

Senior Northern League Decision

Meeting Held At Fredericton, Remainder Of Schedule Adopted — No Charlottetown Referees.

FREDERICTON, N. B., Jan. 7.—Four referees were assigned to games in the regular Senior Group Northern Section, M. A. H. A. Hockey League after January 15, at a meeting in the Barker House here yesterday afternoon of members of the executive. Representatives were not present from Moncton, Bathurst, Charlottetown and Campbellton, but these clubs had sent to the secretary, E. Royden Colter, the names of referees who are not agreeable to them.

A motion was passed that the league adopt the single referee system, for each of the remaining games of the regular schedule; also that no change in referees be made except in the case of the disability of a referee to act, in which case the league president will endeavor to procure a referee agreeable to both clubs concerned; and if this is not possible, to appoint a referee for the particular game in question.

It was decided also that games must be played in the towns in which they are scheduled to be staged. Present were the president, F. T. Pridham, and the secretary, both of Fredericton; C. Spence and C. O'Connell of Dalhousie, and Harold Limerick, J. Bacon Dickson and Coach Stan Burgoyne from Fredericton, as well as J. A. Breau from Moncton, and members of the press. J. H. Drummie, L. Lowther, J. Brown and J. Fallon are the four referees appearing on the schedule.

LOOKING 'EM OVER

BY "TEC"
"FIT AS FIDDLES"

The Abegweit hockey team—the men of Hickson, not a wee bit flustered nor down-hearted over their recent setbacks on the Mainland, arrived in the city last night in company with Moncton Hawks, the team they cross sticks with tonight at the Forum.

Each and every member of the lineup are as fit as ponies and a-rearin' to get into another game where the bullets—or rather pucks are the thickest.

The local red shirts are confident of turning in one of the best games of the year against Hawks, and judging by some of the remarks passed, it looks as if said Nicklin clan are in for a very warm evening—very warm indeed.

"NOT AGREEABLE"

According to a meeting of the Northern Hockey League group held on Wednesday last in Fredericton—at which Charlottetown was not represented, "the names of Charlottetown referees submitted were not agreeable to the meeting, it being decided, apparently, to employ three New Brunswick and one Nova Scotian. What strikes the writer on the "funny bone," is—Why in heck did they not have four New Brunswick referees—Nova Scotia is not represented in the Northern loop? Perhaps they had their reasons. At any rate, they've cut off one worthy, possibly because he would rather not come back to Charlottetown.

Abegweits! Judging by the above it looks as if you've got to show plenty fight and hockey ability in the second half of the Northern Hockey League schedule.

However, it has been proven before that the tougher the going the harder Abegweits play the game.

Last but not least, was the above mentioned meeting advertised—if so we did not see it—and again, is Fredericton running the League? Attention is called in another column on this page to the second half schedule of games and report of the meeting.

BOSTON TACTICS CAUSE A FUREUR

The action of the Boston Bruins in shooting the puck anywhere from 60 to 89 times up the ice in their game against New York Americans as a protest against the spangled shirts' defensive style of hockey has caused a storm in the National Hockey League and Presidents Strachan, of the Maroons, and Hammond, of the Rangers, want it turned into a shower of dollars from Adams, the Bruins' owner.

Strachan wants Mr. Adams to be mulcted of \$10,000 for instructing his players to make a farce of the game. Hammond would be satisfied with \$1,000. If President Calder makes it \$50 for cash the Boston fans will be glad to pay it him.

The old defensive game, perfected by the Ottawa Senators, which expressed itself in getting a goal and six men laying back on the defence, took much away from the interest, dash and brilliance of the game. It may be effective, but the fans don't like it and if they express their displeasure by staying away, further steps will be taken to offset it. Adams may have made a joke of hockey for an evening, but he achieved his end of calling attention to the strangling tactics of the Americans.

Maples Defeat Millionaires 8-1

(Canadian Press)
MONCTON, N. B., Jan. 7.—Following two shut-out reverses in their last two Central League Hockey matches, Moncton Maple Leafs went on a scoring spree here tonight and trimmed the Charlottetown Millionaires by eight goals to one. Reinforced by the addition of two new men, the Leafs outplayed the Islanders throughout the game, notched three goals in the first period, one in the second and four during the final twenty minutes. The Millionaires shot their orphan tally in the first period.

THE SUMMARY
First Period:
1—Charlottetown, Spillet, 1.
2—Moncton, Bastarache (Gaudet), 4:30.

