

"Mother, I'll bet the Princess looked just like you" . . .

Such artless tribute is the reward of women who retain "that schoolgirl complexion" by this simple rule of skin care

IN his heart every boy wants to think his mother the most beautiful mother in all the world. And thousands of mothers fulfill this hope by safeguarding their youth, past the thirties and well into the forties.

Don't let life, and its cares and responsibilities, rob you of your right to youth and beauty. Correct skin care is a large part of the formula for staying young—and looking it.

Natural ways in complexion care, ways any woman can easily follow, have supplanted the artificialities of yesterday. Proper cleansing of the skin, say leading

beauty authorities, is the keynote to the preservation of that schoolgirl complexion.

This simple daily rule

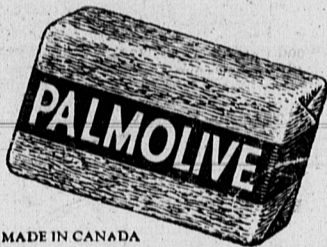

That means soap and water; but NOT just "any" soap. A true complexion soap is meant. Others may prove too harsh. So, largely on expert advice, thousands use gentle Palmolive in this way:

Wash your face gently with soothing Palmolive Soap, massaging the lather softly into the skin. Rinse thoroughly, first with warm water, then with cold.

If your skin is inclined to be dry, apply a touch of good cold cream—that is all. Do this regularly, particularly at night.

Use powder and rouge if you wish. But never leave them on over night. They clog the pores, often enlarge them. Blackheads and disfigurements often follow. They must be washed away.

Palmolive costs but 10c the cake! So little that millions let it do for their bodies what it does for their faces. Obtain a cake today. Then note what an amazing difference one week makes.

Springfield Clinched Championship

PROVIDENCE, R. I., April 8. — Springfield clinched the championship of the Canadian American Hockey League for the second successive year by defeating Quebec five to nothing in a one-sided game, the final of a four game series, played here last night.

Tryon Tid-Bits

Mr. S. N. Dawson was a recent visitor to Summerside.

Mr. Geo. McLeod is spending a few days with friends in Albany.

Messrs. Geo. Dawson and Russell Howatt, Tryon, were recent visitors to Summerside.

Rug hooking—Yes, it seems to be the rage now. No doubt the ladies anticipate good prices.

Mr. Charles Bacon, student P. W. C., is spending the Easter holidays at his home in North Tryon.

Miss Pearl Ramsay, teacher North Tryon school, is spending the Easter holidays at her home in Tyne Valley.

Mrs. Wm. McNeil, Searletown, has been spending a most enjoyable holiday in Tryon, where she was the guest of Mrs. Albert Mabey.

And they sure deserve them. A few days ago the writer was shown a beautiful square hooked by Mrs. Howard Calbeck and say boy! it was real nifty.

Mr. Geo. Muirhead has returned home after spending the winter in Quebec province and is now busily engaged in preparing for a summer growing "Spuds."

Mrs. Maud Bell left on Thursday, March 29th, for Montreal, where she will enter hospital for treatment. She was accompanied by her daughter, Miss Jean Bell.

Mr. Reg. Thomas met with a nasty accident on Monday. While engaged in sawing wood his mitt became entangled in the wood in some way, drawing it into the saw, which severely cut one finger injuring the joint. Mr. Thomas hopes, however, that once it has healed he will suffer no stiffness of the joint.

On Monday, March 26th, The Baptist Circle meeting at the home of Mrs. Sarah McKenzie, Tryon, surprised Mrs. McKenzie with an address and presented her with a \$5 gold piece as a tangible recognition of her worth in the community. Two beautiful birthday cakes also appeared, the occasion being Mrs. McKenzie's 71st birthday. Needless to say all present enjoyed themselves, and all expressed the wish that they might be allowed to help their good friend celebrate many more happy birthdays. To their good wishes may "Eismac" add his tribute.

That dairy cattle are money makers is proven by the demand elsewhere for them. Mr. C. A. Archibald, Truro, took away from P. E. I. a large shipment of the well known Holsteins. Good prices were realized in all cases. From Tryon Hon. W. M. Lea and Howard Calbeck supplied two and one respectively. These were all young cattle for Trinidad where there exists a big demand for pure bred Holsteins from the disease free area of P. E. I. Mr. Calbeck is the proud possessor of twin heifer calves presented him about a week ago by his high producing Holstein, Calantha Rooker Push.

Wedding Bells.—A very pretty wedding took place at the Presbyterian Manse, Summerside on Wednesday, March 28th, when Carrie Minerva, daughter of John and Mrs. Gillis, North Tryon, became the bride of Le Roy Burton MacKenzie, also of North Tryon. The bride was dressed in navy blue satin with coat to match, the groom was attired in navy blue serge. The bride was attended by her friend Miss Jessie Chisholm, while Mr. Reginald Thomas ably supported the groom. The happy party returned to Tryon by afternoon train and on their arrival there were greeted by an impromptu band composed of horns, tin pans etc.

Mr. W. A. Pooley, North Tryon, was a passenger to Summerside on Wednesday evening.

Read What George Robinson\* Telegraph Messenger Says About The Safety of the Bicycle

"I'VE been delivering telegrams in Toronto for years, same as the rest of the lads, in all sorts of weather. I know what I'm talking about when I say the bike's the only way for us.

It is Easier to Ride in Crowded Streets

"I'd a mighty sight sooner be on the wheel down-town than on my feet. I can get around a lot easier, and safer, too.

We Ride all the Year and No One Gets Hurt

"There isn't much chance of getting hit, because the motorists sort of look out for you. Only five of our seventy boys got touched last year and no one was hurt.

Cheaper than Street Cars and Quicker than Autos

"Besides, look at the money I save. I'd use the price of a bike on a street car in a very short time. And I couldn't get in a quarter of the trips I make now. None of those traffic jams for me. I slip around them."
