**It Bids Pain Begone**—When neuralgia racks the nerves or lumbago cripples the back is the time to test the virtues of Dr. Thomas' Electric Oil. Well rubbed in it will still the pain and produce a sensation of ease and rest. A trial of it will establish faith in it.

**STR. HARLAND LEAVES** at 10 a. m. on Wednesday morning for Westville, St. James' Picnic, and also at 2 o'clock p. m. Visitors table bountifully provided for by the ladies of St. James Church. 21

**ENJOYED VISIT**—Mr. and Mrs. D. P. Malcolm crossed by the Car Ferry Friday last on their return to their home in Watertown, Mass. They left Boston two weeks ago by auto for a short trip through the mountains of N. H. and Maine, but decided to visit their old home and relatives Mrs. Paige and Mr. and Mrs. Guild at Cardigan. The trip coming was without any accident and we trust that their return journey will be the same. They had an enjoyable visit and expressed their appreciation of the improvement in our road conditions.

**AN EXCITING CHASE**—The writer watched from the wharves Monday with interest a suspicious acting craft entering the harbor, which seemed to keep in close to shore on the southport side of the harbor, following every inlet. It was then found that the little revenue cutter who is ever on the watch for anything like rum runners, or bootleggers, sighted this craft's movements, and had put out to intercept her, but her draft was much greater and could not get in where this stranger was going at a good speed, so it kept out, watching that nothing went ashore from the smaller craft. All at once she swung out heading for Bruce Stewart's Wharf, innocently thinking this yacht was laying for a race, and speeded up and passed the cutter, reaching the wharf much ahead. When the supposed stranger reached the dock, she was well known to hail from Pownal and when the captain was asked if he had got into trouble, rum running, the answer was no, well that is the Revenue cutter after you, now landing at the head of the wharf. The head officer came and was told the owner of the smaller boat had just arrived from Pownal, with nothing wet on board stating Pownal was "clean dry." A search for a small boat, which was lost, caused this suspicious close in shore sailing. Those interested seemed displeased when this reason was stated as they no doubt thought that being Election times some illegal business might be on foot.—Com.

**Good Health Secret Of Beauty**  
Beauty lies in the care a woman bestows upon herself and in keeping at bay those dread ailments peculiar to her sex, which drag her down and leave telltale traces upon her countenance. Sparkling eyes, the elastic step and a clear complexion never accompany organic troubles. Distressed expressions, a sallow complexion, dark circles under the eyes, lassitude, headaches, and mental depression are the telltale symptoms of women's ailments. Women so troubled should not lose a day in taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, the most successful remedy known to overcome woman's ills and restore health and beauty.

**Painstaking Finishing**  
Your Kodak plus Kodak Film plus our developing and printing service—result, results. We take pride in our finishing department—that means we take pains in our finishing. Bring us your films—you'll like the results. **McKINNON DRUG CO.**

**TRAPSHOOTING TOUR—NAMES**—Lovers of the gun will be interested to learn of the Maritime Trapshooting Association's Annual Tournament which takes place at Port Elgin on August first, second and third next. Three days of good clean sport and competition for the magnificent Silver and Bronze Trophies that are offered each year, besides many other prizes. This meet, which took place in 1922 in Halifax is one looked forward to by all sportsmen who delight in the open and the whirr of wings. The Association has for one of its objects the preservation of game and the observance of game laws and regulations. All those who participate in the various tournaments are eager sportsmen who enjoy the camp fire, the pipe and the stories. A cordial invitation is sent to all who know and understand the lure of the shotgun, to those who love dogs and who shoot before the birds light with the decoys. To all true blooded sportsmen we issue the call to our shoot. It doesn't matter whether you can break 50% more or less. Each contestant is placed in his class every participant gets an even chance with all those shooting. Contestants can shoot for targets alone and not participate in the purse. Shooting for targets does not debar one from winning trophies. You need not be a member of a Gun Club. If you never have attempted to shoot at a clay target it makes no difference come and meet the brother sportsmen from all points of the Maritime Provinces. Wire the secretary of the Port Elgin Gun Club and get reservations. They hope to meet the sportsmen who read this on August 1st.

**ADDRESS AND PRESENTATION**  
On Saturday evening July 7th, a number of the members of the Kingston Methodist Church and Choir gathered at the home of Mr. and Mrs. Daniel Docherty. After some time being spent in social conversation and music Mr. Nicholas Colville was asked to take the chair, who, after making some remarks called on Miss Reta Grunway to read the following address:

Dear Sister,  
We, on behalf of the Methodist Church and choir have gathered here this evening for the purpose of showing our appreciation of the service you have rendered while being organist in the church. We know on account of numerous home duties and being a long distance from church how difficult it was for you to attend practise, nevertheless under such difficulties you performed your duties with such determination and willingness that you have won our admiration and esteem, and we assure you that it be many long months and years before we will forget the service you have rendered our church and choir. Although we know we can in no way pay you for your service but we wish you to accept this little gift from us as a token of appreciation, and we know that when we reach the other side we shall be amply repaid for the work done here. Signed on behalf of the Methodist Church.

After the presentation of a purse which was made by Miss May Green, Mrs. Docherty in a few chosen words thanked the people for their gift.

A bountiful supply of ice cream and cake was then served and the remainder of the evening was very pleasantly spent in singing and games. (Patriot please copy.)

**Think it Over.**  
Linsed oil will remove rust from the gas stove. The more sugar used in the cake the lower the temperature of the oven. Squash souffle will be more interesting if a spoonful of grated onion is added. Soak the egg-stained linen in cold water before sending it to the laundry and all marks will wash away. Scrub your baskets occasionally with hot soapuds and they will last a great deal longer. Dry in the sun.

You'll ask for more—even though it takes eight great reels to tell!
