FRISCO BIDS BY CABLE At London's "We'kir Auction of Foreign Stamps Bids from San Francisco, New Orleans, Chicago and New York are coming by cable every week to London auctions of foreign stamps. The stamp dealers ship the catalogues of these weekly sales to the United States two months in advance. Hence the cable bids, higher prices and the 100.00 American dollars collected by this one firm of dealers alone. Every now and again they round up English collections of stamps to sell in America where there is a big demand. Recently they received \$27,000 from sales in New York where they opened a branch soon after they broke out to turn foreign stamps into dollars. The dollars are sold to the British Government and the English collector gets cash which he can put into War Loan or Defence Bonds.
