South Lake and Vicinity

We are pleased to note that Mr. Stephen Mellick, Jr., Elmira, who has been for the past few weeks convalescent in the Prince Edward Island Hospital, following a series of operations, is steadily improving in health.

Mr. George E. MacDonald motored to Charlottetown last week.

Rather unusual in piscatorial activities in this part is the capturing of a shark, but such was the case when one of these fish, nine feet in length, recently became enmeshed in a net set on North Lake by Mr. Gordon Jarvis, drowning itself in its efforts to get free. Mr. Thomas A Harris of Elmira bought the carcase for fox feed.

Owing to unfavorable weather conditions, very few catches of mackerel were effected last week.

Mr. Geo. E. MacDonald, was a recent visitor to Souris.

Mr. Ivan C. MacDonald, South Lake, motored to the eastern metropolis on Saturday last.

Now that the potato crop is harvested some of the farmers are busy grading their "seed". Heavy yields of the tubers are reported from some localities, while in others there is a lighter yield.

On the evening of Thursday October thirteenth, a successful dance under the auspices of the Elmira Women's Institute was held in the community hall at Elmira. Instrumental music was rendered by violinists Mr. Joesph MacIsaac and Miss Mary A. Cheverie accompanied by banjoist Mr. Kenneth Seaver. During the dance a dainty lunch was served by the ladies.

His friends regret to learn of the indisposition of Mr. Harry MacDonald, South Lake, and wish him a speedy recovery.

Mr. James R. MacDonald, South Lake, motored to Souris on Wednesday last.

Mr. J. F. Mossey, General Merchant, loaded a car of "table stock" potatoes at Elmira on Saturday.

Some of the farmers in this district were busy last week hauling gravel for road material, from East Point.

O'Leary and Vicinity

After a stormy battle with wind and waves, the lobster fishermen have just finished landing their gear, that was not lost or stolen, and so ends a very unsuccessful season.

Apart from the demand for dressed hogs, created by Matthew and Co., O'Leary, the markets for all kinds of produce in this locality seems very dull, and all are looking forward with bright hopes to the removal of the British embargo.

Congratulations are extended to Mr. and Mrs. Guy Smith, West Cape, on the birth of a young son.

Mr. James McKinnon, Coleman, who had the misfortune to have his store and dwelling destroyed by fire last year, has just completed a beautiful new home, and intends to move in soon.

Mr. and Mrs. Wendell Scott, have returned to their home in Baie Verte, N. B., after spending the summer in West Point.

Human Mongoose Cures All Ills

PARIS, Nov. 1.—People from all parts of France are flocking to a farm near Limoges to see a young married woman, Mme. Desbordes, who claims to be able to cure any illness without using herbs or medicine.

Her fame had spread with such rapidity that the roads near the farm are literally blocked with cars, and people are camping on the roadside to await their turn to be received by her.

As she does not attempt any diagnosis or prescribe any medical treatment, she has so far frustrated all efforts to charge her with illegally practising medicine.

She has been called the "human mongoose" because her method, she says, it to rid her patience of diseases by contracting them herself. Then she rids herself of the infections by a natural process—a gift, she says, which she has possessed from birth.

The bazaar legend in India is that the mongoose is impervious to even the bite of the deadly hooded cobra, though this is refuted by scientists.

Works Three Years to Put Lord's Prayer on Pinhead

BUTTE, Mont., Oct. 31.—The Lord's Prayer, engraved on the head of a small gold pin is the most prized possession of a pawnbroker here.

Purchased from an itinerant in need of money, the engraving is so minute that it was set under a microscope to permit reading the work. Three years of nerve wracking labor were required for the prayer, which is in twelve lines, has sixty-five words, 2,254 letters, and nineteen punctuation marks. The scale is .0047 of an inch.

Charles Baker, Spokane, Wash., engraver and sculptor, did the work after determining to outdo another performance of somewhat equal fineness.

Baker literally trained "physically" for the job, dieting, sleeping long hours, and living quietly for three months to steel his nerves for the task.

When ready, he invented a tempered steel instrument fine enough for the undertaking. This tool in itself was a triumph of design and manufacture, and other engravers attempted unsuccessfully to determine how he had made it.

Missionary Is Slain By "Reds"

HANKOW, China, Nov. 1.—United States Consular authorities said today reports that the Rev. Bert Nelson, Lutheran missionary from Minneapolis, Minn., was shot and killed by Communist bandits who had held him prisoner for nearly two years, were unconfirmed, but that circumstances indicated they were correct.

Chinese who escaped from a bandits camp 100 miles northeast of here arrived yesterday with word that the missionary, who was last reported in good health, was slain by the bandits two months ago.

Lutheran missionaries and Chinese military officials here have undertaken a search to determine the route the brigands took when retreating before provincial military forces in the possibility that Nelson's body may be found.

C. C. Skinines, Lutheran missionary at Sinyadg, telegraphed that he also had received word that Nelson was slain and he was seeking information independently.

Became An Encumbrance To Fleeing Bandits

Chinese who reached here said Nelson had proved an encumbrance to Communists when they were fleeing from provincial troops and was slain for that reason.

It was believed he was executed simultaneously with a kidnapped Chinese General on August 3.

The missionary was kidnapped Oct. 5, 1930, in Kwangshan, Southeastern Honan Province, the captors originally demanding $100,000 (gold). When this was not forthcoming, the brigands anncunced they were holding Nelson indefinitely.

In the past two years missionaries of Central China sought to rescue Nelson but failed when the outlaws presented extravagant ransom demands.

Missionaries were understood to have paid ransoms totalling $50,000 and to have given the Communists large quantities of supplies but Nelson continued to be held. Chinese authorities expressed regret over his capture but at no time, they said, were they in a position to effect his release.

Mother Kidnaps Young Daughter

LOS ANGELES, Nov. 1.—Spirited away from a home of wealth that had been hers almost since birth, three year old Nancy Irene Buchanan was found and returned today by officers who put her distraught, unmarried mother, Ruth Borman, 20, in jail on a kidnapping charge.

The child was taken from the home of her guardian, Mrs. Violet C. Buchanan, young divorcee, by Miss Borman late yesterday.

Spurred by possibility that the baby might be the victim of criminals seeking ransom, officers made an all night search. They found her this morning sleeping in the arms of her mother in a shack in San Fernando Valley.

A curious circumstance of the case came when officers said records revealed that a year ago complaint was made that Mrs. Buchanan had filed a birth certificate naming Nancy as her own child in order to claim an English estate estimated at more than $1,000,000

HEADACHE

Here's Quick Relief

A lot of things can cause a headache or other pain, but there is one thing that will always give you relief! Just take a tablet or two of Aspirin. Your suffering ceases. Relief comes instantly, regardless of what may have been making your head throb with pain. Aspirin is harmless—cannot depress the heart. So there's no use waiting for a headache to "wear off." It is useless to endure pain of any kind when you can get Aspirin. It is a blessing to women who suffer regular systemic pain; to men who must work on, in spite of eye-strain, fatigue or neuralgia.
