

THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block - Charlottetown.

These are piping times for the plumber.

J. H. Hughes, of this City left last night on a trip to Moncton.

At a late hour last night The Guardian was informed that Premier Peters had rested well all day and was much easier.

Superintendent Sharp and W. S. Poole of the P. E. Island Railway were passengers by last night's train, on the way to Ottawa.

Notwithstanding the storm there was a fair attendance at the men's meeting in the Y. M. C. A. yesterday afternoon. Rev. T. Marshall who was to have spoken on Christian Athletics was unable to be present, and the subject was dealt with by Stacy Archibald, Rev. G. E. Ross, and others. A very profitable service was held. A number taking part. The main thought elaborated was the necessity of training for the Christian race; the necessity of helping others who are weak and handicapped to reach the goal.

Dominion Atlantic Railwa

The forty-four slides of the birds of Prince Edward Island arrived from Ottawa, and will be shown and lectured on in St. James' Hall tomorrow night. The small admission of ten cents will be charged. A number of passengers left by last night's train for Georgetown en route to the mainland, although many of them expressed doubt of the steamer crossing to Pictou if the snowdrift of to-day continued. At times yesterday the drifting snow made it impossible to see very far ahead. A convention of the Methodist ministers of the Charlottetown district will be held in the Grace Church tomorrow and Wednesday, January 28 and 29. The missionary and spiritual interest as well as the work of the laymen of the district will be considered in brief addresses and discussions. The Enterprise Foundry Co., whose striking advertisements appear regularly in this paper, write that 1907 has been their banner year and that a great many more Enterprise Monarch Ranges, as well as of all other stores, have been sold than in any previous season. An interesting fact in connection is that this Company have during the past season made shipments of their stoves to every province in Canada, all of which is evidence to show the excellence of their products. It is gratifying to every Maritime Province person to know that local manufacturing industries are advancing in this way and not only holding their own with all comers in this field, but also getting a hold upon the trade in Western Canada. Heartiest congratulations to the makers of the well-known and popular "Enterprise Monarch."

The Guardian is asked to publish in the interest of the Crusade against perjury and profanity, the following extract from a sermon recently preached by Bishop Worrel, Nova Scotia: "A right conception of God and His word and a due reverence for them would make perjury absolutely unknown. The growth of perjury is a terrible thing, and there can be no doubt that it is growing. The other day Judge Riddle, of Toronto, stated that it was becoming a most serious problem in the conduct of the courts, and I have heard a well known police magistrate of a large city in Ontario declare that it is impossible to believe people in their oaths. The statement made by a witness in a recent celebrated election trial that he advised his agents when sworn to kiss their thumbs instead of the book and then they would not be guilty of perjury shows the utterly unworthy idea such a man has of him who is sworn. Affidavits are taken and solemn oaths administered often in such an irreverent manner that the solemnity which is attached to them in lacking and the awfulness of invoking the Name of God in attestation of man's word is but little realized. There should either be special officers for the administration of oaths or the farce that is now so often enacted should be done away with. To swear a man upon a Bible of which he has heard but little and in which he does not believe or think he does not can give no weight to his evidence. The apostolic condemnation of perjured persons in the same list as the most abandoned and wicked sinners has no effect upon him."

The Reputation of STEWART'S BREAD Has Been Honestly Earned Quality, Cleanliness and Skill in Manufacture have made the name A Household Word ECLIPSE BAKERY, 163 Kert Street.

Mrs. T. H. O'Neill (nee Miss Emma P. McLellan).

A medical expert on insanity was an arrival in this City on Saturday. It was reported yesterday that he spent considerable time in a visit to the County Jail.

Arrangements are being made for a grand sacred concert to take place in St. Dunstan's Cathedral about the middle of February. Program and date will appear later.

Several persons crossed the East and North Rivers on Saturday. There can be little doubt but that the ice is now safe after the extreme cold of yesterday.

Joseph McCormack of this City was on Saturday committed to the County Jail for three months for a first offense against the Prohibition Act. His case was heard and he was convicted last November.

Passengers who came over from Pictou to Georgetown on Saturday report that the ice is beginning to show up in the Straits. The cold snap of yesterday will probably make this more apparent.

At a meeting in the Board of Trade rooms, in this City, Saturday afternoon, Dr. Ellis, the newly appointed government inspector of dressed hogs and meats met a number of shippers and others interested.

The reserved seat tickets and plan for Burn's concert in Market Hall on Jan. 24th, opens at Jamieson's drug-store this morning at ten o'clock. Unreserved tickets at Rankin's drug-store. Popular prices 35 and 25 cents.

The Nickel showed to a crowded house Saturday night. The pictures were good, especially the comies, which caused a lot of amusement. The illustrated song, The Moon has His Eye on You, was sung by Master James McInnis, who possesses a fine voice, and will sing the illustrated songs all this week.

Yesterday was observed as Missionary Sunday in the First Methodist Church, this City. In the morning Rev. Thos. Marshall, of Grace Church gave the congregation some interesting facts and figures and in the evening the pastor, Rev. H. E. Thomas dealt with the Great Commission—preaching from Matthew 28—18, 19, 20.

Yesterday witnessed another sudden drop in temperature. From 25 degrees above zero, registered on Saturday night, the temperature dropped to 11 above at 9 a. m. yesterday. After that hour it grew rapidly colder and during the day measured as low as 5 degrees below zero—the coldest recorded thus far this winter. At 9 p.m. last night the temperature had risen to 2 degrees below, but the strong north-west wind which blew at times with a velocity of twenty miles an hour made it appear as if the cold was much worse than was really the case.

Passed away peacefully at Hazelbrook, after a lingering illness of paralysis of the brain, Mrs. Monaghan, at the age of sixty-eight years. Throughout her life she made many friends who all now grieve at her sudden death. She leaves to mourn one daughter—Mrs. Wm. T. Coady, Alexandra, and three sons—James and John Edward living at Hazelbrook, and Joseph R. teacher at Mill View. Her funeral took place to St. Dunstan's Cathedral, where a requiem High Mass was sung, and the funeral services at the grave were conducted by Rev. J. Peters) of Moncton, is visiting friends and relatives in Rustico.

Cure the Children's Coughs with "SPRUCINE"

It's simply wonderful—the way "SPRUCINE" rids the children of coughs, and breaks up a bad case of Bronchitis. "SPRUCINE" soothes the irritated membranes—alleviates irritation and inflammation in the throat—loosens the phlegm—and heals the lungs. "SPRUCINE" is especially suited to children because it "tastes good" and because it contains nothing that the youngest child may not safely take. All druggists have it. 25c a bottle.