3—Moncton, Babkirk (Grant), 6:10.

AMERICANS 1 BRUINS AND CANADIENS 0 DETROIT DRAW

(Associated Press)
NEW YORK, N. Y., Jan. 7.—Apparently fully recovered from their long slump, the New York Americans climbed back in second place in the National Hockey League's Canadian division tonight with their second straight victory over the champion Montreal Canadiens. The score was 1 to 0.

Bert McInenly, recent Detroit castoff, and Wally Kilrea the club "kid," who teams with him on the third New York forward line, paired off for the only goal of the game. Kilrea snared the puck away from a Canadian attack and passed it to McInenly as he hit the Habitant defence. McInenly beat goalie George Hainsworth with a fast, perfectly aimed shot.

The "big four" of the American defense, aided greatly by the fine stick work of the forwards, decided the game. Dutton, Ayers, Brydge and Shields were right on top of the puck every time it got into their territory and seldom gave the Canadiens a chance for a good shot.

(Canadian Press)
DETROIT, Mich., Jan. 7.—The Boston Bruins and the Detroit Falcons battled to a scoreless tie in a National League hockey game tonight, but the single point gained was enough to put the Bruins into a tie with the Chicago Black Hawks for second place in the American Section.

Cooney Weiland, Bruin centre, suffered a broken nose in the second period when he collided with Alex Smith, Falcon defence.

May Withdraw Hockey Team
(Canadian Press)
MINNEAPOLIS, Minn., Jan. 7.—The University of Minnesota threatens to withdraw its hockey team from Olympic game trials. H. O. Crisler, athletic director, said he would not allow the Gophers to meet a combined team of the Boston Athletic Club and the Metropolitan Athletic Club of New York should the Minnesota sextette vanquish Michigan's upper peninsula entry in sectional finals Thursday.

He objected to having the Gophers meet the combined strength of the two clubs should the coalition defeat Yale.

Crisler told R. J. Trimble, Olympic Hockey Committee Chairman, that Minnesota would meet either New York or Boston should Yale be defeated and Minnesota win Thursday, otherwise the Gophers will withdraw he said.

Railway Strike In The Offing

(Canadian Press)
WINNIPEG, Man., Jan. 7.—Belief that the street railwaymen of the Winnipeg Electric Company will not vote in favor of a strike was expressed yesterday by Edward Anderson, President of the company, as track workers and mechanics were casting their ballots. The men are voting on a proposal to cut wages ten per cent.

Balloting on the strike referendum was advanced 24 hours for the benefit of those wishing to celebrate Ukrainian Christmas, tomorrow. Voting will continue all day today and the result, it is expected, will be announced Friday morning. Should the decision be to strike executives of the union then will definitely set the time.

Officers of the Street Railwaymen's Union were firm in their opinion that the men would reject the company's proposed reduction and would strike. They were non-committal on Mr. Anderson's expression of his faith in the loyalty of the men. Authority to participate in the strike, should it be called, was also given to members of the amalgamated street railway and electrical employes, by the Winnipeg Trades and Labor Council, who requested permission to take part in the walk-out.

Further Tariff Recommendations Are Approved

(By The Canadian Press)—Five tariff recommendations affecting the fruit and vegetable growing industry were approved at the annual meeting of the Eastern Canada Fruit and Vegetable Growers' Association which opened a three day session here today.

The recommendations, to be presented to the Dominion Government, are:

That all duties should be specific. That seasonal duties should be high enough to fully protect Canadian producers and so obviate the necessity of fixing of values for duty purposes.

That out of season duties should be sufficient only to provide the revenue required.

That there should be an additional duty on diverted shipments to protect against imports from other than the point of production.

That the weight for duty purposes should be uniform throughout the Dominion.

Led by President Karl B. Conger, of Ottawa, the 73 delegates discussed the recommendations at some length before passing them.

NEED OF SUSTAINED ADVERTISING

Principal speaker at the afternoon session, George Stronach, of Toronto, told the delegates that only sustained advertising is profitable. "Spasmodic advertising is a washout and a waste of both the money and the effort," he said, adding that newspaper advertising, one of the best means to getting before the public, should be specialized, the campaign sustained and the layout attractive.

President Conger opened the seventh annual gathering with a declaration that there never was a time so opportune as the present for development of Empire trade in fruit and vegetables.

"There's no place like home." "What about the talkies?"

A motorist in court cheerfully remarked recently to the magistrate that it was a fine day.

