

THE KING'S COUNTY GUARDIAN

Office in Montague, Capt. W. A. Johnstone, Agent, and in Souris, A. J. McDonald, Agent.

The latest news, first of all.

The following are the Souris market prices: Potatoes per bush, 10 cents; beef per lb, 6 cents; butter per lb, 22 to 24 cents; eggs per doz, 22 cents; hides per lb, 9 cents and hay per ton, 10 dollars.

Rev. E. McDougall will preach Sabbath, March 6th, at Murray Bay at 10.30; Peter's Road at 2.30, and Brookly at 6.30; also Tuesday, 8th, at Pleasant Valley; Wednesday, 9th, at Belle River; and Thursday, 10th, at Point Prim at 6.30 p. m.

Last Night's Hockey Match

(Continued from page 1.)

hard shots were stopped by Strong and the defence who had all patrolled in the net. From a pretty play by McDonald the Crystals scored their first goal in three minutes after play.

Crystals 1, Vics 0. The game continued fast and furious, with the Vics on the puck nearly all the time. The Crystals did considerable lifting, appearing to kill time while the Vics did their clever stick handling, amid applause. This is the kind of play that makes the game fast and interesting. Deegan broke away with the puck and was coming down like a whirlwind to score, but was tripped by Davey. A few minutes later Stanley Perry was disabled and the game was delayed for a short time. The puck was continually moved from one end to the other, until Charlie Burns secured it near the Vics goal and ready to shoot, but was tripped by Davey. McDonald and Cornfoot came together like two thunder bolts and got in a mix-up and both were sent to the fence for two minutes each. A minute later half time was called with no more scoring done.

SECOND HALF.

The second half started at 9.35 with both teams minus a man. Cornfoot of the Vics and McDonald of the Crystals were off scoring the balance of their penalty time. The players were all working like demons the Crystals determined to hold the Championship and the Vics struggling to get the lead. Six minutes after play McDonald was hurt in a mix-up near Crystals goal and two minutes delay followed. The Vics were now playing their swiftest hockey and the play was continually around the Crystals net, and their defence admirably defended the goal posts. Deegan was sent off for the usual time for holding a Vics player. Burns secured the puck and in a pretty dash scored the second goal for the Vics in twelve minutes after play.

Play continued faster, and many hard and accurate shots were vented by the Crystals defence who were playing a perfect game. Allan secured the puck and from a lift near the Crystals net, the puck rolled in between the Vics goal posts unopposed by Davey or the goal tender, who were taking it quite easy. Wasn't it a surprise? Score equal.

Crystals 2, Vics 2. This easy score for the Crystals made the Vics work harder than ever. Rodd was fenced two minutes for tripping, but no damage was done during his absence, and the Crystals tried hard to score. Shortly after Rodd had resumed play Stanley Perry set away for a successful run, making the score.

Crystals 3, Vics 2. The Vics continued their heart break pace and wanted the Crystals to the finish. Cornfoot made a pretty score from middle ice and again evened the count.

Crystals 3, Vics 3. Only a few more minutes were left before time was up. Both teams continued the hard pace, until Charlie Burns landed the puck in the net through four goal keepers, and again the Vics were ahead.

Crystals 3, Vics 3. No more scoring was done and thus one of the best and most strenuous games ever played in this Province, ended in favor of the old Victorians. The line up was as follows: CRYSTALS (3) VICTORIANS (4) Strong Goal McAskill Allan Point Davey Gillis C. Point Cornfoot E. Perry Centre P. Rodd S. Perry Rover Rattimbary McDonald R. Wing P. Burns Deegan L. Wing C. Burns

Referee—James McMillan and Gordon Hughes. SCORING SUMMARY. "There's virtue in freshness. If you believe that new, fresh, clean stock is superior, you must admit that our claim of "The Best Drug Store" is founded on substantial fact. Every article we sell is new and of the highest quality obtainable. Kindly give us a trial. "The Best Drug Store." The Mackinnon Drug Co., Druggists, cor. Great Geo. and Kent Streets. 2-26drift.

Minard's Liniment Co., Limited. Gentlemen—My daughter, 13 years old, was thrown from a sleigh and injured her elbow so badly it remained stiff and very painful for three years. Four bottles of MINARD'S LINIMENT completely cured her and she has not been troubled for two years. Yours truly, W. B. BRYCESQUE. St. Joseph, P. O., 18th Aug., 1909. 2-26drift.

