NEW ORGAN IN FIRST METHODIST

Church was Heard for the First Time Last Night by 1,200 People

The wonderful musical possibilities of the splendid new organ recently installed in the First Methodist Church of this city, were ably demonstrated last evening by a gathering of 1,200 people when Professor H. A. Wheelton gave an opening recital, assisted by a number of soloists, and the Church Choir, under the direction of Professor Wright.

Professor Wright is the organist of the Metropolitan Church, Toronto, and his superior ability as a musician, and more particularly as an organist, is too well known to necessitate any detailed recital of his accomplishments along those lines.

Although all the selections played by the Professor are deserving of hearty commendation for the excellence of their execution, special mention must be made of a few of them, in which the great power of expression of the performer, and the splendid musical capabilities of the instrument, were more particularly brought out.

A beautiful selection by Horsemann entitled "Curfew," in which the chiming were brought out with splendid effect, could not but have been deeply, though silently appreciated by the vast concourse of listeners. For sweetness and tranquillity nothing could be more delightful than "Caravana" by Nevin, in which the "Vol Humana" stop was very effectively introduced, the Largo by Dvorak and the "Serenade" by E. H. Lemaire, which was particularly sweet and melodious. Two selections of Mr. Wheelton's own composition, entitled respectively "Cautiense" and "Carnegie," went further to show the performer's ability not only to play music, but to write it, and thus lent added interest to the evening's enjoyment. Other selections of a more vigorous and brilliant nature were: "Richard III" an overture by German, a Fantasia on the "March of the Men of Harlech" by W. T. Best, and "Toccata" by H. M. Higgs, the latter of which was especially vigorous, although softened by a peaceful intermediate section which contrasted pleasantly with the main theme of the piece. "Priene" by C. St. Saens, from the "Christmas Oratorio" was another quiet and beautiful rendering, and the organ accompaniment to the voice parts being brought out in pleasing harmony.

All the selections played by Professor Wheelton were rendered in a style which indicated in the performance a well developed power of expression as well as a mastery of the instrument, and it is unnecessary to say that his playing was thoroughly enjoyed, and the splendid tone and great power of the new organ brought out to the fullest extent.

The Choir, with Professor Wright as accompanist, was in pleasing form in the presentation of the hymn "Lord, Thou Art God" by J. Stainer. Miss Bremner's solo part being a most enjoyable feature. Mr. Berry, in "The Ninety and Nine" and Mr. Shute of Halifax in "Abide With Me" both sang with fervor and expression, their part of the program being particularly enjoyed. Miss Hazel Bremner, who has been very popular in the presentation of vocal music, delighted the audience with "Consider the Lilies," by Toplady, to such an extent that generous applause was the result. Miss Bremner's singing was really fine and is worthy of the highest praise.

LONGBOAT AND MISS KALOL

Below is published a tabulated statement of race winnings for 1910 of Longboat and Miss Kalol, both owned by Hammond Kelly, Southport. After making such an excellent showing with Miss Kalol, Mr. Kelly sold her while in Halifax for almost as much money as she earned this season—thus she turned over more than \$1,000.00 (one thousand dollars).

Longboat, at New Glasgow, May 24.....	\$25.00
Longboat, at Johnston's River, June 22.....	12.50

It is doubtful if any other amateur driver in the Maritime Provinces can make as good a showing for the first season as has the Guardian's friend, Mr. Kelly from Southport.

NEARLY A STRIKE

Special to The Guardian.
WINNIPEG, Oct. 19.—Winnipeg has narrowly escaped a street railway strike.

The men last night within thirty minutes of the time set for tying up the company received a telegram from the secretary of the International Union warning them not to strike until they had acted in accordance with the provisions of the Lemieux act.

UNCLE SAM'S CENSUS

Special to The Guardian.
WASHINGTON, Oct. 19.—Census Director Durand says he hopes to announce the final total population of the United States by Nov. 15. Indications are that the figures will go beyond 90,000,000 and possibly close to the 100,000,000 mark.

LAST NIGHT'S WRESTLING

In New Wonderland last night a large crowd witnessed the wrestling contests brought on by George Nedeff's challenge.

McCloskey did not appear but Officer Walker was on hand. This match lasted for two periods of eight and five minutes each in which Walker successfully held off his opponent and no fall was made. After the first period was over the audience called repeatedly for Walker and he had to respond. He then went another five minutes holding his man off well.

