13 Scrofulous Lumps

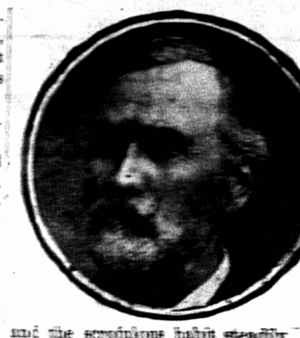
Inherited Disease—Eyes Affected—Weak, Could Hardly Walk—Life of Suffering.

Still Another Great Cure by Hood's Sarsaparilla

The following letter is from Mr. Geo. A. Zirkle, School Teacher in Mt. Horeb, Tenn., well-known all through that county, where he was born and has always lived.

"Mt. Horeb, Tenn., Jan. 10, 1906.
"C. I. Hood Co., Lowell, Mass.

"I have suffered all my life, until lately, from inherited scrofula. When a mere babe I had a scrofulous sore back of my ear. At 12 I had 13 scrofulous lumps on my neck. At 37 the disease assumed a new and tantalizing form. My eyes were affected so that I could not read after sunset, and when I closed them it was difficult to reopen them. There was always intolerable itching all over my body. Then a tumor on my neck changed to the front of my neck, suppurated and was followed by others, until six had formed and broken. I became so weak I could scarcely walk, and could hardly attend to my teaching. All the medicine I tried failed to help until I began the use of Hood's Sarsaparilla. In less than three months the sores healed, a troublesome catarrhal taint disappeared and the scrofulous habit steadily grew less apparent. To-day I am in the best of health, weigh more than ever in my life. Do you wonder that I believe in Hood's Sarsaparilla? I can do no less than recommend it everywhere and every day."



A Valuable Remedy.

"I recommend Hood's Sarsaparilla as a valuable remedy for purifying the blood. As a spring medicine it is invaluable. I am using it for rheumatism and it is doing me good." Mrs. Brunet, 17 Hermine St., Montreal, Que.

ISLAND BLEND TEA
Competition

How many days, hours and minutes will it take the new Steamship lately purchased by the Charlottetown Steam Navigation Co. to come from the pier she last casts off her lines at in Britain until she is moored at the first port of call in P. E. Island?

To establish the superiority of Island Blend Tea over all others, I am going to give the people of P. E. Island an opportunity to thoroughly test its good qualities in the following way:—

To the FIRST person sending the correct answer to the above, or who comes the nearest to the correct answer, I will ship 50 lbs. Island Blend Tea; to the three next nearest to the correct answer, 20 lbs. each: to the next five, 10 lbs. each; to the next seven, 5 lbs. each; to the next ten, 3 lbs. each.

CONDITIONS—Each person making a guess must purchase at least one pound of Island Blend Tea from a merchant. All answers must be forwarded in a special envelope, which will be furnished by the merchant. No other answers than those contained in these special envelopes will be considered. The statement of the captain of the new steamer as regards time taken will be accepted as correct.

All answers must be received by me at least three days before arrival of the steamer. The result will be announced in the newspapers and the tea forwarded to the successful competitors not later than two weeks after the arrival of the steamer.

Prof. C. I. McMillan's lecture on The Conception of Immortality in 19th century poetry was listened to with the greatest delight in the Presbyterian Hall last night. The views of the leading poets of that century on the great subject of immortality were passed in review before the minds of his hearers in a most fascinating and pleasing manner. A hearty vote of thanks was tendered Prof. McMillan for his interesting and instructive lecture. He returned last night to Charlottetown.

The Guardian will be pleased to hear from any correspondents who have news to furnish, and who desire to have the same published. The news of each County is now classified, which will prove a convenience to readers in finding their own County news quickly. In every case the items are most appreciated when they are brief and to the point and confined to matters of facts, or events that have happened or are to take place. With all who wish to contribute The Guardian will be glad to correspond.

On Tuesday evening, April 24th a number of invited guests assembled at the home of Mr. and Mrs. John Pierson, North Carleton, in honor of Miss Isabelle McQuarrie, who is about leaving for the land of Uncle Sam. A very enjoyable evening was spent in games and music, interspersed with numerous jokes and anecdotes by Alfred Schurman, the aged, but still jovial and youthful-spirited father of Mrs. Pierson. All enjoyed themselves to the full, and, after thanking their host and hostess for the trouble they had taken to give them such a pleasant evening's entertainment, and wishing Miss McQuarrie good luck in the foreign land to which she is about to depart, dispersed to their several homes. Miss McQuarrie is one of Searletown's most highly esteemed young ladies, and has been spending the winter with her parents Allan and Mrs. McQuarrie.

The Guardian's correspondent at Albany says: Albany's importation of mussel mud was unusually large this winter. Hundreds of loads were hauled from Bedeque Bay, a distance of nine miles, and a similar amount was piled at Howatt's Landing for summer hauling. Seventy-nine car-loads came to Albany Station, almost one fifth of Summerside's output.—At a branch meeting of the Farmer's Institute for stock purposes the service of William Noonan's imported Holstein bull was secured. A white Chester hog was voted for and Jos. Noonan was appointed to make the selection. He will arrive from Ontario during the middle of May. Noonan will have a white Chester sow from the best herd in Ontario. As Albany and the surrounding districts of Tryon, Cape Traverse, and Augustine Cove are the great pork producers, this importation will be of much value.

AUSTRALIANS COMING.

WINNIPEG, April 26—The C. P. R authorities were notified yesterday that on May 8 between five and six hundred immigrants from Australia will arrive.

ALWAYS ROOM AT == THE TOP ==

And this is the place we mean to occupy in the Millinery and Dress Goods business.

We have been making strenuous efforts during the past few years to attain to this enviable position, and we think we can fairly congratulate ourselves on having at last attained our object.

Our showing of Dress Goods and Millinery will to-day speak for themselves, and the very complimentary and encouraging comments of visitors in general, more than repay us for the extra trouble we have taken. An experienced dry goods man said to us a few days since, "You have undoubtedly the finest showing of dress goods in the City." Now we want you all to prove this statement for yourselves, and so be convinced. We have certainly all the latest demands of fashion in colors and weaves, both in suitings and lighter weight dress fabrics; their names are legion and the qualities and prices so varied that each individual taste and purse can be suited—from the most modest, up to the most elaborate.

There is a lively demand for light and medium Greys, Checks, Mohairs and Tweeds and we have a beautiful range of these fashionable goods to meet it. The trimmings too are appropriate and very artistic, fancy braids and buttons taking the lead for the modish spring suit.

Our milliners are "busy as nailers" day and night, but have facilites for turning out an unusually large amount of work, so send your order in, it will receive prompt and careful attention.

Almost every day brings something new in the headwear line, and something different, so your choice is not restricted.

In fact, if you want the latest and best ideas in Dress Goods and Millinery come here to headquarters where you will find quality and quantity supreme and prices as usual moderate.