All amounts for Guardian advertising and subscriptions in Montague and vicinity should be paid to W. A. Johnstone agent, and in Souris and Johnstone agent, A. J. McDonald, agent. 1-10drift.

Dealers in Montague yesterday were paying forty-two cents a bushel for oats, twenty-two to twenty-five cents a bushel for potatoes, ten dollars a ton for loose hay, ten and a half cents a pound for pork, twenty-two cents a pound for butter and twenty-one cents a dozen for eggs.

Table with 2 columns: Item and Price. Includes Crystals, Victorias, and various goods like flour, sugar, and oil.

NOTES. The hockey special from Montague, brought a large number to see the game.

The Victorians scored the same number of goals in last night's game as they did against the Crystals in their last match in the Arena.

A PROVINCIALIST IN BERMUDA.

The Bermuda Colonist news paper states that John H. Bell of Charlottetown is now in Bermuda and has been lecturing there. Judging by the remarks of the newspaper Mr. Bell has been creating favorable impressions for himself and his native island. The following is the extract of a report on an exceptional combination of gifts in a lecture to hold in these days, the fascinated attention of an audience for more than an hour and a half on a familiar theme. Yet such was the easily accomplished feat of J. H. Bell, K. C. of Prince Edward Island, who lectured on Tuesday night before the Westminster Guild of St. Andrew's Presbyterian church on the subject—"A Pilgrimage to the Holy Land." To attempt in a brief notice to do any sort of justice to Mr. Bell as a lecturer is perfectly needless, for he is a striking personality, he adds to his descriptive powers an inimitable humor. Indeed one is not so sure that the Prince of Living Humourists who is now sojourning here might not get "a pointer or two" at one of Mr. Bell's lectures. With the fidelity of a reporter, the reporter of the day brought phase after phase of Syrian incidents of travel, tourists, devotees, frauds pious and frauds impious, holy shrines, immemorial Bible scores, all were described to the life. And amidst a delightful humour returned through his narrative like threads of gold and making it almost impossible for one to grow weary. But Mr. Bell can't be described; he must be heard; if he would be known as a lecturer, and we understand that the public will presently have the opportunity of hearing him in Thorburn Hall. Rev. Mr. Dyke and Judge MacIntyre in appropriate and eloquent remarks moved and seconded a vote of thanks to the lecturer which needless to state, was enthusiastically passed.

SOLDIER OF FORTUNE DIES OF WOUNDS.

MANANNA, March 1.—It is officially reported here that Captain Geoffrey Fowler, formerly of the E. S. Army, who commanded General Chamorro's artillery in the engagement at Tizna on Tuesday, has died from his wounds. A large number of wounded soldiers of both sides, have been brought here and some of them contain the reports of a desperate attempt by the insurgents to force passage at Tibitapa Bridge. According to these stories, General Chamorro, in civilian clothes, succeeded in making his way across the river into Chontal Lea. He was accompanied by only a handful of men who had a hard hand fight against the Government troops with their machine-guns.

How's This?

We offer a Hundred Dollars Reward for anyone who can furnish a reliable list of names of men who are unable to carry out any obligations made by him.

W. J. CHENEY & CO. Toledo, Ohio. We the undersigned have known F. J. Cheney for the last 30 years, and believe him to be a man of high character and of unimpaired ability to carry out any obligations made by him.

A special meeting of the Truckmen's Union will be held on Thursday, March 3, at 8 o'clock sharp in Whentley's Hall. C. A. Ford, President; Sylvester McDonald, Secretary. 3-24drift.

NEW SPRING COTTONS AND LINENS.

Wise women who, when occasions arise, always seem to be ready for them, are already alive to the fact that Easter comes this year almost three weeks earlier than usual. They have a special interest in these early showings of the new spring cottons and linens, and today from among these new fabrics we have chosen for special word a number that are notably little priced. Paton's. 2-24drift.

BORN.

McNEILL—At Hermitage, Feb. 29, 1910, to W. W. and Mrs. McNeill, a daughter.

DIED.

DOUGHART—At Chifton, New London, on Feb. 27th, 1910, Russell W. infant son of Katie B. and Allan C. Doughart, aged 2 months and 7 days.

McKINNON—At Mount Pleasant, Lot 42, Feb. 28, 1910, Harriet C., beloved wife of Edward McKinnon. Funeral today (Wednesday) at 2 p. m. Interment at Victoria West Cemetery. (Patriot and Examiner please copy.)