"Work is the darlingst recreation in the world and whomsoever nature has fitted to love it is armed against care and sorrow."—Mark Twain (in a private letter).

MAROONS 4 RANGERS 3

(Canadian Press)
FORUM, Montreal, Que., Jan. 7.—The unbeaten streak of the New York Rangers which had extended to 11 games was halted here tonight when the leaders of the United States section of the National Hockey League bowed to Montreal Maroons, tallenders in the Canadian section, by a score of 4 goals to 3.

Maroons were hard put to turn the trick despite an early lead as Rangers ran in three goals in the third period in a desperate finishing rally. The local squad had a 3-0 lead going into that period, but Cecil Dillon pulled a pair of goals behind that Walsh and Somers added another with a goal by Nels Stewart sandwiched in.

Baldy Northcott on a pass from Hooley Smith put Maroons ahead in the first period, Young Glen Brydson adding another on an unassisted play. In the second period Nels Stewart broke the Rangers' defence with Brydson and Dave Trotter, to score.

The third period started with a blistering attack by the Rangers and Dillon scored on a pass from Somers and Murdoch. Somers added another; Nels Stewart brought the score to 4-2 and near the end of the game, Dillon, on a pass from Somers, secured the final tally.

Application Made Too Late

(Canadian Press)
REGINA, Sask., Jan. 7.—Holding that the application was out of time by more than ten days, Chief Justice J. T. Brown in a judgment delivered in Court of King's Bench Chambers today dismissed with costs the latest application of Norman L. McLeod, Estevan, M. L. A., for particulars of allegations contained in the petition of Joseph Ford Lamb, Estevan voter, calling for his unseating as an outcome of the Estevan by-election on tangle.

In dismissing the application, the Chief Justice said he did so with regret "as the respondent (McLeod) should, in order to have a fair trial, be furnished with the particulars asked for. I feel satisfied that the trial judge—no matter who he may be—will insist that such particulars are furnished and the issue thus clearly defined before he proceeds with the trial.

Head Of Sears Roebuck Is Dead

CHICAGO, Ill., Jan. 7. (By The Canadian Press)—Julius Rosenwald, numbered among the greatest philanthropists of all time, died today. The ravages of arteriosclerosis and kidney ailments that had kept him bedfast for months overcame his weakened heart and he died in his sleep at 2:55 p. m. He would have been 70 years old next August.

The fortune founded on the growth of Sears Roebuck and Company, of which he was chairman at his death, Mr. Rosenwald pitted against racial and religious intolerance, ignorance and poverty, and his benefactions to humanity totalled more than \$40,000,000.

His personal contributions, so far as they could be tabulated from incomplete records since the beginning of the century, reached \$21,565,670. In addition he had created the Rosenwald foundation through an endowment of 1,000,000 shares of Sears Roebuck stock worth \$2,000,000 at the time of his gift.

Canada Invited

(By Ken Clark, Canadian Press Staff Writer)
WASHINGTON, D. C., Jan. 7.—A meeting of the Board of the Pan American Union yesterday passed without the proposal being made that Canada should be invited to send an observer to the next Pan American conference at Montevideo, Ambassador Puig Casauranc of Mexico, it is understood, still has in mind that such a proposal should be made a preliminary to a formal invitation to the Canadian Government to join the Union. He would have made it yesterday, were it not for the fact that the meeting was brief.

Death of Frech Minister of War

PARIS, Jan. 7.—(Thursday)—(A. P.)—Andre Maginot, Minister of War, died early yesterday morning at a clinic where he had undergone treatment for Typhoid Fever with hepatic complications.

The end came unexpectedly at 2 a. m. for the 54 year old cabinet member. His condition during the day had shown marked improvement and although his illness was serious, the physicians had expected his robust constitution to enable him to recover.

His death was regarded in political circles as making a reorganization of the French Cabinet inevitable.

The morning newspapers, notably Le Matin, indicated that Foreign Minister Aristide Briand's health would preclude him from attending the International Conferences scheduled for the near future and they discussed various ways in which Premier Pierre Laval could change the personnel of his cabinet to meet the situation.

Andre Maginot was a battlescarred war veteran—a former top sergeant—when he became political head of France's military machine as Minister of War.

A six footer, he walked with a limp from a German bullet which pierced his thigh at Verdun and his sentiments toward the former enemy were not exactly tender.

He was comparatively young for a French statesman and came into prominence after the war. He had been under-Secretary of the War Ministry in 1913, but only for a brief period. He took his place as private in the French army in the war and was promoted for bravery before he was badly wounded.

