HADDOCK AND FRESH FILLETS at Roops. 1206.

LYNN, MASS. VISITOR—Mr. Dick Ledwell, of Lynn, Mass., made a short visit to P. E. Island last week, visiting his relatives, Dr. R. J. Ledwell and Mrs. Augustus Aylward, Charlottetown. Mr. Ledwell enjoyed his visit immensely. He was delighted with the "simple life" and social enjoyments of the native sons of P. E. I.—K.

HALIBUT AND SALMON fresh today at Roops. 1206.

BRACKLEY—Miss Helen McKay has as her week-end guests, Miss Louise Borden, R.N., Boston, Mass., and Miss Alice Botton, Allentown, Pa. This is Miss Botton's first visit here, and she is delighted with the kindness and hospitality afforded her.—Misses Sybil MacMillan, Frances Cullen, have resumed their studies at P. W. C.—Mr. Ernest MacMillan has returned home, after a business trip to Graham's Road and vicinity.—Miss Mae Power was a recent visitor to Vernon River.

ON HONEYMOON TOUR—Mr. John M. Matheson and his bride passed through Charlottetown on Friday last enroute to Caledonia, P. E. I. The young couple were married in Boston, Mass., and immediately left by motor to visit at their homes in their native province. The bride is Miss E. Margaret Stewart, R.N., daughter of Mr. and Mrs. Malcolm J. Stewart, Caledonia, P. E. I. The groom is a son of the late George D. and Mrs. Matheson, Dundas, P.E.I. The happy couple are staying with their relatives for two weeks before returning to reside in Boston, Mass.

FO R SALE—1932 1 1/2 TON HEAVY Duty International Truck chassis. Guaranteed perfect condition. Inspection any day between 10.00 A.M. and 4.00 P.M. Apply Guardian. 1154.

SCOUTMASTERS MEETING—A representative gathering of the leaders of the various City troops was held last evening in St. Paul's Church Hall under the chairmanship of Mr. William Warren, Assistant Commissioner. Plans for the resumption of the year's work were discussed, and committees elected to begin work on the proposed "Apple Day" and the Patrol Leaders Conference to be held during the first part of October. A Rovers corn boil was planned for Saturday night. The Patrol Leaders Conference was previously fixed for the first Saturday in October.

MEMORIAL WINDOW—A new leaded glass window has just been placed in position over the entrance to the Hodgson Memorial Chapel at St. Peter's Cathedral and will be dedicated shortly. It is placed there in memory of Mrs. James Peake, a life long member of St. Peter's, and of her son, Mr. George Haviland Peake, by the latter's daughter, Mrs. R. L. Bishop of Sherbrooke, Quebec. The subject is the Resurrection of the Lord. The Christ emerges from the tomb against a background of blinding light rays which frighten the soldiers of the guard, who have fallen down in amazement and terror. The window is well designed and coloured, being in three lancets. While darkening the Chapel slightly it will tend to improve the lighting of the pictures on the entry wall, which have not been seen to advantage previously. The maker of the window is Mr. Guido Minchere of Montreal. The window frame was made and window installed by Messrs. H. C. Lowe & Co.

BIRTHS
MOORE—At Montague, Sept. 17, 1933, to Mr. and Mrs. Lester Moore, of Whim Road, a daughter.

DEATHS
CAMPBELL—At Whim Road, Saturday, Sept. 16, 1933, Mrs. Duncan Campbell, aged 94 years. Funeral Tuesday 19th at 2 p. m. from the home of her daughter, Mrs. John N. Macdonald, Whim Road, to Lower Montague Cemetery.

Card of Thanks
We wish to thank the many friends for their many kind expressions of sympathy in our recent bereavement.
Mrs. J. E. Milligan and James Milligan. 1208.

UNIFORM
Other resolutions urged uniform classification for revenues received, and that expenditures should indicate clearly whether they are ordinary, capital or trust. Uniformity in the matter of balance sheets was also pressed.

Wheat Advances In Grain Market
(Associated Press)
CHICAGO, Sept. 18.—Wheat soared today to more than 13 cents above last week's low, but at the finish showed only slight fractional gains for the day.

Wheat closed steady, at the same as Saturday's finish to 1-4 cent higher, corn 5-8-1 1-8 down, oats, unchanged to 3-8 up, and provisions 20 to 30 cents advanced.