Constipation Hood's Pills

Headache, biliousness, heartburn, indigestion, and all liver ills are cured by Hood's Pills. Sold by all druggists. 25 cents.

IN MEMORIAM.

In loving memory of Mrs. D. A. Nicholson, Kinlock, who departed this life on Feb. 22, 1909: One year has passed, we miss her more, Her memory fresh, our hearts still sore, Her loving face and cheerful smile, No one can fill her vacant place.

HORSE NOTES.

William Hamm, Bunnbury, Lot 48, has sold to Phillip Saunders, Belle River, for a half-bred one, a filly one year and ten months old, sired by William Pippy's Gay Lad, which tipped the scales at 1115 lbs. This is certainly one of the best fillies that has been raised in Bunnbury for some time.

J. A. CLARK IN MARSHFIELD.

J. A. Clark, of the Experimental Farm Station, City, addressed the members of the Marshfield Institute on the evening of Monday last. The meeting was well attended and the president, E. C. McDonald, was in the chair. On being introduced by the chairman, Mr. Clark rose and delivered what proved to be a valued and highly appreciated lecture. His address was along the line of agricultural experiments, taking up especially the improvement of seed corn, demonstrating clearly the necessity of improvement and introducing to his hearers the proper system to adopt to such end. Quite a number of those present asked questions and were satisfactorily answered. Mr. Clark concluded by extending an open invitation to the members to call at the Experimental Farm during the coming summer and thus show an interest in the movement. A hearty vote of thanks was tendered the speaker by the chairman on the unanimous vote of the meeting, which was acknowledged by Mr. Clark. "Nearly four thousand yards New Spring Woolen Dress Goods were entered at the Customs this Spring by Paton & Co. 3-24drift.

White's, York Point Hotel, at fifteen dollars (\$15.00) per season. Payable as follows: Five dollars (\$5.00) cash at 1st service and ten dollars (\$10.00) when mare proves in foal. D. W. White and A. A. Leckie, owners. 10, mwdrftl Mayorst. 2-24drift.

CHARLOTTETOWN.

Corrected for every Wednesday and Saturday Issue.

Table with 2 columns: Item and Price. Includes Beef, Hides, Hay, and various meats.

Canadian Plays

The Good Samaritan

Wants to Cure His Friends.

Mr. Everett L. Holland, a well-known Canadian, moved to the United States some time ago. The change of climate brought on a serious and painful illness, which three physicians said was Stone in the Kidneys, but were unable to relieve his terrible sufferings. In his agony, Mr. Holland thought of an old and reliable remedy which had a great reputation in his Canadian home—the well-known Kidney Pills. These Pills contain the medicinal properties of Juniper berries, whence their name—but are absolutely free of alcohol. Mr. Holland wrote a letter to his neighbor for a supply of these Pills, and on March 20th last, in a letter to the National Drug & Chemical Co. said, "I am well." He is now anxious to have these pills put on sale in the United States, in order to cure his new friends of Kidney and Bladder Complaints. He is now at all dealers at 50c. a box, 6 for \$2.50. Sample sent free if you write National Drug & Chemical Co. Ltd., (Dept. P. E.), Toronto.

"Six hundred ladies wanted to purchase their new Spring Suitings from Patons. We have 7 yards for each and many only one of a kind. They can have their cloth made up on the premises. 3-24drift.

"New Cheviot Diagonals for spring suitings 52 in. \$1.15 a yard. Paton's. 3-24drift.

"QUALITY—Many are the abuses of the word. Still, when the goods feel right and look their class, you can't help realizing real quality when it is there. Paton's Chiffon Broad Cloth is quality produced and guaranteed to give quality service. Price \$1.75 so as to reach the demands of all. Usual cash discounts for cash. Paton & Co. 2-24drift.

"Weekly consignments are being received at Paton's. Since the middle of January Paton & Co. have received shipments of Scotch, English, French and other Foreign goods, comprising in part, silks, black and colored, dress goods, in the new diagonal laces, broadcloths, Valenciennes, gorges, embroideries, complete stock of ladies' kid gloves, set over laces and embroideries, wash goods in prints, gingham and linens, curtains and window nettings, this week they will open their first shipment of carpet squares, this is earlier than usual for this firm to have their orders piled up with the new season's goods. 2-23drift.

Butterscotch Tablets only 10c lb. Salted Peanuts only 20c lb. Peanut Crisp only 12c lb. They are all simply delicious. Try some. W. A. HUTCHESON Crown Confectionery, Grafton Street. 2-18drift.

