DR. F. C. DOUGAN'S office closed from Sept. 16-21st. 7696

A SPECIAL meeting of the "Willing Circle" of the King's Daughters will be held in Hearts Hall on Wednesday evening at 7 o'clock. 7702

WORK PROGRESSING—Work on the Robert Harris Memorial Library is progressing favourably. The workmen are now employed upon the construction of the roof and it is expected that all outside work will be completed in about two weeks. Once the outside work is finished the inside construction should be quickly completed and the whole building, it is expected, will be erected by the time, if not before the time the contract requires. The building is a three storey structure, though the second storey is really a mezzanine floor. It is made of attractive red brick and with its ideal location on the market square should prove an asset of great utility to the city and province.

"The Fleet's In" At The Prince Edward

AT THE PRINCE EDWARD STARRING THE POPULAR LITTLE STAR CLARA BOW—NAUTICAL BUT NICE

"The Fleet's In" starring Clara Bow opened at the Prince Edward yesterday. In this, her latest picture, Miss Bow has one of the best parts in her career. She is cast as a dance hall hostess whose duty it is to encourage the sailors on shore leave to spend as much of their month's pay for dance tickets as possible. It is during a visit of the fleet to the port that she becomes the center of rivalry between two "gobs" from the U. S. S. California. These parts are essayed by James Hall, popular Paramount leading man, and Jack Oakie, a newcomer to the screen, but none the less adequate for the role.

All the fire and dash of a Clara Bow performance is featured in this characterization by the popular star. By virtue of the story she is given ample opportunity to display her histrionic talents to good advantage. As may be guessed from the title, the picture is a "sea-going" one, however, the action of the story for the most part is laid in a seacoast town which is visited by the United States battle fleet just returned from a training cruise.

Over 300 ex-sailors were used in filming "The Fleet's In" the latest Paramount picture starring Clara Bow. Scouts rounded up the veterans from among the host of extra players in Hollywood. There were many who were engaged in other work who took part in the film "just for the sake of old times," as one ex-gob explained it.

The latest Bow picture has plenty of pep, with the popular star giving one of her fiery characterizations. She is also called upon to display her little dramatic ability. "The Fleet's In" will be repeated today for the last time.

BIRTHS

SAUNDERS—At Kensington, on September 14th, 1929, to James L. and Mrs. Saunders, a son, James Leo. Y.

CUBS SET FOR SERIES

NEW YORK, Sept. 16.—With two rookies doing mound duty, the St. Louis Cardinals divided a double header with the New York Giants today, dropping the first game 4 to 0, and winning the nightcap 4 to 4. Grabowski, young Danville, Ill., hurler dropped the first while Jim Lindsey, who came up from Houston, Texas, made his major league debut in the second game by pitching the Cardinals to victory.

The Reds shoved the Braves deeper into the cellar winning a double-header 6 to 1, and 4 to 3. Marvin Gudat, left handed rookie secured from Dayton Central League last winter, who has been used as a relief pitcher only a few times this season, started his first game in the nightcap and held the Braves in check.

Chicago trounced Brooklyn 13 to 4 and moved within one victory of the National League pennant. The Cubs can become mathematically certain if they win two or if Pittsburgh drops one of its two games with Philadelphia, even if Chicago loses. Charley Root pitched his 17th victory of the season as the Cubs acquitted Newcombe Morrison and Ballu for 18 hits, Hornsby drove out his 37th homer in the sixth.

Johnny Frederick led the Brooklyn assault on Root with a home run, double and a single. His double gave him 49, one under the league record of fifty held by Paul Waner. A capacity crowd of 40,000 watched the game.

MEXICO CELEBRATES 108TH ANNIVERSARY

(Special to the Guardian)
MEXICO CITY, Sept. 16—Mexico rang today with celebrations by its population, joyously observing the 108th anniversary of Mexican independence. Throughout Central America, in Guatemala, Salvador, Costa Rica, Honduras and Nicaragua, the day likewise was a national holiday, marking the anniversary of freedom from ancient Spanish rule. Mexico's independence movement was started 119 years ago.