COAL CODE BECOMES LAW IN TWO WEEKS
Declares Null Clause Affecting Labor in N.R.A. Code.

By James P. Selva, Associated Press Staff Writer.
WASHINGTON, Sept. 18.—(A.P.)—Moving the Coal Code out of a freshly-brewed dispute, President Roosevelt late today issued an executive order making the compact for the soft coal industry effective within two weeks.

In doing so, he struck from the code a provision that had been written into it in the last hour of its negotiation—a section to which labor already had voiced objections. The President said in his executive order that the section sought to interpret the paragraph of the Recovery Law that specifies that labor shall have the right to join organizations of its own choosing.

This had been the interpretation that William Green, President of the American Federation of Labor, and John L. Lewis, President of the United Mine Workers of America, had placed on that section of the Coal Code. In eliminating the provision, the President said: "Because it is evident that attempts by those submitting codes to interpret section 7-A of the National Industrial Recovery Act have led to confusion and misunderstanding, such interpretations should not be incorporated in codes of fair competition."

The Postponed Gyro Autumn Dance Will Be Held —AT— Beach Grove Inn Wednesday Dancing 9—12.30 Admission 50c

ENGAGEMENT ANNOUNCED—Mr. and Mrs. William H. Johnson, Sidmount, announce the engagement of their daughter, Pearl Davina, to Mr. George Robert Ernest Foster, son of Mr. and Mrs. A. C. Foster, Dunstaffnage, marriage to take place the latter part of the month. 1218

TABLET UNVEILING CEREMONY—In the event of the weather being unfavorable on Wednesday afternoon, the proceedings in connection with the unveiling of the Cable Commemorative Tablet will take place in the Confederation Chamber at 3.30 p.m. 1214

TELEGRAPHIC EXHIBIT—In connection with the unveiling of the tablet on Wednesday in commemoration of the laying of the first submarine cable, there will be a special exhibit put on in the Confederation Chamber to illustrate the development of telegraphic equipment from the time of its earliest beginnings to the present day. In the exhibit will be represented the most primitive equipment ever in use in telegraph communication, and the most complete and modern machines in use at the present time.

Y. P. S. MEETING—The Young People's Society of Clyde River Baptist Church and Community Choir presented their pageant "The Life of Christ," in song in the Cornwall United Church on Sunday evening to a very large and appreciative audience. The accompanists for the evening were Mrs. Heber McPhail, Mrs. Mark Inman, Miss Winnie Best and Professor Mark Inman, violin. Mrs. Daniel McNeill read the Scripture readings. This pageant was given under the auspices of the Cornwall Women's Christian Temperance Union and the members are very grateful to all who took part in the service.

PERSONALS
Mr. David Greig, of the editorial staff of the Moncton Times, accompanied by Mrs. Greig, is on a brief vacation visit to the Province.

COMMODITY Markets Firm
(By John L. Cooley)
(Associated Press Financial Writer)
NEW YORK, Sept. 18.—(A.P.)—The United States dollar's fall to around 65 cents, gold value, was accompanied by confused and erratic movements in stock prices today. Most of the New York commodity markets were firm to strong but Chicago wheat lost an early rise and corn turned heavy. Bonds weakened perceptibly.

Oil and metal issues held to the advance which the share list had undertaken on Saturday, but other groups, after an early spurt, looked as though declining dollar exchange had little attraction for the speculative fraternity. Extreme losses through most of the market were eventually reduced, but closing prices were irregularly lower. Numerous leaders were off a point or more. Sales aggregated 2,722,110 shares.

TUG-O-WAR
Bedouke Rink Wednesday night, Sept. 20th.
Teams to pull for Strong and Morrison Junior Trophy are: Freetown vs. Albany. Central Bedouke vs. New Annan. Lower Bedouke vs. Kensington. North Bedouke vs. St. Eleonors. Also two teams pulling for Senior Trophy. Admission 10c. 1216

Murder Mystery Solved

(Associated Press)
NAHANT, Mass., Sept. 18.—Residents of this seashore town thought a murder mystery was at hand today with the discovery of a skeleton, wrapped in a patchwork quilt, on Nahant Beach. Police, summoned to the scene, found a boy's sport shoe and a green necktie, and they were inclined to the belief it was a skeleton of a boy. There was no flesh on the bones and the head was missing. The bundle apparently was washed ashore during the storm of the past two days. With the arrival of medical examiner Dr. Nathaniel P. Breed, however, the excitement ceased as quickly as it had begun. Dr. Breed said the skeleton undoubtedly was that of an animal, probably a dog. He estimated the skeleton had been in the water for weeks and probably months. The presence of the shoe and necktie in the bundle was unexplained.