Nedeff then issued a challenge to anyone present to stay with him at a dollar a minute. A gentleman by the name of J. J. Sayer, who with a partner, had arrived last night from Moncton, appeared and accepted the challenge.

The two wrestled for fifteen minutes, each employing a variety of holds and attempting throws but without success and at the end of this time was called with Nedeff's doctor to the tune of \$15. A match was then arranged between the two, Sayer to throw Nedeff twice in an hour, or instead "Hustling Bill," (Sayer's partner) and Nedeff to wrestle best two out of three falls. A side bet depends on the result.

GREENLAND COAST CHARTED

COPENHAGEN, Oct. 17.—The rocky coasts of Greenland have hitherto been difficult of approach, and dangerous to vessels because of the lack of charts and marks.

Capt. Borg, a Danish naval officer, has just returned here after four years spent in the work of supplying these necessities. He has surveyed, mapped and marked the fairways, fords, harbors and rocks along the west coast of Greenland. This is the first instance of work of the kind in the Arctic regions.

The solo entitled "Come unto Me" by Coelen was very pleasingly rendered by Mrs. Covey of Halifax, and was also greeted with applause.

On the whole the evening was one of rare enjoyment, and all credit is due to the members of the Organ Committee, R. M. Johnson, Col. F. S. Moore and E. H. Beer, for the result of their efforts to obtain a skilled performer to present the capabilities of the new organ to the public and also to all those who assisted towards making the evening such a delightful one.

CUBA'S LOSS IN THE BIG STORM

Special to The Guardian.
HAVANA, Oct. 19.—Relief trains are being sent into Pinar Del Rio, which bore the brunt of the recent heavy storms.

Reports show that the property losses through that province were enormous.

Hardly a house has been left standing in the country districts and the tobacco barns everywhere were destroyed.

Crops were ruined and the monetary loss will total ten millions. The loss of life was less than was feared and occurred chiefly in Consolation, where twelve were drowned.

EIGHTY MEN INJURED

Special to The Guardian.
KITTBRY, Me., Oct. 19.—Eighty employes of the Portsmouth Navy Yard were injured, three possibly fatally, in a collision between two trolley cars.

The falling leaves had made the rails slippery and the first two cars mounting the hill rolled back down hill, crashing into another car.

MANSFIELD MAY WITHDRAW

BOSTON, October 18.—But one man between the democrats of Massachusetts and hatmony, after twelve days of bitter controversy over a state ticket for the November election. If that man Frederick W. Mansfield, of Boston, carries out the alleged agreement, made in the last minutes of the Faneuil hall convention, and withdraws his name as candidate for governor before seven p.m. on Thursday, the state ticket will be as follows:

Governor, N. Foss, of Boston.
Lieutenant Governor, Thomas F. Cassidy, of North Adams.
Secretary of State, C. S. Martell, of Boston.

Treasurer, Benj. F. Peach, of Lynn.
Auditor, Chas. O. Paine, of Barre-able.
Attorney General, John Raigan, of Worcester.

PULP MILL FOR 500

TORONTO, Oct. 18.—It is reported today that United States newspapers, headed by W. R. Hearst, of the New York American, have about decided to establish a ten million dollar pulp mill at Sault Ste Marie, the scheme including the purchase of the mill erected by the Lake Superior Corporation in Clergues time, and taking over of the timber grants to that Corporation made in connection with the Algoma Central Railway.

ST. AUGUSTINE FLOODED

ST. AUGUSTINE, Fla., Oct. 18.—The entire business section of St. Augustine is flooded with in-rushing sea water today, while the wind and waves are still rising with no indication of when their limit will be reached. The water is pouring over the sea wall from the highest storm tide in sixteen years. So far there has been no loss of life.

PRESBYTERIAN UNION

LITTLE ROCK, Ark., Oct. 18.—The supreme court here has declared that the union of the Presbyterian church in the United States and the Cumberland Presbyterian church, as voted by the assemblies of 1906, is legal and all property in the state, formerly held by the Cumberland church reverts to the Presbyterian church.

Property valued at \$1,000,000 was involved.