Talk No. 4 Hypermetropia of the Eye

By Silverston & Epstein DRS OF OPTICS. Hypermetropia means far sight. When an eye is hypermetropic or long sighted, the image is focused in front of the retina. The eye is therefore too short. Now as we cannot change the shape of the eyeball we put in front of it a convex lens. This kind of glass has the property of putting the focus on the retina. It is a very infectious defect. It causes headaches, nervousness, neuralgia, sleeplessness, neuralgia, nervousness and in some cases even insanity. We cure thousands of these complaints during our examination here. Visit our office and learn more about correcting imperfect sight. Examination free. Silverston & Epstein, Drs. of Optics. 183 Queen St. Charlottetown. 2-26drift.

22 CHILDREN IN 27 YEARS

Stowhegan, Maine.—Mr. and Mrs. Charles Dickey, of Canaan, announce the birth of a daughter, their twenty-second child in twenty-seven years. Mrs. Dickey was married when fourteen years of age and Mr. Dickey was only a few years her senior. Of the twenty-two children, not one has ever suffered from a serious illness. Here is health and strength and bodily vigor personified. The parents are well—therefore there have been no weak, puny, peevish children. Many cannot see it in this light on the health of the parents. Thus, there is the necessity of expectant mothers especially paying great attention to their general health. During these trying times, a "Fruit-a-lives" tablet before meals and at bedtime will regulate the bowels and kidneys, keep the stomach sweet, sharpen the appetite, assist digestion, strengthen the vital organs and invigorate the entire system. "Fruit-a-lives" are sold by all dealers—see a box for \$2.50, or trial box, 25c direct from Fruit-a-lives Limited, Ottawa.

THE AUTOMOBILE.

Mr. Editor.—Mr. Moore of Penval, an anti-Automobilist correspondent, expresses himself strongly against the running of autos on P. E. I. As Mr. Moore was a neighbor of mine for many years I know him well and believe he is conscientious in his statements, nevertheless I feel free to differ with him. He takes exception to an article in the Newcastle Advocate re autos in P. E. I. In his estimation "The Journal is taking too much interest in the island that does not concern him, and that it is none of his business." Many cannot see it in this light and place the Maritime Provinces interests, identical with ours in many respects, and would like nothing better than a close alliance with our sister provinces; joined together by the tunnel binding us in the most practical way with Greater Canada. It is pleasing to note that Mr. Moore favors the Tunnel, but would just as soon not shake hands with some of the Editors at the other end. The Advocate had better employ his time in looking after the Auto fuel in his own province. "Auto fuel" there may be but what about the horse fuel. Fast driving on our streets—I venture to say there is as many cases of dodging past fast horses, as there would be from the Auto fuel.

Then again mark the difference in the price of our horses, ask any prominent horse buyer, if he could not give from fifteen to twenty dollars more (in many cases, for a good driving horse, providing the horse was properly broken in, and accustomed to the Auto, and he will answer that he could. Here is an item that is taking money out of the farmers' pocket and anything that effects that is always of paramount importance to him—even an eighth of a cent more for his horse is considered. Not many years ago the poor cyclist had the same trouble to contend with. I have seen the driver of a team endeavor to run the cyclist down, and would have done so out for the fact that the driver of the wheel ran into a ditch. The same team driver has been on the bicycle since then himself. And before many years, no doubt, Mr. Moore will be driving one of those "Vile motor machines" not only taking a pleasant drive through the country, but ploughing up his broad acres, pushing his machine for all its worth, and he will have time to give his wife a spin that same evening. Mr. Moore thinks that a certain manufacturing company and a few editors comprises about all who are in favor of giving the auto a fair show. Would that we had more manufacturing companies in our midst such as he refers to. Give this company a chance, don't clog the wheels of progress and very shortly the institution will be doubling the number of employees. What about the horses exported from the country, the greater number of them, immediately come into daily contact with the automobile. The electric cars and every form of motor machines imaginable, and in spite of the lack of training, bring high prices. Sir, I believe in assisting things to existing circumstances. This is an age of improvement and advancement. A government machine, or automobile owned by the government will solve the question: this machine to go throughout the length and breadth of the island stopping the farmers and every district giving the farmers and others an opportunity to accustom their horses to the motor, and if horse owners will only co-operate with the government in this matter, in a very short time this prejudice now existing against the automobile will be removed and will be a thing of the past. Thanking you Mr. Editor for valuable space I remain, Respectfully yours, VON CLURE GAY.
