

PREACH UP-TO-DATE SERMONS SAYS SIR ROBERT PERKS

TORONTO, Ont., Oct. 24—A special despatch from New York says:—Sir Robert W. Perks, the prominent English Methodist, dropped in on 290 Methodist preachers at their weekly meeting today, and pitched into American Methodists, especially ministers, who admit to their churches attractions in the shape of music and concerts, and who preach short sermons to humor the busy public.

Cold in The Chest?

RUB WELL WITH ZAM-BUK! For bad colds on the chest, rub the chest and between the shoulders well with Zam-Buk at night. If you suffer from catarrh or cold in the head, just insert a little Zam-Buk at the base of the nostril, and as the balm becomes warm inhale the healing essences which vaporize.

Boy's Foot Badly Scalded.

MOTHER SAYS ZAM-BUK ACTED LIKE MAGIC!

Mrs. E. Capell, 31 Sydney Street, Hamilton, tells how beneficial Zam-Buk proved in her family. She writes: "My little boy, aged one and a half years, put his foot into a pot of boiling water. The foot was so badly scalded that the skin came off with the stocking, and he had a shocking scald, from instep to toes.

"I at once sent for a supply of Zam-Buk, and as soon as this was applied, it seemed to act like magic and gave him ease. It was good to tell that Zam-Buk stopped the pain, because up to applying it I had to nurse the child all the time, but soon after I applied Zam-Buk he was anxious to get on the floor and go on with his play!

MONCTON DOCTOR HAS FAREWELLED TUBERCULOSIS A WINNING FIGHT

This is not a battle of a year or a generation. The probabilities are that it will take two or three generations at least before we have the mortality from tuberculosis reduced to the rate, say, of that of typhoid fever in well regulated countries. This will probably be a matter of two or three generations. Whether tuberculosis will be finally eradicated is an open question. It is a foe that is very deeply entrenched in the human race, but when we think of what has been done in one generation how the mortality has been reduced in some localities 50 and even 100 per cent, we at least feel that we can continue the battle with hope, and so long as we are fighting with hope the victory is in sight.—Dr. J. D. McCue.

An Ottawa despatch says: There are two candidates for the position of Solicitor General, A. B. Boyce, M. P. for West Algoma, and A. A. McLean, M. P. for Queens, Prince Edward Island. The present indications are that the difficulty of the Government in making a choice between the office altogether, Premier Borden has expressed himself as being in favor of doing away with the position, and if he had his way the duties of the Solicitor General will be merged with those of the Minister of Justice. The question has not yet been definitely decided by the Cabinet, but meanwhile, Mr. Boyce is here pushing his claims, falling this Solicitor Generalship Mr. Boyce will probably be solicited later with a Judge.

Wheatley vs. Wheatley—This was an action arising out of certain partnership transactions between the plaintiff, John Wheatley, and his brother Samuel, trading in Charlottetown and Halifax as Wheatley & Co., John Wheatley brought the action against Samuel who resides at Winnipeg, claiming the sum of \$4,292.53 at the trial which took place at Winnipeg. John and Wallace Wheatley were witnesses against Samuel the defendant in person, the claim was finally dismissed in full by the court thus proving that Samuel didn't owe anything. Munro, McKenzie & McQueen appeared for the plaintiff, Elliott MacNeill & Deacon, for the defendant.

The court-house at Bonshaw was well filled Saturday evening when Dr. MacLauchlan, city, delivered his lecture on Tuberculosis. Richard Carson acted as chairman of the meeting which was most orderly throughout. For upwards of an hour and a half the Doctor held the audience intensely interested while he minutely dealt with the White Plague, its cause, prevention and cure. He touched upon the care of milk and other foods, the proper ventilation of homes, school buildings, churches, etc., medical inspection of schools, and many other needed reforms. In his own interesting way he told several humorous stories which added pleasure to the profit undoubtedly received by those present. The hearty thanks of the meeting were conveyed to the learned Doctor in a unanimous vote moved by Hon. Cyrus Crosby and seconded by J. B. McLeod. A few remarks were also added by M. S. McKinnon.

Nasal Discharge Proves Catarrh is Active. The pure Balsamic Essences of Catarrhazone Afford Surest and Quickest Cure.

Catarrhazone is certain to cure because its healing vapor is carried with the breath direct to the seat of the chest, nose or throat trouble. Being composed of the purest balsams and pine essences, it immediately allays irritations, facilitates the ejection of mucus, soothes and stimulates the lungs and bronchial tubes. The marvel of the gage in curing winter ills—that's what thousands say about Catarrhazone. There is nothing so sure to cure, and to those in fear of changeable weather—those who easily catch cold—those who work among lung-chilling surroundings or where dust, impure air, fog, or damp can effect them, let them get Catarrhazone and use it several times daily—it will cure every time.

