## Grim Battle in "Burning Sands"

One of the best catch-as-catch-can fights to be seen on the screen in some time is a feature of George Melford's new Paramount production of "Burning Sands". There were no rehearsals of the scene in which Milton Sills and Robert Cato "go to the mat", but it had to be taken several times, as usual.

Wanda Hawley and Mr. Sills are featured in "Burning Sands", which will be shown at the Prince Edward Theatre next Wednesday and Thursday. In the story Miss Hawley is an English girl who falls in love with Daniel Lane, a nomad who lives alone on an oasis in the desert.

The picture is filled with thrills and there is a capable supporting cast including Jacqueline Logan, Louise Dresser, Winter Hall and others.

## Big Roles in "Burning Sands"

Supporting Wanda Hawley and Milton Sills, the featured players, in Paramount's "Burning Sands", are Jacqueline Logan, Robert Cain Winter Hall, Louise Dresser, Albert Roscoe and several others. The picture was directed by George Melford and will be seen at the Prince Edward Theatre next Wednesday and Thursday.

## Death of Mr. R. H. Montgomery

Mr. J. H. Malcom received a telegram yesterday announcing the death of his father-in-law, Mr. R. H. Montgomery, New Richmond, P. E. I. This sad event was not unexpected. Mr. Malcom had been summoned to his bedside a few days ago and had the melancholy satisfaction of being with him a few days before he passed away. The late Mr. Montgomery was a descendant of the Malpeque Montgomeries and was a nephew of the late Senator Donald Montgomery of Malpeque. He was 84 years of age and had been ill only a short time. He was a prominent lumber merchant and well and favorably known throughout the Maritime provinces.

AWFUL "Spring" Hurt Fall Wheat

TORONTO, April 20—In admitting that fall wheat in most parts of Ontario had not done very well during last week, owing to alternate freezing and thawing, causing heaving, and the heavy winds, causing bleaching of plants, the summary of reports made by country representatives to the Ontario Department of Agriculture, this week says that a fairly satisfactory crop may still be realized, with good weather from now on. Clover is much more promising than the fall wheat. Very little work has been done on the land as the ground has been too soft and sticky.

Billie Dove Heads Cast in Coming Film

"Youth to Youth," the first of Metro's special stories series in which Miss Billie Dove appears at the head of a distinguished cast of players, is booked to appear Monday and Tuesday at the Prince Edward Theatre. Those who have seen early showings of the picture hail it as one of the most satisfactory screen plays of the season. A famous actor, a capable director and an extraordinary cast in a story of rare excellence should certainly provide a photoplay of wide appeal.

CHURCH DEDICATION.—The dedication of the new church annex of the Central Christian Church and opening of new pipe organ will take place tomorrow, the 22nd inst. Rev. R. W. Stevenson of Toronto will preach the dedicatory sermon at 11 o'clock a.m. There will also be services at 2:30 in afternoon and 7 o'clock in the evening. Special music under the direction of Prof. Tanton, organist and choir director will be rendered at all the services. At the afternoon service fraternal greetings will be given by the city pastor. All are cordially invited to attend.

C. N. R. OFFICIALS LEAVE.—Mr. L. S. Brown, general manager of the Eastern division of C.N.R. concluded his tour over the Island section of the line and returned to the mainland yesterday. He was accompanied by Mr. Stewart, chief engineer, Mr. Appleton, general superintendent and Mr. Condon, resident engineer, Superintendent Brady and other Island officials accompanied them, the tour being made partly in Mr. Brown's special car.

ENJOYABLE LECTURE.—At Prince Street School hall last evening a very interesting lecture was given by Mr. Jas. Paton on "Fragment of a Continental Trip." He vividly described the beauties of scenery and the customs of the people, from the Azores to Algiers and along the sunny shores of the Mediterranean. A lecture was illustrated with a number of beautiful lantern slides. Mr. Paton has been confined to the house for the past two weeks with a bad cold. His address had been very much looked forward to and it was gratifying that he was able to appear. Mr. D. J. Riley presided at the entertainment which was largely attended. A warm vote of thanks to Mr. Paton and Mr. Bourke, the efficient operator of the lantern, was moved by Mr. Henry Smith and seconded by Mr. J. D. Scaman. A chorus and solo given by the pupils formed an enjoyable part of the programme. The fortnightly lectures at Prince Street School are proving a great success. The next address will be given by Mr. F. J. Nash upon Lucy Maud Montgomery.

"THREE-MILE LIMIT" EVOKES DISCUSSION

LONDON, April 20.—Great Britain has assured the United States Government that she "has every desire to meet wherever possible" the representations from Washington regarding the prevention of liquor smuggling into the United States. Under Secretary for Foreign Affairs Ronald McNeill told a questioner in the House of Commons this evening.

Man's Answer to "The Sheik"

"A man's answer to Edith M. Hull's 'The Sheik'. Such a line is inspired by the Paramount picture of Arthur Wiggall's novel, 'Burning Sands' which will be on view at the Prince Edward Theatre next Wednesday and Thursday. This is the powerful story of an English girl who seeks the man she loves and makes him love her. As in the case of 'The Sheik' the one who sought love under no circumstances, would triumph. Wanda Hawley is the Government agree that British girl and Milton Sills the man, and ships could be searched outside the three mile limit.