The Markets

OTTAWA, Ont., Sept. 16—(Eggs) There is a little stronger feeling on egg markets today as a result of the cooler weather prevailing. Toronto—The undertone on this egg market seems steadier although prices are unchanged. Dealers are quoting country shippers for ungraded eggs, delivered, cases returned, extras 41-43, firsts 37-38, seconds 27-28. Prices to retailers are extras 48, firsts 44, seconds 33. Montreal—This egg market is holding steady although unchanged in tone and price. There is a better demand for L. C. L. extras owing to the cooler weather. Eggs delivered, cases returned, extras 44-45, firsts 38-39, seconds 28-29. Winnipeg—Dealers here are quoting country shippers for ungraded eggs, delivered, extra 36-37, firsts 33-34, seconds 24. Prices to retailers are extras 43-45, firsts 40-42, seconds 30-31. Vancouver—The local egg market is quiet and receipts are declining. There is a good demand for eggs from Yukon and up coast points. Dealers are quoting producers for ungraded eggs delivered, extra 42, firsts 39, pullet extras 34, seconds 29, peswes seconds 21.

MONTREAL, Que., Sept. 16—The local butter market today opened unchanged from last week with Eastern Townships No. 1 pasteurized selling at 38 3-4 to 39 cents per lb. Receipts were 610 boxes. Cheese prices advanced 1-2 to 3-4 cents. No. 1 Ontario cheese sold from 19 1-2 to 20 cents per lb, while No. 1 Quebec cheese was quoted at from 19 to 19 1-2 cents per lb. Receipts totalled 3,983 boxes. The egg market was cheaper with Ontario fresh eggs in a wholesale carlot way quoted at 44 cents per dozen for extras, 38 cents for firsts and 28 cents for seconds. Receipts were 1,771 cases. The potato market was steady. New Brunswick Green Mountains sold at \$1.70 per 90 lb. in bulk, and Quebec potatoes were \$1.35 to \$1.45 per 90 lbs. in bulk. The poultry market was unchanged.

UNUSUAL PLOT PROVIDES BILLIE DOVE WITH EXCEPTIONAL CHANCE TO DISPLAY HER BEAUTY AND TALENT

Billie Dove, the beautiful First National star who has advanced so rapidly in popularity during the past two years, scored another cinematic triumph at the Capitol Theatre yesterday in her latest stellar vehicle, "Careers."

Again a foreign locale is provided for this talented actress, the action taking place in Indo-China, among the natural beauties of the Orient.

The story deals with the ambitious wife of a young magistrate, who seeks to obtain his advance in the diplomatic service by interceding with his superior officers. The startling events that follow this determination make up a plot that is novel and thoroughly interesting throughout.

Antonio Moreno, who was seen opposite Miss Dove in "Adoration," her former stellar vehicle, is again the leading man in "Careers." He plays the husband in a thoroughly artistic manner. Other of the large cast who deserve special mention for their work are Noah Beery, as the governor; Carmel Myers, Thelma Todd, Robert Frazer, Robert Schable, Robert T. Haines, Holmes Herbert and Sojin.

The beautiful star was never seen to better advantage, and Miss Dove demonstrates, with each succeeding picture, that she is deservedly one of the most popular actresses on the screen today.

"Careers" is featured with unusual and exotic settings and the rich luxury of the Orient. It is a highly enjoyable picture that should be put on your "don't miss" list.

THE INTERNATIONAL BANK

GENEVA, Sept. 11—The International Bank entered for the first time into the debates of the assembly this morning when Premier J. L. Mowinkel of Norway argued that it should come under the direction of the league. He urged the league at least to see that its interests were safeguarded during the process of establishing this institution whose functions he pointed out were far beyond reparations payments. He cited the

Young plan provisions to show how far the bank went, and described it as a "central financial organization capable of influencing directly and indirectly the economic life of states not directly concerned with the reparations question" and which "may exercise a decisive influence on the development of economic and commercial cooperation." He did not go into details as to what action the league should take.

Delegates Arrive

(Continued from page 1)

and others, acting as a clearing house for information of every nature in this connection. This exchange is in particular taken advantage of by many of the provincial governments.

The association's directors, officers, and committees attend from time to time meetings and conferences in various parts of the country. Dealing as they do with a wide range of subjects, the knowledge thus gained and the contacts thereby promoted are conveyed at the proper time and in the most convenient manner to the Canadian road-building interests.

An outstanding activity, and perhaps the most important work of the association, is the interprovincial conference. These conferences are held as often as it is found necessary, and serve the interests of the citizens of Canada directly through their government officials.