STRUCK DERELICT AND FOUNDERED

ST. JOHN'S, Nfld., Oct. 15.—Another marine tragedy which possibly may have resulted in the drowning of eight fishermen occurred Wednesday, west of Miquelon when the French schooner St. Pierre struck a derelict and foundered. It is certain that one man had been drowned and the fact that the other seven have not yet turned up is sufficient cause for great anxiety about their safety. The seven are evidently the portion of the crew that left the banker in one dory, after the collision. The full crew appears to have been 21 men and it is probable that they got away in three dories, seven in each. It seems that two of the dories reached St. Pierre safely after rowing all night. There was a strong breeze of north and northwest wind blowing the past 24 hours and the missing dory may have been swamped.

Questions About Guardian's Contest Are Coming Fast—Read Over the Conditions, Enter Your Name, Get Your Friends to Help You, and Enjoy One of Our Beautiful Trips or Prizes.

\$10.00 in Gold will be paid to the first person sending in the name of the candidate receiving the greatest number of votes in this contest. No condition attached to the offer. Just send in the name of your favorite and we will call upon her without suggesting your name.

Since the first announcement in the Guardian of its intention to send "Two Young Ladies" on a trip free of all expense to the Islands of Bermuda and New York City, and to give three costly Planos and one Organ, many applications and nominations have been received from those who appreciate what the Guardian is offering free, means to them. The names of all eligible candidates received up to 4 p. m. Tuesday, Oct. 25th will appear in the Morning Guardian Wednesday Oct. 26th.

To those who are still thinking it over, and have not yet decided whether or not they wish to enter the contest The Guardian would say: send your names in at once, today, if possible, in order that your friends will know you are in the race and will not pledge their support to someone else.

The interest which is being shown by the many readers of The Guardian indicates very plainly that the value of the Great Offer is fully realized.

The fact that the trip to the Islands of Bermuda and New York City and the prizes are worth striving for is well known by all. The opportunity is presented to all alike. There are no conditions that apply to one district that does not apply to all. It is a fair field and no favors. Those who are in the lead in their respective districts when the contest closes will merit the excellent trips and prizes.

VOTING.
A coupon appears elsewhere in this paper, which when clipped and trimmed on border edges, and deposited at The Guardian Office, will count ten votes for the candidate whose name is inserted on it, providing of course that it is deposited before the expiration date upon it. The territory from which the candidates may secure "clipped coupons" and paid-in-advance subscriptions is not bounded elsewhere in order to secure all the "clipped coupons" available. Get your friends busy with their shears and start the coupons flying toward The Guardian Office.

Don't hesitate to call on the Contest Manager for any information desired.

A Hot Shot on Home Shopping

It is claimed that foreign mail order houses use their mail order departments as a dumping ground for undesirable stock. It is stated that if you ask at their retail counter for a mail order article you are told that they do not carry such a cheap line of goods as they cannot sell them.

WELLMAN MADE A NEW RECORD

Special to The Guardian.
NEW YORK, Oct. 19.—Walter Wellman and the members of the expedition in the dirigible America believe that the voyage in an airship across the Atlantic yet may be accomplished.

While the object of Wellman's venturesome trip was not accomplished, he created a new world's record, being between 70 and 72 hours in the air and covering a thousand miles overseas.

BALLOONS ALOFT

Special to The Guardian.
ST. LOUIS, MO., Oct. 19.—Seven of ten balloons which left here Monday in the international race are believed to be in the air in Canada.

They were last reported from Northern Michigan near Lake Huron. One of them, the Dusseldorf is taking a more northerly course. The trip across Lake Michigan was made successfully by eight of the entrants.

PERRAULT NOMINATED

MONTREAL, Oct. 18.—Arthur Gilbert, ward merchant of the County of Pelly, J. A. Perrault was the choice of the convention, Sir Wilfrid Laurier and the candidates being the speakers. Senator Mitchell says that the English electors of Drummond will vote for the Government against the anti-Marine agitator.

SEINERS HAVE FEW FISH

LOUISBURG, N. S., Oct. 18.—Three of the men of the American fleet fishing on this shore arrived in port last evening and reported the mackerel catch a failure. It is believed a large body of mackerel have been running, but the high winds and boisterous seas of the past two weeks prevented successful operations.

BANANA CROP DESTROYED.

KINGSTON, Ja., Oct. 18.—News from the interior of the island shows that a large area of banana fields were devastated by the severe rain and wind storm last week. The shipping crop of bananas however, has not been very seriously affected.

ENGLISH BANK FAILURE.

LONDON, Oct. 18.—The Charing Cross Bank, with headquarters in London and 40 branches, closed its doors yesterday. An official receiver has been appointed.

