J. A. FULLERTON,
City Clerk.

3-1-10i.

STOCK QUOTATIONS

Stock Markets At A Glance

TORONTO, March 4 — (CP) — Mining stocks, both gold and Base Metals, registered a mildly soft note in the final session of the week on the Toronto Stock Exchange while the Western Oils held steady and the industrials firmed to net an index gain of .16. Trading was heavy for a two-hour market, resulting in turnover of 794,000 shares.

CHICAGO, March 4 — (AP) — Realization that the shortage of transportation facilities may prevent deliveries on maturing futures contracts caused a flurry of short covering in late grain trading yesterday and the entire list rallied after mid-session easiness.

WINNIPEG, March 4 — (CP) — Rye scored seasonal highs again Saturday in the May and July futures on the Winnipeg Grain Exchange in fairly active trade.

The close was 1-2 to 1 1-4 cent a bushel with May at 1.33 3-8; July $1.27 7-8-1.28, and Oct $1.15-7-8.

NEW YORK, March 4 — (AP) — The Stock Market still had to contend with profit cashing Saturday and, after a fairly good weeek, finished with a display of mild irregularity.

Active dealings in a few low-quoted issues put the two-hour volume at 690,000 shares.

After the close the Stock Exchange and Curb announced abolition of margins on securities selling at $10 and under and the tightening of requirements elsewhere.

The Associated Press 60-stock average was unchanged at 62 but for the week showed a net advance of .6 of a point.

MONTREAL, March 4 — (CP) — Most pivotal groups wound up last week's trading on the Stock Exchange and Curb Market in more advanced positions despite bearish attacks in some sectors on Friday and Saturday. Industrials remained at a new seven-year high in the indices and utilities were at their best since 1939.

In the final session, papers were affected by news of a shortage of newsprint stores in the United States due to transportation problems. Losers of fractions were Bathurst, Abitibi 6 per cent Preferred, Brown Preferred, Consolidated Paper, International Paper, M. & O., and Donnacona.

LONDON — (CP) — Professor G.M. Bennett, chemistry professor at University of London, has been appointed government chemist succeeding the late Sir John Fos

FINAL APPEAL

To all Red Cross Campaign Workers and the People of Prince Edward Island.

Five years of all-out, mechanized warfare has produced a state of universal suffering unparalleled in the history of mankind.

No organization is so well equipped to lessen the hardships and pain of a world struggling to maintain a measure of decency and civilization as is the Red Cross.

National Headquarters and the local organization have done their best to tell of the marvellous work already performed by this wonderful Society and of the ever growing need for greater financial support if this work of mercy and compassion is to be maintained and expanded. It is now up to YOU.

Never was there a more loyal, patriotic and self-sacrificing body of men and women giving their time and ability to a cause, than the hundreds of workers who are dedicating their best efforts to the raising of the largest possible amount of money for the Red Cross Society during the next two weeks.

I appeal to the people of Prince Edward Island to co-operate by words of encouragement; by showing appreciation for what they are doing — by not making it necessary to repeat calls. Give as generously as possible, knowing that every dollar will be used to the best possible advantage. From top to bottom no salaries are paid the Campaign Organization. The work is purely voluntary.

I make this appeal in the name of the Canadian Red Cross Society and in the cause of humanity.

EDWIN C. JOHNSTONE,
Provincial Chairman,
Red Cross Campaign.