Officers And Directors

The officers and directors of the association are as follows:
Hon. Past-President—Hon. J. L. Perron, K. C., Minister of Agriculture, Province of Quebec; Hon. P. J. Veniot, Postmaster-General for Canada; Hon. S. J. Latta, Provincial Secretary, Province of Saskatchewan; Hon. W. R. Clubb, Minister of Public Works, Province of Manitoba; Hon. Geo. S. Henry, Minister of Public Works and Highways, Province of Ontario.

Hon. President—Hon. P. C. Black, Minister of Highways, Province of Nova Scotia.
President—Hon. O. L. McPherson, Minister of Public Works, Province of Alberta.

First Vice-President—Hon. D. A. Stewart, Minister of Public Works, Province of New Brunswick.
Second Vice-President—Hon. N. S. Loughhead, Minister of Public Works, Province of British Columbia.

Secretary-Treasurer—Geo. A. McNamee, Montreal, P. Q.
Executive Committee—S. L. Squire, Chairman, Hon. J. L. Perron, K. C., J. A. Duchastel, A. McGillivray, Hon. D. A. Stewart, Wm. Findlay, Geo. A. McNamee.

Directors—J. L. Boulanger, Deputy Minister of Highways, Province of Quebec; Sheriff L. G. Calder, Saskatchewan, Sask.; E. A. Cunningham, Efficiency Engineer, Canadian Pacific Railway Co. Montreal; William Findlay, Wm. Findlay Co. Ltd., Toronto; S. W. Hobart, General Manager, Canadian Automobile Manufacturers and Exporters Assn., Toronto; Col. P. R. Hanson, President, Royal Automobile Club of Canada, Montreal; R. A. C. Henry, Deputy Minister of Railways and Canals, Ottawa; T. J. Mahoney, Member, Highways Advisory Board, Prov. of Ontario; Ald. Theo. G. Morgan, Montreal; A. McGillivray, Deputy Minister of Public Works and Highway Commissioner, Province of Manitoba; Hon. J. P. McIntyre, Minister of Public Works, Province of Prince Edward Island; Hon. J. E. Perrault, K. C., Minister of Highways, Province of Quebec; Patrick Philip, Deputy Minister of Public Works, Province of British Columbia; J. D. Robertson, Deputy Minister of Public Works, Province of Alberta; Hon. Geo. S. Spence, Minister of Highways, Prov. of Saskatchewan; R. M. Smith, Deputy Minister of Public Works and Highways Province of Ontario.

LEAGUE OF NATIONS WIRELESS

GENEVA, Switzerland, Sept. 16—The League of Nations Assembly meeting this month will consider the scheme for a League wireless station submitted recently by the Committee of Communications and Transit. This station is intended primarily to ensure independent communications for the League in an emergency.

The committee's report pointed out that the station would allow for permanent communication being maintained between the seat of the League and countries threatened by a conflict. It would ensure direct communications between the Secretariat or the delegations at Geneva and the Government of most of the State Members of the League or any special missions which the Council might send to study the situation on the spot in times of emergency. It would, in general, make it possible to avoid

utilising the service of third countries, and would ensure for the League the same measure of independence with regard to its telegraphic communications as is ensured to the Governments of the various countries by the national wireless stations.

As, in time of emergency, the laws of most countries provide for national communications to come under the military or naval authorities, the existence of such a station would be the means of rendering communications connected with the work of the League independent of these authorities. It would also ensure more rapid communications in times of emergency, as at such times it is inevitable that national communications should be devoted primarily to meeting the requirements of national defence in the various countries.

In normal times, the station would be responsible for the service of telegrams between the Secretary-General and the delegations and as many non-European Governments as possible. It would be of the same type as the large stations recently constructed that is, would consist of a short-wave wireless post with two transmitters equipped for providing the most efficient telegraph service yet evolved with the various stations of the world, European and non-European. It would also be able to effect long-distance radiotelephonic communications. Most of the stations in the world are now equipped for communication with a station of this kind.

MAGNIFICENT LOUGHRAN CONTRIBUTION RECEIVES IS RECEIVED GOLD BELT

\$10,000 Donation To Sanatorium Fund Received From Mr. G. D. DeBlois.

The following telegram which was received at the Sanatorium Campaign office this evening from Mr. George D. DeBlois, Treasurer of the Sanatorium Commission, confirms the contribution which was announced some time ago. This is a most magnificent endorsement of the Sanatorium Campaign and, coming as it does from one of our most outstanding citizens, it is very convincing evidence of the success the present Drive will have.

