DOWN THE BACK STRETCH

Gay Forbes, dam of the unbeaten three-year-old pacer Billy Direct (3) 1.58, was sold for \$60.00 at the dispersal sale of the Tolley Farm horses a year ago, so little was she thought of as a brood mare.

Sleeping sickness, or encephalitis, which has been raging among the horses in Kansas and other Western States, claimed as a victim the pacer mare Nancy G. 2:04 1-4, by Single G. 1:58 1-2. She was a young mare with an excellent race record.

A yearling from Walnut Hall Farm that will go under the hammer next week, has a rather euphonic name—a bay filly by Volomite 2:03 1-4 answers to the fragrant appellation of Lotus Flower.

Six head from Ben White's stable will be sold at the Old Glory Sale, New York, next Tuesday and Wednesday. They include Lou Ward, Torchlight (2) 2:23, Decision 2:25, Sovereign (2) 2:06 1-2 and Billy Strang (3) 2:03 1-4.

Vic Fleming, who has been laid up with a nervous breakdown in a Syracuse hospital, is around again much improved and able to take part in the conditioning of his stable at the State Fair track.

Mr. and Mrs. Walter R. Cox entertained between five and six hundred children in the barn at the rear of their home on Halloween evening. Refreshments consumed by the revellers included a thousand hot dogs, a barrel of apples, 27 gallons of root beer, 700 ice cream pops, 10 dozen bananas and 500 lollipops. Walter, as our readers know, was for many years one of the top reinsmen of the Grand Circuit. He has retired from racing but continues to train the stable for W. H. Kane.

Tara, 2:00, formerly owned by the ex-wrestler Paul Bowser, is winning in Italy for her young owner G. Gambel. Four races in a row fell to the ex-American star.

Trotters and pacers which either attained the two-minute list or were in it and reduced their records during the past season, include Greyhound 1:56, Dean Hanover (3) 1:58 1-2, Rosalind 1:59 1-4, Margaret Castleton 1:59 1-4, Peter Song (4) 2:00, and Lee Hanover 2:00. The pacers are Billy Direct (3) 1:58, Lee Hanover 1:59 1-2, Peter-at-Law 1:59 3-4, Buddy Mackay 1:59 3-4, and Lou Hall 2:00.

Harry and Tom MacKay of Wisconsin, who have trained horses with great success for the past twenty years and been prominent figures on the Grand Circuit, are giving up the profession and will devote all their time to the sale of their veterinary remedies, MacKay's Maxilin, and Maxilin Injection. These are remedies for lameness in horses that have met with a great deal of favor. Both MacKay boys are registered druggists.

The International Live Stock Exposition for 1937 will be held in the International Amphitheatre at the Chicago Stock Yards, November 27th to December 4th. On display there will be the greatest horses and cattle in America. In fact every branch of live stock will be on show. Hundreds of entries will be shipped directly from the Royal Winter Fair, Toronto, to Chicago.

J. W. Boulier, Secretary of the Provincial Exhibition, leaves this morning for the Royal Winter Fair, where he will attend a meeting of the Canadian Association of Exhibitions and Fairs, of which he is a former president.

Twenty years ago when the returns were made up, Walter R. Cox of Goshen, N. Y., was announced leading money winning driver of the United States. Second to Walter was the redoubtable Tommy Murphy.

Frank Boutlier, when he visited Kentucky some years ago in search of a trotting stallion to head the stock farm of the Nova Scotia Government at Truro, admired Guy Abbey 2:06 3-4 more than any stallion he saw in his travels. In a write-up of the Walnut Hall Farm crop of yearlings that will be sold next week, the Indianapolis Horseman says: "So many of the 24 Guy Abbey yearlings are noted 'good, can trot', in the catalogue marked by horsemen who saw them show at the Farm, they are going to win favor when they

go into the ring at New York. They are really a superb lot, bred in the very purple, and will carry most any show on their looks. Bag Piper and The Abbott stand near the head of this class of 24 select pups. They are being given a close run by numerous others. One of the flashiest of the lot is Guy Messenger; still another is Ned Abbey, while Peggy Abbey attracted a great deal of interest.

Among the best of the Peter Volo 2:02 yearlings that will be sold next week is a bay filly, Mystery Child, that electrified the audience on show day at Walnut Hall Farm. She came flying down behind the lead pony. This year's crop of yearlings include the last large lot of Peter Volo colts that will be sent to the New York auction, and as Peter Volo ranks as the greatest of all extreme speed sires the crop has special significance. Last year 20 colts by Peter Volo brought an average of \$1,677 at the Old Glory auction.