STRIKE

Continued from page 1
Strike leaders, who said the action was a protest against the N.R.A. tentative silk code, were reported conferring at Garfield.

Trucking came to a virtual halt in some eastern Pennsylvania sections following a strike of drivers for union recognition, shorter hours and higher pay. More than 3,000 drivers joined the walk-out and operators recalled from duty about 12,000 others in the interests of safety. George M. Leim, President of the Pennsylvania Motor Truck Association, said many millions of dollars worth of goods, some perishable, were stymied.

Pickets Stationed
In Detroit, pickets were stationed around the plant of the Bower Rolling Bearing Company as a protest against what 300 employees charged were discriminatory tactics against workers belonging to a union affiliated with the American Federation of Labor.

Milk shipments continued without interruption in the Chicago area following withdrawal of pickets pending Federal action on a proposal to raise prices paid to the dairy farmer. Pennsylvania collieries remained closed, with 30,000 miners idle in protest against delay in signing the bituminous code.

CANADIAN

the difference between hard times and a period of prosperity in the fishing industry.

As no convention is being held this year, all officers were re-elected for another term, as follows: J. A. Paulhus, Montreal, executive; F. W. Wallace, Montreal, President; Vice-President; H. G. Connor, Halifax, Vice-President; A. H. Brittain, Montreal, Immediate Past President.

The following directors were also elected: W. H. Boutillier, Halifax; R. P. Bell, Lockport, N. S.; C. J. Morrow, Lunenburg; H. R. Ross and A. M. McLean, Saint John; R. W. Crocker, Newcastle, N. B.; C. H. Earle, Charlottetown; Charles Matte and F. N. Gibaut, Quebec; J. T. O'Connor, Montreal.

TRADES AND

Continued from page 1
with very little consideration for the general public welfare."
Is Essential
A central bank, the brief states, "is essential to prevent the wide fluctuations of exchange rates and to bring under state control the power to extend credits commensurate with the required needs for the development of this country."

Other suggestions are contained in the trades and labor brief, which is now before Lord MacMillan and his four colleagues. The Banking Act should be amended so as to provide penalties for charging a higher rate of interest than the stipulated seven percent.

"The lowering of interest rates paid to depositors should be made to reflect itself in easier credit at lower rates than currently charged."

Members Of Good Roads Executive Committee

(Canadian Press)
QUEBEC, Sept. 18.—S. L. Squire, Toronto, has been appointed chairman of the Executive Committee of the Canadian Good Roads Association, according to an announcement here today by Hon. J. E. Perrault, K. C., Quebec Minister of Roads and Mines and President of the organization.

Members of the committee are: Hon. Leopold MacAulay, Ontario Minister of Highways, Hon. D. A. Stewart, Minister of Highways, J. A. Duchastel, Montreal, R. M. Smith, Ontario Deputy Minister of Highways, George A. McNamee, Montreal and Mr. Pervault.

U.S. SUGAR STABILIZATION AGREEMENT

(Associated Press)
WASHINGTON, Sept. 18.—The third and latest version of the proposed sugar stabilization agreement tonight was almost ready to be laid before President Roosevelt and United States Farm Act officials. Barring unexpected revision, it will call for larger quotas for Cuba and the Philippines with the quotas for other producing interests remaining substantially what they were in the last agreement on which hearings were held. The allotment which Cuba will be allowed to supply the domestic market probably will be around 2,000,000 raw tons for this marketing year.

ONTARIO PLANS COMPLETION OF HIGHWAY

(By Frank Flaherty, Canadian Press Staff Writer.)
PORT ARTHUR, Ont., Sept. 18.—Canada will likely have a coast-to-coast motor highway by this time next year if the present plans of the Ontario Government work out. It will involve the use of lake steamers to bridge one gap of some 300 miles but while the long-mooted trans-Canada Highway will not be an actual fact, it will be possible for a motorist to travel from Halifax to Vancouver without leaving Canadian territory.

