

# You Look As YOU FEEL

You know well enough when your liver is loafing.

**CONSTIPATION** is the first warning; then you begin to "feel mean all over."

Your skin soon gets the bad news, it grows dull, yellow, muddy and unsightly. Violent purgatives are not what you need—just the gentle help of this old-time standard remedy. Small Pill, Small Dose, Small Price. Genuine bears signature *Wm. Wood*

ABSENCE of Iron in the Blood is the reason for many colorless faces but **CARTER'S IRON PILLS** will greatly help most pale-faced people.

After the ceremony the happy couple left on the Northumberland on a trip to the mainland.—L.

—GOING FOR TREATMENT.—The returned wounded soldier, Aubin Arsenault, son of Leon J. Arsenault, left Wednesday of last week for Summerside on his way to Halifax. On board the train, he sustained a slight injury to his wounded leg. Though not serious our hero thought it advisable to remain in Summerside for a few days till fully recovered. At latest reports he was at his brother Abel's home.—M.

—HORSE RUNS AWAY.—The other morning Mr. Frank R. Arsenault of Urbain Ville, had his horse hitched to a truck wagon, and had a dead pig in the wagon ready for delivery to market. His team was standing, while Mr. Arsenault went into the house. Two of the children, a little boy and a little girl, got in the wagon, and in some way the horse started for the main road. The animal had not gone far when the wagon was overturned throwing the pig out of the wagon. The little children however, clung on till the wagon hoisted in the fence and stopped the horse.—M.

—BROOM INDUSTRY.—A new phase of the twentieth century progression will soon be inaugurated in Egmont Bay, the novelty, of which will interest everyone of this locality. The making of brooms under the direction of two blind but intelligent young men, will make a new era in the history of this ancient settlement of Egmont Bay. Those two blind men, Gallant and Pothier by name, have spent several years in the colleges where they learned to make brooms. It is their intention to continue this work, and judging from specimens already seen, the product of their own labour, this new enterprise must inevitably come to a successful issue. Mr. Gallant is a native of St. Chrysostome and Mr. Pothier is from across.—M.

—A NARROW ESCAPE.—Mr. Emile D. Arsenault of Urbain Ville had a narrow escape from serious injury one day last week. He was returning home with a team load of seaweed, sitting on the top of the load, and on arriving at the little hill in the lane just by Joseph O. Gallant's his horses, somewhat spirited, started in a smart trot. It seems that the harness was not equipped with breeching, in any case, the team arrived at the main road at a pretty good rate, and the fore wheels of his wagon striking a deep gutter, Mr. Arsenault slid off with his feet entangled in the reins and his overcoat got caught in the hub of the wheel; the horses keeping up their speed. He, however, got freed from the reins and the wheel, but not before having his overcoat torn-up and sustaining some painful, though not serious, bruises. The horses finding themselves without a driver took to the gallop, but were arrested in their course by one of them hooking in the fence, both being brought to a standstill. They were uninjured.—M.