IMPORTANT PROPERTY DEALS ARE REPORTED.

ST. JOHN, Oct. 18.—The approaching visit of President Hays, of the Grand Trunk Pacific and the announcements he is expected to make about development at Courtenay Bay and the big property deals being engineered by the C. P. R. in Mill and Main streets have given rise to rumors of other property deals.

One interesting rumor was that the Likely property, at the corner of Union and Coburg streets, had been purchased by the C. P. R. in Mill and Main streets for the purpose of building a hotel. This also lacked confirmation, but the reports are given for what they are worth.

With reference to the Granville street real estate deal, it is understood that the purchaser of the properties is the Merchants Bank of Canada, and not the Canadian Pacific or Canadian Northern Railway companies, as was thought. The impression prevailing is that the bank plans to open a branch in Halifax. At the present it has no branch in Nova Scotia and it is desirous of establishing one.

H. P. Bezans, it is understood, has secured the store formerly occupied by the British American Book and Tract society.

The Canadian Pacific is carrying on negotiations towards purchasing of the Union Bank building at the corner of Hollis and Prince streets.

The company, it is said will open telegraph, freight and steamship offices there.

CRIPPEN CASE NEW EVIDENCE

SIXTY LOST ON SHIP

Special to The Guardian.
NEW ORLEANS, Oct. 19.—The steamer Mercato of the Vaccaro line, overdue from Puerto Cortes, is reported lost with sixty on board.

The report cannot be verified because the air conditions baffle the wireless.

The report says the steamer went down off Yucatan last Saturday when the storm raged across Cuba.

ARRESTED IN N.F.L.D.

NORTH SYDNEY, Oct. 17.—The man suspected of having robbed the cabin of the schooner Shamrock on Thursday night last when a trunk containing \$105, besides some clothes and papers belonging to the captain were stolen, was arrested in St. Johns Saturday. Chief of police McGrath telegraphed police headquarters at St. John's, Saturday morning giving a description of the man Robert Callaghan whom captain Straight believed to have committed the robbery, and asking that he be arrested. About six o'clock in the evening Mr. McGrath received a telegram from St. John's signed "Supt. Grimes," which read as follows: "Callaghan and Brine arrested here on arrival of train from Port au Bassin. Parties admit their guilt." The Brine referred to is evidently an accomplice of Callaghan's and a party of theft. It is likely that a constable will be sent to St. John's by the Bruce tomorrow night to bring back the men for trial.

Some sailors who went into the central house for supper about nine o'clock Saturday evening gave the proprietor Patrick Grant considerable trouble before taking their departure. Mr. Grant's suspicions were aroused before the men were properly seated when one of them tried to pocket a table bell. This however, was too large for his pocket and he replaced it. The men proceeded with their meal and when they had finished the proprietor came to collect from them. Then he noticed that a number of knives and forks, a silver sugar bowl and some other things were missing. He immediately accused the men of purloining the articles whereupon they became indignant and angrily resented the imputation. A war of words followed for a few minutes when one of the men attempted to assault the proprietor. This seemed to be just what Mr. Grant was waiting for. Before the affair ended he had recovered the stolen goods and also the price of the supper, while the belligerent guests were pretty well used up.

AFTER IMMIGRANTS

VICTORIA, B. C., Oct. 18.—Price Ellison, minister of works, left yesterday for England to study colonization schemes. The McBride government is making a move to endeavor to duplicate the success of the Laurier government in the northwest in settling vacant lands in British Columbia.

ROSE IS A FOE OF COLD BACILLI

LONDON, Oct. 16.—The rose as a preventative of colds and influenza is the newest idea demonstrated at the London Medical Exhibition, and preference is given to the "Duke of Edinburgh," a rose of a rich red color and of strong yet delicate perfume.

A vegetable antiseptic has been evolved from this rose which is made up into small aromatic lozenges. These when dissolved in the mouth are said to wage relentless war against the countless millions of those bacilli which set up the conditions known as cold in the head. This rose antiseptic has also been placed into the cultures of the bacilli of diphtheria, pneumonia, typhoid and other diseases, and it is claimed for it that it has on every occasion routed the bacilli without quarter. It is even stated that it is only necessary to inhale the fragrance of the lozenges to obtain relief from a cold.

INCENDIARISM IN MONTREAL

MONTREAL, Oct. 19.—Startling developments occurred yesterday in the official inquiry into the fire at King's Hall, in which six lives were lost. The chief witness, John H. Jones, swore that he believed the building was set on fire with criminal intent.