Saranac Lake, New York, 16th Sept., 1929.
Charles M. Williams,
Chief Organizer, Provincial Sanatorium Campaign,
Charlottetown, P. E. I.
Exceedingly regret absence from Province makes it impossible for me to take active part Sanatorium campaign commencing today. However, I have no doubt but that your objective will be achieved as I am confident that good people of Prince Edward Island will respond generously as they always do to every worthy object. The tremendous decline in death rate from tuberculosis during past few years, especially in this portion of the globe, is undoubtedly due to the combative measures and efforts of national tuberculosis associations, and the establishment of a Sanatorium in our community will give equal rights and privileges to all classes of people. The poor and rich alike will be able to enjoy restoration to health. The urgency of the need is worthy of special sacrifice. Please fill out my subscription card for \$10,000. Best wishes for success.

(Sgd.) George D. DeBlois.
The results of the canvass of the city of Charlottetown on the first day of the drive is also most encouraging to those directing the campaign. Only fifty per cent of the teams reported yet the total subscriptions from this city were over \$1,800.00. No reports have yet been received from the Women's Institutes but these will be available tomorrow and we feel sure will be most satisfactory to all concerned. Mr. Williams, the Campaign Manager, tells us he has had a great many requests today from outside points requesting further pledge cards which is a splendid indication of how popular this appeal is proving. He also tells us that last evening's mail brought in a considerable number of generous contributions from firms outside the Province, particulars of which will be announced shortly.

Nearly half of the typewriters bought in Spain in the last year went second-hand.

LOUGHRAN RECEIVES GOLD BELT

(Canadian Press)
WILKESBARRE, Pa., Sept. 16—Tommy Loughran, retired light-heavyweight champion, training at Harvey's Lake, near here for his bout with Jack Sharkey, has received a gold belt, offered by The Ring Magazine annually, to the boxer who voted the most outstanding and reflecting the most credit on the sport. The belt last year was awarded to Gene Tunney, whose crown Loughran hopes to gain. Loughran had received 23 of the 24 votes from the judges.

DANCE TONIGHT

Delegates of the Good Roads Convention will be the guests this evening of the Gyro Club at Beach Grove Inn, which has postponed its regular weekly dance until tonight for the special entertainment of the visitors. Since the dance at Government House was postponed on account of the death of Dr. S. R. Jenkins, no doubt the delegates will welcome this opportunity. A record crowd and a big time are expected. 7703

SCOTCH VOTERS SHY AT FORMS

Glasgow, Scotland, is having trouble in enforcing its compulsory registration under the new Representation of the People Acts. Many voters fear that they may be binding themselves to some obligation in filling out the registration forms of which 300,000 were mailed out recently. Eleven thousand follow-up letters brought further protests. So far only one prosecution has been made. It was against one Peggy Bowman, a property owner, who declared that she thought politicians useless and she would not help "some idiot" to get into office at the expense of the people. In court she offered to sign the form, and the judge dismissed her with the advice that at the next election she select by her vote, as far as possible, "the least culpable and idiotic of the candidates before her."

BETS ABOUT BIG BEN

Once again Big Ben becomes the centre of controversy because of the allegations of musical experts that its chimes are untuneful, the bell having been cracked by its clapper soon after it was installed. The title of Big Ben first belonged to the bell, but has now been transferred to the clock, or perhaps it is more accurate to say that it now embraces both. The clock has always been a fruitful source of revenue to gamblers. An journalist whose business it is to answer the queries of newspaper readers will testify that they have more questions about Big Ben than any other subject in the world—even more than about Niagara or the Pyramids of Egypt. How many letters have poured into newspaper offices in the following terms: "Will you kindly state the length and weight of the small hand of Big Ben as we had a bet about it the other night?" It is the largest clock in the world. Each of the four dial is 22½ ft. in diameter, the minute hands are 14 ft. long, the hour hand 6 ft., the minute division of the circumference 14 in., the figures 2 ft. long and the whole clock weighs 13½ tons. There is probably no feature of London so widely known throughout the world as the clock of Parliament. No visitor would think of returning home without having seen Big Ben and hearing him chime the quarters. There are few things more impressive than Big Ben booming out the hour of midnight when the roar of the traffic is hushed, and each day the chimes are broadcast all over the Kingdom.

THE PORT OF LONDON AUTHORITY

which has charge of the docks and waterways of the River Thames, now controls 3,688 acres