He was first appointed Minister of War by former President Raymond Poincare in 1922, after having been Minister of Pensions. He was credited with the development of France's frontier defenses and was due to his initiative that army manoeuvres in recent wars were conducted on a larger scale.

While walking by a canal two men saw a notice board, which stated that it would be paid to anyone rescuing another man from drowning. It didn't take them more than a minute to arrange that one should fall in and be saved by the other, and the reward divided. In went Cohen, who found it rather deeper than he expected. However he splashed about, crying: "Come on, save me!" The other hesitated. "Cohen," he said, "I've been reading that notice board again, it says '10s for a body,' now do be reasonable."

"Domestic heckling is looked upon by enlightened people as more dangerous to the social scheme than military of industrial war."—Zona Gale.

He won three of France's cherished decorations, the Legion of Honor, the Military Medal and the Croix De Guerre on the field of battle. Before the war he had a reputation as an excellent fencer, and a good pistol shot. He gave considerable encouragement to the army's programme. He was born in Paris Feb. 17, 1877.

Tilden Wins Out Hockey

MADISON, SQUARE GARDEN, New York, N. Y., Jan. 7.—Still disdaining to "pull his punches" for the benefit of the audience, Bill Tilden administered another crushing defeat last night to Vincent Richards, his foremost rival for world professional tennis honors.

Before 6,000 spectators, Tilden turned his more youthful opponent back by scores of 6-2, 6-3, 6-1, in a ruthless exhibition of power.

Richards did his best, played most brilliant tennis, but he was no match for the old master.

On Friday night the All Stars of Charlottetown opened the hockey season at Montague when they met the Imperials of that town in a friendly game.

Although the score in the end was a little one sided still the game was a thriller from start to finish.

In the first period the play was fairly even until Power, on a nice rush and a pass to McFarlane netted the disc for the first counter of the evening. One minute after Beer after a brilliant piece of stick handling, and skating, beat the All Star defense and evened the score. Two minutes after Ryan notched another counter for the visitors and this was evened again by a hot shot by Poole and the period ended with the score 2-2.

In the second period McFarlane and McInnis combined and netted the third and final counter for the visitors. After fifteen minutes play Currie netted the third for the home team and the period ended with the score 3-3.

The third period started off very fast and after one minutes play Beer netted the fourth counter for the Imperials on a pass from Thompson and one minute later still another by Poole on a pass from Waterworth. Before the final gong the Imperials scored two more making the final score read 8-2.

This game was made possible through the efforts of Mr. James Power who spent considerable time and expense in getting his team together. Mr. Power arranges at least one game with Montague each season and the Club there appreciate very much his efforts and co-operation and they heartily trust that he will be down again before the season is out.

The following is the lineup:

All Stars	Imperials
McEwen	oGal
Power	Defense
Diamond	Waterworth
Lawlor	Forwards
McInnis	Beer
Gillis	Grant
McFarlane	Currie
Ryan	Thompson
McDonald	Currie
	Poole
	McKenzie

Rifle Shooting

The Miniature Riflemen got away to a good start on Wednesday evening at the Armouries with a good attendance of the old shots and some new ones. This first meet took the form of a handicap shoot for chickens. The lucky contestants were J. C. Stewart, Kelsey Burhoe, Ralph Jenkins and Art Spillet. Some very good scores were put on and everyone seems to be keen to better former records. Two shoots a week will be held from now on, Mondays and Wednesdays being the days decided on.

Canada And U. S. Imports And Exports

WASHINGTON, D. C., Jan. 7.—(By The Canadian Press)—During the month of November, Canada exported to the United States, goods to the value of \$20,463,937 more than any other country. On the other hand, the Dominion imported \$26,759,698 worth of goods from the United States, little more than half the amount of imports by the United Kingdom, which was the best customer of this country.

These figures are revealed in a report of the Department of Commerce, issued today.

The report shows that Canadian imports fell almost fifty per cent. as compared with those for November, 1930, which were \$41,690,000 while a comparison for the eleven month period ending in November, showed for 1931, \$375,877,788 and \$623,016,401 for 1930.

Canadian exports to the United States, on the other hand, were listed as decreasing in lesser proportion. In November, 1930, Canada exported \$30,309,575 worth of goods to this country. Comparative figures for the 11 month periods were: 1931, \$246,310,940, and 1930, \$376,194,922.