NEW YORK NECK-WEAR WORKERS GO OUT ON STRIKE NEW YORK, Oct. 24—At the neckwear makers' union headquarters today it was decided that 7,000 workers in some 200 neckwear factories in Greater New York had obeyed a strike order issued yesterday. Two-thirds of those who have quit work are women and girls. The demands are a wage minimum of \$17 a week, nine and one-half hour work day, abolition of child labor and a safe and sanitary place to work. One of the leaders in the strike movement declares that the fire escapes on fifty per cent. of the neckwear factories would collapse if used.

ACADIA HOT AFTER KING-RICHARDSON CUP

HALIFAX, Oct. 25—Acadia college footballists are hot after the King-Richardson trophy. They are to play the Wanderers at two o'clock tomorrow at noon. Last week these teams clashed and although the Evangelines had the better of the territory, the Red and Blacks won by a score of 16 to 6. On returning to Wolfville, the Acadians held a council of war and benefited greatly from the "W." game. They practised harder than ever, strengthening the weak spots on the team, with the result that when they meet the Wanderers their aggression will be much stronger. Last year Acadia did not play enough games before competing for the King-Richardson trophy, but they have apparently decided to do the opposite this fall. The first game for the trophy will be played at Wolfville on November 2nd, between Acadia and U. N. D. There will be several new men on the Wanderer line-up when they face the collegians tomorrow.

FEW ARRIVALS OF FISH AT BOSTON.

BOSTON, Oct. 21—Yesterday was easily the dullest day of the week, only three vessels arriving during the five hours in which business was carried on. Their fares consisted of 4500 pounds of haddock, 16,100 pounds of cod, 20,000 pounds of hake, 1700 pounds of pollock and 2000 pounds of cusk. The Rose Standish had the cusk in her catch.

Feeble Old Folks

The hand of time rests heavily on old people—their blood is thin, their food does not digest well, the heart is tired from its long years of work. They are entitled to the loving care of the young and strong.

It is a fine thing to know that much can be done to make them happier. Our splendid cod-liver and iron tonic, Vinol, does old folks a world of good. It enriches their blood, gives them better appetite and digestion, and adds greatly to their strength and endurance. There is no doubt that Vinol has prolonged the lives of thousands of old people, and it is equally good for all others who are run down in health. We cheerfully give back the money if Vinol does not please. Try Vinol at our risk. E. A. Foster, Central Drugstore, Charlottetown.

CREDIT FONCIE FIGHT NOW IN LIBEL SUIT STAGE

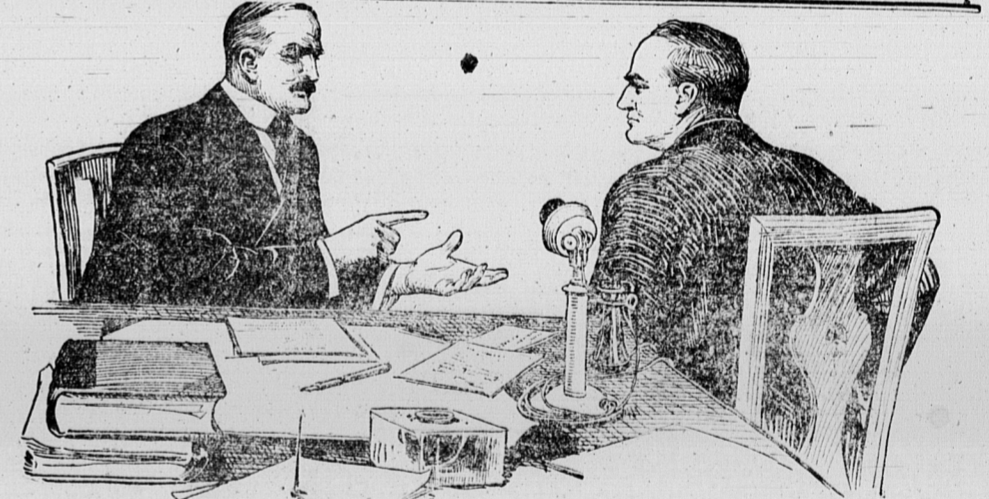

PROVIDENCE, R. I., Oct. 24—The contest between President Joseph R. B. Brochu, of the Credit Foncier Canadian, and Arthur Laberge, of Montreal, a director and former vice-president, for the control of the corporation, which does a real estate and lumber business in Canada and New England, resulted in the arrest of Laberge today in a \$10,000 slander and libel suit brought by Brochu. The arrest was made just as Laberge was the court had decided to grant an injunction restraining Laberge from calling a special meeting of the stockholders at which he proposed to oust Brochu and re-organize the corporation with himself as president. The corporation has about 7,000 stockholders and owns large tracts of timber land and other real estate in Quebec, New Brunswick and New England.
