, the Jew enjoyed a peculiarly favourable position in the Roman empire. They, in addition to having the regular privileges of Roman subjects, were not compelled to observe Emperor worship and were allowed to practice their peculiar religious customs.

However, as Christianity grew in influence, the daughter religion found it expedient in order to win converts to emphasize the crime of the followers of Judaism in crucifying Christ. In fact, for doctrinal as well as for tactical reasons, it became necessary to make it seem that there was no connection, but indeed a vital difference between the two religions. It became necessary to make the line of demarcation from Judaism as deep, as clear, and as unmountable as possible. As a natural corollary it was desirable to emphasize the moral contemptibility of those who remained on the Jewish side of it.

What fills the jails, reformatories, and prisons? The Liquor Trade. What hides the thief, hold-ups, and murderers? The Liquor Trade. What constantly defies the law? The Liquor Trade. What backs up dance halls and houses of ill-fame? The Liquor Trade. What costs the county, city, and state more than all other things? The Liquor Trade. What bribes legislatures, cities, and corporations? The Liquor Trade. What fills the court with criminals, young and old? The Liquor Trade. What ruins the body, mind
