

Long Hair "One year ago my hair came out very fast, so I tried Ayer's Hair Vigor. It stopped the falling and made my hair grow, until now it is 45 inches long."
—Mrs. A. Boydston, Atchison, Kans.

THE RICHEST, DAINTIEST EFFECTS IN PHOTOGRAPHIC PORTRAITS Are to be found in our New Style, Up-to-date **ARISTO PLATINO PRINTS**

WITH FOLDER COVERS These folders made of heavy dark colored material, give to a portrait a style and dignity that add greatly to its attractiveness. OUR HOLIDAY SPECIALTY This year will be ARISTO PLATINO PRINTS WITH FOLDER COVERS They in themselves are a picture and place it in a class by itself—an artistic class—that has only to be seen to be appreciated. The popularity is increasing because it is based on quality. We are always glad to welcome visitors to our studio.

THE DELINEATOR FOR FEBRUARY.—The number of The Delineator for February is replete with interesting and valuable matter. The display of fashions is inviting and up-to-date, and the literary contributions are of a high order. In fiction, two admirable short stories are presented: A Change for the Better, a Western tale, by Louise Hardenburg Adams, and Pamela's Great-grandmother, by Arabella Kenney; and the interest in the serial, Thyra Varrick, is sustained in the development of the plot. Waldon Fawcett's article in The Road to Opera, is entertaining and finely illustrated. Miss Clara E. Laughlin's series entitled Miladi should be of deep interest to women; in the present paper she considers the claims of the home against the attractions of the business world for the young woman. A modern house artistic and convenient in arrangement and furnishings is illustrated and described. Dr. Grace Peckham Murray presents the first paper of a series treating health in the household. This paper considers the house itself and is a practical discussion of the various problems contained therein. Dancing: Esthetic and Social, is the title of an article explaining a novel phase of exercise for women. The lessons in plain sewing designed to instruct children should prove beneficial and the stories and other matter for the children are as amusing and instructive as ever. The various Departments are up to the usual standard.

Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Cressel's tablets, ten cents per box. AP druggists.

EASTERN NOTES.—Christmas and New Year's are past. Poor roads made them dull with the exception of a trot on Basin ice, in which a few of our bloods participated. Charles Young came out first with his mare Blackbird. Though the winter came in severe and early the weather has been mild recently. The sea is rolling in on the beach as clear as mid summer. The West River is all open, South Lake is clear of ice, and thousands of gulls standing round Fraser's harbor diligently picking up the toothsome capelin, while the industrious farmers of North Lake have spent the first week of the year in getting sea manure on the shore.—Miss Nettie Baker has arrived from the United States to spend some time with her parents, her sister Miss Lottie, teacher at Cape Wolfe, spent the Christmas holidays home, Miss Bessie Scott also spent her holidays at the old homestead, Miss Smith, teacher at Red Point, also visited her parents at Fort Augustus. The examination of the school took place prior to her departure, and was highly satisfactory to the parents and trustees, many of whom were present.—Miss Esther Townsend and Gordon Stewart were married at the home of the bride on the 2nd inst., by Rev. Mr. Gardiner.—The old Anderson mill at Black Pond has been reopened to the convenience of a large extent of country who pronounce the product as first class, and wish the miller, Mr. McLean, abundant success.—Business is still booming with our new sleigh-builders and blacksmiths, Wilfred and Seldon McLean, they have had the matured and practical oversight of William McLean recently.—Theodore Stewart also pronounces trade good in his line during the holidays, while William Young as usual is distributing the best quality of beef among his many customers.—James G. McLeod has been visiting us recently.—The writer has used apples taken off a tree in the orchard of William McLean on the 27th Dec., and can vouch for their good quality. They are known as Siberian Brat.—Large quantities of snow are falling on 7th, 8th and 9th, in this section.

ONLY A SUGGESTION.
But It Has Proven of Interest and Value to Thousands.
Common sense would suggest that if one wishes to become fleshy and plump it can only result from the food we eat and digest and that food should be albuminous or flesh forming food, like eggs, beefsteak and cereals; in other words the kinds of food that make flesh are the foods which form the greater part of our daily bills of fare.
But the trouble is that while we eat enough and generally too much, the stomach, from abuse and overwork, does not properly digest and assimilate it, which is the reason so many people remain thin and under weight; the digestive organs do not completely digest the flesh forming beefsteak and eggs and similar wholesome food.
There are thousands of such who are really confirmed dyspeptics, although they may have no particular pain or inconvenience from their stomachs.
If such persons would lay their prejudices aside and make a regular practice of taking, after each meal, one or two of Stuart's Dyspepsia Tablets the food would be quickly and thoroughly digested, because these tablets contain the natural pepsines and diastase which every weak stomach lacks, and by supplying this want the stomach is soon enabled to regain its natural tone and vigor.
Stuart's Dyspepsia Tablets digest every form of flesh-forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin, dyspeptic men, women and children.
Invalids and children, even the most delicate, use them with marked benefit as they contain no strong, irritating drug, no cathartic nor any harmful ingredient.
Stuart's Dyspepsia Tablets is the most successful and most widely known of any remedy for stomach troubles because it is the most reasonable and scientific of modern medicines.
Stuart's Dyspepsia Tablets are sold by every druggist in the United States and Canada as well as in Great Britain, at 50 cents for complete treatment.
Nothing further is required to cure any stomach trouble or to make thin, nervous, dyspeptic people, strong, plump and well.

Owing to the weather, not all who plan to attend the School of Cookery have notified Miss Hamilton. A class in plain cooking is almost complete, while the class in fancy cooking can take several more. As each is complete they will begin work. Circulars with the course of instruction gladly sent on application. See to it now that your name is enrolled. Miss Hamilton will be at home at Mrs. Hooper's, Prince Street, Tuesday, Wednesday, Thursday and Friday of this week to receive further applications.