ADVANTAGES OF A SUNNY SOUL

Nothing contributes more to the highest success than the formation of a habit of enjoying things. Whatever your calling in life may be, whatever misfortunes or hardships may come to you, make up your mind resolutely that, come what may, you will get the most possible real enjoyment out of every day; that you will increase your capacity for enjoying life by trying to find the sunny side of every experience of the day. Resolutely determine that you will see the humorous side of things. No matter how hard or unyielding your environment may be, there is a sunny side if you can only see it. The mirth-provoking faculty, even under trying circumstances, is worth more to a young man or woman starting out in life than a fortune without it. Make up your mind that you will be an optimist, that there shall be nothing of the pessimist about you, that you will carry your own sunshine wherever you go. There is a longevity in the sunny soul that eases our jolts and makes our sides shake with laughter. There is a wonderful medicinal effect in good cheer. Good news and glad tidings have a magic effect even upon invalids. We often see a whole store or factory or home transformed by one sunny soul. On the other hand, we have seen them blighted and made dark by a gloomy, morose, fault-finding person.

A WANDERER FROM GOD.

Drifting away from the Kingdom
Drifting away from light,
Soon the shadows will thicken
And then will come the night.

The night of remorse and sorrow
To the doubting, sin-sick soul,
Who slighted the loving Saviour
And wandered away from the fold.

With outstretched arms He is waiting
To welcome the lost ones in,
Oh, do not delay, but hasten
Away from the paths of sin.

He will gather the lambs in His bosom
He will welcome the Prodigal home,
In the beautiful mansions in Heaven
In sight of the great white throne.

Mrs. Crippen's Sister Tells of Scar. Juror Faints and Court Adjourns.

Special to The Guardian.
LONDON, Oct. 19.—The only witness in the Crippen case on Tuesday besides Millar and Mrs. Martinton, whose testimony was new and was considered of importance, was Louise Hann, sister of Mrs. Crippen, who testified to the presence of a scar on her sister's body.

This was the means by which the body was identified.

While counsel for Crippen was cross-examining Dew, on the jurors fainting and the court was adjourned for two hours.

LONDON, Oct. 18.—Dr. H. H. Crippen, the American medical practitioner and agent, was today put on trial for his life charged with the murder of his wife, Cora Belle Crippen, the actress, known in the profession as Belle Elmore. The jury, a typical body of middle aged tradesmen and clerks, was secured with but little trouble, objection being made in but three instances. Crippen pleaded not guilty and then listened intently and with anxious expression on his face as R. D. Muir made the opening statement for the purpose of prosecution. The trial is being held in the Old Bailey. Crippen is represented by Alfred Ashinal Tobin, K. C., Unionist member of Parliament, and E. H. Jenkinson.

Miss LeNeve was not in the court today. Her trial will follow in the event of Crippen's conviction. The character of the audience, which was waiting on the Lord Chief Justice Justice when he took his seat on the bench, suggested a social rather than a murder trial. The spectators included many persons prominent in society and on the stage. Many were fashionably attired women. The courtroom holds 150 persons and admission was limited to ticket holders.

Outside a great throng waited to witness the arrivals of the principals in the proceedings. When the prisoner van drove up it was quickly surrounded by curious ones, but there was no demonstration.

The first witness, Crippen's landlady, said that Crippen was his tenant for five years leaving owing to the death of his wife.

Dr. Burroughs said that Crippen showed great grief. On cross-examination, he said that Crippen was exceedingly kindhearted towards his wife and solicitous for her comfort.

Bruce Millar, of Chicago, said he had made the acquaintance of Belle Elmore in England in 1899. He last saw her in 1904. Greetings had passed between them occasionally. Millar said he was a real estate agent. He had visited Mrs. Crippen during her husband's absence in America many times.

Tobin—"Were you fond of her?"
"Was."
"Did you write to her as a lover?"
"It was friendship, but once in a while I gave her a present."
"Were you more than a friend?"
"I couldn't be. She was married."
The judge—"Were there any improper relations between you?"
"No sir."
Mr. Tobin—"Did you sign letters to her 'love and kisses to round eyes'?"

Millar, under further pressure, admitted he had kissed Mrs. Crippen, but denied illicit relationship.
"Why did you stop at kissing?"
"I wanted to behave as a gentleman."