Some 1,300 miles or one third of the whole length of the trans-Canada Highway lies within the Province of Ontario, most of it in the north where the roads are under the jurisdiction of Hon. William Finlayson, Minister of Lands and Forests and northern development, who is accompanying Premier George S. Henry on his tour of northwestern Ontario. It was Mr. Finlayson who indicated the development to be expected next year in addressing the Chamber of Commerce here and in an interview.

In the East, Ontario now has a road from the Quebec boundary to Sault Ste. Marie. Then there is a gap to Nipigon 60 miles east of Port Arthur. From Port William west the road to Kenora is partially completed but a 40-mile stretch of heavy rock stands as a barrier to speedy completion. The stretch from Kenora west to the Manitoba boundary was opened last year about the same time Manitoba completed its portion of the trans-Canada from Winnipeg east. From Winnipeg to the coast and from Quebec to the Maritimes through roads are open.

Strikers Refuse Ultimatum

(Canadian Press)
LONG BRANCH, Ont., Sept. 18.—With 23 R. C. M. P. and Provincial Police on the ground, and a force of 40 constables ready in Toronto for any emergency call, 800 relief workers in the federal camp here retired hungry tonight, adamant in their refusal to work any longer for 20 cents a day and keep.

The strikers refused the ultimatum issued today by General E. C. Ashton, the Commander of the military District, that they return to work or else leave the camp. With the situation absolutely deadlocked the camp superintendent announced the men could stay overnight at least.

Impossible Demand

General Ashton told the strikers' representatives it was impossible for the authorities at Ottawa to meet their demands, which include wages of 35 cents an hour for an eight-hour day, for unskilled laborers; union rates of pay for skilled workers employed in their own trades; and inclusion under the provisions of the Workmen's Compensation Act.

Sharp Upturn In Winnipeg Grain Market

(Canadian Press)
WINNIPEG, Sept. 18.—In line with a sharp upturn in sterling on currency exchanges and further inflationary talk in the United States, wheat prices bounded upward today to finish 1 1-4 to 1 1-2 cents over the previous close. A fair over-the-week-end export business coupled with continued wet-weather in Western Canada added to firmness, and the advance registered early in the day, successfully weathered a mid-session downturn as buying was renewed in the last hour.

October option finished at 69 3-4, December at 72, and May at 77 1-2 cents. October wheat was the only future that did not rise above former "pegged" levels, the deferred options standing considerably clear of the old minimum prices. Shortly after mid-session, easiness at Chicago sent prices at Winnipeg wavering and they slipped back to near the previous close. On the recession, however, buying was renewed and prices reached.

BANK FAILURES BLAMED ON HOOVER REGIME

One Man Jury Places Blame On Hoover Treasury Department.
(Associated Press)
DETROIT, Sept. 18.—Judge Harry B. Keidan, who took testimony for three months in a one-man grand jury investigation of reasons for the collapse of Detroit's National Banks, tonight laid the blame on the United States Treasury Department under the Hoover administration and found there was "no evidence of criminality" on the part of the bankers.

He also found there was no evidence of "smart money" withdrawals just prior to the banking holiday last February 14, after which the First National Bank, Detroit, and the Guardian National Bank of Commerce failed to open.

One of the points of controversy through the three months of open hearings was whether the Government was justified in placing the two banks under conservators less than a month after the holiday. In support of the Treasury Department's action, Senator James Couzens had testified that secret reports by examiners to the Treasury Department some months before the holiday had showed the banks in bad condition.

But Judge Keidan, in his finding made public tonight, within a few hours after the hearing was unexpectedly terminated, said: "Most powerfully am I urged to conclude that the government would not permit an insolvent bank to operate in fraud of its citizens and I am constrained to find that the two National Banks on February 11, 1933, were solvent."

February 11 was the last business day before the holiday.

Thus ended the Grand Jury hearing that opened on June 14 and during which literally scores of witnesses paraded across the witness stand.

