For Sale by Auction

Hotel Acadia and Acadia Spring Sites Grand Tracadie Beach P. E. Island.

These grounds, for twelve years known as the most profitable summer resort in Prince Edward Island, will be sold by auction to close the estate of the late Isaac C. Hall, Senior, sale to take place at the premises on Thursday, the 25th day of August, 1910, at 12 o'clock noon.

They include a leasehold, at a low ground rent, of twenty acres, more or less of handsome blue spruce park, upland, meadow and harbor beach.

The famous Acadia Spring, cold, clear, unmineralized, fully equal to the renowned Poland Springs of Vermont for kidney, intestinal and other diseases. This water can be piped from the spring at small cost.

A four room cottage and long shed.

A splendid fishery location on a deep water entrance channel, within two miles of the best fishing ledges on the eastern coast where salmon, mackerel, cod, haddock, halibut, hake, herring and lobsters have always been successfully fished at Tracadie. Clams, quahaugs and oysters are taken in the harbor. The shooting and trout fishing about Tracadie has always been unexcelled on this part of the coast.

A boat fishery with motor boats at this point can have no superior on this coast, owing to the excellence of the boat entrance and the short distance between the ledges and the harbor.

A beach house at this point during June, July and August can easily secure all the guests it can accommodate at full city rates.

Distance from Charlottetown by carriage road, 14 miles; from railroad station, 4 miles.