Only one Canadian born trotter and pacer succeeded in getting a new world's record among the many made this year. It was Dominion Grattan 1:59. Paul Bowser's little pacer stallion, who won a \$5,000 mile track meeting in August to start a pair of records. His fourth heat in 2:03, 2:01, 2:00 3-4 and 2:00, (Cardinal Prince winning the first and Lou Hall the third heats) replacing the four heat record made by Toll Gate 2:00 3-4 in 1931. Toll Gate held the Charlottetown track record of 2:05 3-4 made in 1934 but which has since been lowered to 2:05 1-2 by Bud Wenger 2:05 1-4.

Not since the introduction of the official table of world's records has any one season produced such a notable array of championship performers as did 1937. It would take up too much space to give even a partial list of the no less than 34 additional names in 1937. The following are the names of readers are familiar with a great many of them that have been quoted in these columns, but here are a couple that may have escaped your attention. The record for three trotters hitched abreast was set at 2:10 1-4 at Goshen, N. Y., by Calumet Dubuque 2:01 1-4, Mac Boris 2:02 3-4 and Hollywood 2:02 3-4. In the same race, the oldest records in the books—2:14—which "Pop" Geers established back in 1891. Later Hollywood Boris and Calumet Dubuque, hitched to pole, cut the record for a double-hitch from 2:09 1-2 to 2:05 3-4.

Most of us are interested in the performance of pacers over half-mile tracks and were all agog when they lowered the Canadian record, the Maritime owned trotting gelding, and the Fredericton track record to 2:02 1-2, at Exhibition time in September. But Earl West 2:01 1-2, a rather old-fashioned bred pacer, whose sire came from Western Canada to Ohio in a carload of horses, tore off three heats at Essex Junction, Vermont, Labor Day, in 2:01 3-4, 2:01 1-2, 2:02 1-4, to become the new three heat king for the smaller ovals.

It won't be long now before our friend "Jimmie" Power of the Halifax Herald, will publish his annual review of harness racing in the Maritimes. I must confess that I look forward to it with a great deal of interested anticipation, because that gifted writer has the ability to dress up dry facts and give them a glamour and attraction which cause them to be read with avidity. Mr. Power is the dean of Canadian harness horse writers, and if we except our friend Mr. W. H. Gocher, secretary of the National Trotting Association, probably stands out in that capacity for all America.

S. Thane Belyea, Secretary-treasurer of the Queens Central Agricultural Society, Gagetown, N. B., an ardent horse lover who is usually found in the judges' stand at Exhibition races, Fredericton, believes that there should be a calendar of Champions for the Maritime Provinces similar to the Calendar of Champions issued by the Harness Horse Publishing Company of Philadelphia, and the Horseman of Indianapolis, Indiana. Mr. Belyea is willing to co-operate with anyone in carrying this to a successful conclusion. It would mean that a compilation of the horses eligible to the honors would have to be obtained from a reliable source such as Jimmie Power of the Halifax Herald, then photographs made and from these cuts, before the printing could get underway. The idea is an excellent one but would be difficult to carry through at this date.

Here is the twelve selections for the twelve months which Mr. Belyea suggests.
Champion Maritime owned pacer stallion.
Champion Maritime owned pacer mare.
Champion Maritime owned pacer gelding.
Champion Maritime bred pacer stallion.
Champion Maritime bred pacer gelding.
Champion Maritime owned trotting stallion.

Lightweight Champ K.O.'s Jersey Boxer

(A. P. by Guardian's Special Wire) NEW YORK, Nov. 19—Henry Armstrong, recently crowned world's featherweight champion, continued his furious pace through the east tonight by knocking out Billy Beaulieu, crack Jersey City lightweight in the fifth round of their 10-round fight before 14,000 customers in Madison Square Garden.

Eyston Sets New Land Speed Record Of 311.42 M.P.H. On Utah Flats

(By Jack Beardwood) (Associated Press Staff Writer) (A.P. By Guardian's Special Wire) BONNEVILLE SALT FLATS, Utah, Nov. 19—In two screaming bursts of speed, Captain George E. T. Eyston of England broke the world land speed mark for the measured mile today, rifting his racing monster "Thunderbolt" over the distance at an average speed of 311.42 miles an hour.