Strikers Refuse Ultimatum

(Canadian Press)
LONG BRANCH, Ont., Sept. 18.—With 23 R. C. M. P. and Provincial Police on the ground, and a force of 40 constables ready in Toronto for any emergency call, 800 relief workers in the federal camp here retired hungry tonight, adamant in their refusal to work any longer for 20 cents a day and keep.

The strikers refused the ultimatum issued today by General E. C. Ashton, the Commander of the military District, that they return to work or else leave the camp. With the situation absolutely deadlocked the camp superintendent announced the men could stay overnight at least.

IMPOSSIBLE DEMAND

General Ashton told the strikers' representatives it was impossible for the authorities at Ottawa to meet their demands, which include wages of 35 cents an hour for an eight-hour day, for unskilled laborers; union rates of pay for skilled workers employed in their own trades; and inclusion under the provisions of the Workmen's Compensation Act.

DIST. GOVERNOR ADDRESSED ROTARY CLUB

The regular weekly luncheon of the Rotary Club yesterday took the form of a dinner and evening meeting, at the Canadian National Hotel, to which Rotary Anns and guests were invited. This change in procedure was to enable Rotarians to have friends meet and hear the address of Rotary Gov. Chas. E. Hunt, K.C., of St. John's, Nfld., who visited the local club officially. His address on Rotary was instructive in the extreme and threw much light on the subject.

Mr. Raoul Raymond contributed two solos, which were well received and highly appreciated.

A pleasing feature of the evening was the presentation of a beautifully colored photograph of Charlottetown harbour to Miss June Hunt, the young daughter of the District Governor, who accompanies him on his Maritime tour. Mr. G. Frank Hutcheson presided and Mark Calder was song leader for the special singing. About 125 Rotarians and visitors were present.

Mr. Hunt leaves on the Hochelaga today for New Glasgow, N. S.

In his address Governor Hunt expressed his pleasure on being here again. The kindness received on previous visits in 1922 at the district assembly when Mr. Walter Grant, District Governor presided, and in 1930 when the district conference was held here, had made him anxious to return. On this occasion he represented Rotary International. He had already completed visits to all New Brunswick Clubs and to all in Nova Scotia except New Glasgow and Sydney, which he would visit on his trip enroute home.

The Governor stated that he had met the Assembly of the local club and was glad to hear of its record and of its programme of work for the ensuing year. Rotary International, he stated, had been in existence for 28 years, consisted of 3,000 clubs with a total membership of 147,000 business and professional men, who were united in carrying into effect the Rotary ideal of service, with the ultimate view of promoting world peace. The president and secretary of Rotary International were now in Switzerland, where efforts were being made to interest different peoples of Europe in Rotary in the hope that fellowship of business men, might be a factor in preventing armed conflict. On this side of the water relations between Canada and United States were particularly pleasant. The present president of Rotary International was Mr. John Nelson, of the Montreal Club.

The Governor made reference to the work of the district, and stated that the 1933 district conference would be held at Halifax in 1933. The 1934 International Convention would be held at Detroit.

The problems confronting Rotary in the Maritime Provinces were comparatively simple.

In closing the speaker expressed the confidence that the club's past record would be maintained under the presidency of President G. F. Hutcheson.

NINE STATES

Continued from page 1
rosted upon the President and whether he would use the currency expansion authority.

Aid Expansion

To aid the credit expansion programme of the administration, President Roosevelt put \$150,000,000 more into use as funds for the federal land banks to assist in financing farm mortgages held by banks that are heavily loaded with such paper.

Other efforts toward easing the money situation went forward in the form of open market operations by the Federal Reserve Board; federal loans through the farm credit administration and the home loan bank systems; the use of \$1,000,000 from the RFC for banks to reloan to industry to aid in the recovery drive; cash expenditures of the \$3,300,000,000 Public Works fund; and cash advances to farmers from the agricultural adjustment administration.

CANINE GOES FISHING AND JUMPS INTO LAKE TO LAND A "BIG ONE"

GYPSUM, Kas., Sept. 18.—Paddy, a police dog, can spend the Winter telling his canine friends about "how I landed that big one." Accompanying his young master, Park Snyder, on a fishing expedition, Paddy jumped into the lake when a fish triggered the pole and line into the water, gripped the pole in his teeth, and swam ashore. A sizeable fish was still hooked to the line.