Armstrong weighed 132 1-4 and Beaulieu 134 1-4. A dead game but whipped Beaulieu, hitherto undefeated in 41 professional fights, was on the floor from a murderous right to the jaw when the bell ended the fifth. Referee Arthur Donovan hastily consulted Dr. William A. Walker, examining physician for the New York State Athletic Commission and stopped the bout. Beaulieu was bleeding badly from cuts on the nose and mouth.

Malcolm Campbell, the 12-mile straight-away cautious, conserving his speed burst for the return trip. On the north run, "Thunderbolt" did the mile in 11.79 seconds, or 305.34 miles an hour. On the return trip the giant silver, streamlined juggernaut shot through the distance in 11.33 seconds at a 317.74 mile-an-hour clip.

Through the north kilometre run, Eyston sped at 305.53 m.p.h., doing the distance in 7.32 seconds. With the throttle wide open on the return jaunt, "Thunderbolt" flashed across the kilometre in 7.01, 319.11 m.p.h. Eyston, his face black from exhaust fumes, was jubilant but modest. He gave complete credit for success "to my boys," the mechanics. Accustomed to high speed races, Eyston said he felt no particular emotion except one "buoyancy" in breaking the records.

"On the return trip," he said, "I know I was travelling faster than I'd ever gone before. Just before I entered the measured mile, my goggles began fluttering from the wind and to drive with one hand while I set them straight. 'It was a hell of a run, and I don't mean that profanely.' Eyston drove 309.6 and 310.685 miles an hour in two previous attempts which failed because the car broke down on the return trip.

ROSENBLUM DEFEATED DETROIT, Nov. 19—Jimmy Adamek, the young Michigan slugger who moved to Detroit from Midland recently, evened things with Maxie Rosenbloom tonight by scoring a second-round knockout at Olympic Stadium.

PARIS, Nov. 19—Primo Carnera, whose fighting comeback proved disastrous, has decided to turn his attention to writing. The former world heavyweight boxing champion, resting from a beating he absorbed in his bout with Tommy Dimaggio last night said today he was going to Nice soon to visit a French friend, Mlle. Lea Lizier, to whom he is "more or less engaged."

Champion Maritime owned trotting mare. Champion Maritime owned trotting gelding. Champion Maritime bred trotting stallion. Champion Maritime bred trotting mare. Champion Maritime bred trotting gelding. Champion Maritime bred Three Year Old. Champion P.E. Island bred Three Year Old. Champion P.E. Island bred Two Year Old.

Earle Avery, Woodstock, N. B., Thursday purchased from Alf Jewell, Fort Fairfield, Maine, the free-for-all pacer, Ray Henley, 2:02 1-2, holder of the pacer record for the State of Maine, which he set up at Skowhegan Aug. 17th. Ray Henley is one of the fastest pacers racing over half-mile tracks in all America. He will be campaigned by Mr. Avery next season in the Maritimes and Maine.

C. M. Alexander, St. John, N.B., purchased two pacers at the Indianapolis Horse Sale last week. They are Nancy Carroll, 2:06, a 7-year-old mare eligible to the 2:17 pace, and Calumet Flingo, 2:04, 5-year-old bay stallion eligible to the 2:12 pace. They are due to arrive in St. John in a few days.

Horsemen all over the province will unite with the writer in expressing sympathy to the family and relatives of the late John Large, who passed away recently. He was a very popular young man and always ready to give information from the scrap book kept at Large's Livery Stable on past harness racing events and other turf matters.

(By The Associated Press) NEW YORK, Nov. 19—Billy Beaulieu and Henry Armstrong, who tangle in Madison Square Garden tonight, grew up in the same town (St. Louis) but have never met. Lou Gehrig, the Yankee Iron Man, is due in Hollywood Monday to begin movie work.

The anti-Nazi crowd has started a boycott of the Max Schmeling-Harry Thomas fight by picketing Mike Jacobs' Hippodrome, although the fight will be held in Madison Square Garden. Note to California: We have it fairly straight that will decline a Ross Bowl bid even if one is tendered. No four-star football special this week because conditions are too uncertain. But here are a couple of lousy two-star specials: Columbia over Dartmouth and Stanford over California. Jimmy Dykes may be talking out of his hat, but here's what the guy says: He will trade every member of the White Sox except Luke Appling, Monte Stratton,

Undeclared Bruins - Leafs Clash Tonight

(C.P. By Guardian's Special Wire) MONTREAL, Nov. 19—The two undefeated groups of the National Hockey League clash in Toronto tomorrow night as highlight of the weekend schedule. And the odds inclined tonight in favor of the Bruins because of the loss to Toronto of Charlie Conacher, the roaring right winger whose shoulder injury will keep him out of action.

Conacher, whose hard shooting had kept him close to the top of the League's early season scoring heap, injured his shoulder when he crashed into the goal posts while playing against Canadiens. The game ended six all, and both teams could consider themselves lucky for emerging without a loss chalked against them.

But Leafs tomorrow will be without the services of big Charlie Hyde who provided some of his best bombing efforts against Canadiens. And Bruins will be at full strength. Saturday night's other fixture brings together the third-place New York Rangers and King Clancy's battling Maroons, fighting to work their way from bottom place in their section. The Montrealers return to New York with the Rangers to stage a return bout Sunday evening.

Toronto goes on to Detroit against the bewildered world champs who have lost Eddie Goodfellow for several weeks. The big defenseman was knocked out with an injured wrist.

Boston clash with Chicago on the Hawks home ice to complete the Sunday schedule.

A.A.U. Rejects By Slight Margin Amendment To Definition Of Amateur Exhibition Basketball Games Played

Halper came to the convention after long months preparing his attack. Without benefit of lobbying or wide backing, he swung over most delegates of the organization which cut loose the C.A.H.A. last year by refusing hockey's plan for a broader amateurism definition.

The conservative "old guard" applauded when the young second vice-president spoke of an "ignorant public and ignorant press" in two-thirds majority needed for passage. With the failure lapsed the A.A.U.'s immediate chance of regaining member bodies which have broken away in the past year.

With the table before him piled with books, clippings and pamphlets, Halper spoke for 20 tense minutes on his plan that would bring in the amateurism definition laid down by its international governing body. The organization cheered after he had said "no other organization in the world" had tried to dictate amateurism as had the A.A.U., then rejected his amendment.

Two Alternatives Halper put before the resolutions committee two alternatives, one outlining that the "definition of the word 'amateur' is the definition of the International Federation governing a particular sport. The other stipulated that, no matter what the A.A.U.'s own amateur rule.

No one shall lose his amateur status by reason of any matter or action occurring in connection with a sport, the international governing body of which permits such matter or action." The two were almost identical in effect, but the committee concurred in the second and did not concur in the first. It was on the second, then, that Halper spent most of his address.

(By The Associated Press) NEW YORK, Nov. 19—The open season on Van Lingle Mungo, which arrives about this time every year, finds baseball's hot stars going full blast again over the "problem child" of Brooklyn's Daffy Dodgers.

NEW YORK, Nov. 19—The open season on Van Lingle Mungo, which arrives about this time every year, finds baseball's hot stars going full blast again over the "problem child" of Brooklyn's Daffy Dodgers. Annually, it's the custom for the cracker-barrel managers to trade Brooklyn's temperamental fireballer to any and all clubs in the National League. To date, Mungo hasn't spoken officially, but any day now he'll probably take an oral crack at his current pet peeve—Manager Burleigh Grimes, who put the chill on him for something like \$100 a day by suspending him without pay last August.

Meantime, "Boiling Boily" is keeping quiet, but it's no secret he's looking over offers to trade Mungo.

LEICESTER, England—Leicestershire county cricket club showed a loss of £1,375 (\$5,875) in the nine months ending Sept. 30. The deficit was slightly less than had been anticipated. Mike Kreevich and Luke Sewell. Also, he wouldn't part with the banana-eating Zeke Bonura for Jimmy Fox, Hal Trosky or Joe Kuhel. (Is he still so hot in Chicago?)

Exhibition Basketball Games Played

Basketball fans were treated to a good exhibition of the hoop game last night at the Y.M.C.A. when Y's Grads and Y-Knots came together for the first time this season. The score was tied 9-9 at the end of the first period which saw both teams checking closely.

In the second period, however, play was more open and the youthful Y-Knots outscored their rapidly thriving opponents to take a 21-15 decision. Esquires showing more coring power than last year trounced P.W.C. 34-7 in the second game of the evening. The college team were without the services of a number of regulars.

W.A. Henry refereed both games.
