- No permit shall be issued to anyone under twenty-one years of age.
- Regulations shall be rigorously enforced to prevent fraud and misrepresentation in the use of permits.

Tryon Tid Bits

(BY "EISMACK")
LONDON, June 6. — The Tower of London turned part of itself into a shop the other day and began another of its sales of old armour and weapons—'but' with what dignity, what restraint!

There are no blatant signs displayed. A press representative, however, was told in confidence to go direct to the 'White Tower'.

He went. He saw nothing obvious but a notice directing him to where guidebooks might be bought. "Is there any armour for sale?" he asked.

"Well," rambled the beekeeper with an echo of all the parade grounds of the British Empire in his voice, "we have a few old pieces." He gestured towards a window recess. Found!

There was a small table carrying half a dozen swords, two pistols, and fragments of seventeenth century body armour. There was a basketful of swords on the floor, and underneath the table was a heap of seventeenth century helms.

"Ah, those?" said the beekeeper. "We cannot sell them today; they have not been priced by the Office of Works."

Here was a helmet that once covered a roundhead—and a mighty thick head at that. Its weight was impressive. Perhaps it thundered after the cavaliers at Naseby, while its wearer shouted some of the more damnatory texts of Scripture. Here were pieces to protect the thighs, shoulders, elbows, and arms. They were cheap, and the swords were cheaper still.

"What price for the helms?" said the beekeeper. "Oh, about \$20 I should say. Still you know, they are not good work. We'd given up making armour by that time—just chucked the stuff together."

Mr. Roy Clark, the popular painter and decorator of Augustine Cove, now enjoys the pleasure of motoring, having purchased recently, a beautiful new Ford Sedan from A. Horne & Co., Summerside.

BARGAINS IN ARMS

The people of Tryon and vicinity see prospects of at least, plenty of potatoes next autumn, for seed is being out and fertilizer hauled for the largest acreage yet planted in this vicinity.

Mr. J. Erle Thomson, North Tryon, motored to Summerside Tuesday, where he exchanged his touring car for a Nifty Ford coupe. He was accompanied by his friend, Mr. Geo. MacLeod.

The services in connection with the reopening of the North Tryon Presbyterian Church, Sunday May 29, were conducted by Rev. Hensley Stavert of Hunter River, ably assisted by Rev. Scott M. Fulton of Zion Presbyterian Church, Charlottetown. At the evening service Rev. Geo. Somers of Tryon United Church was also present. Special music was a feature of the services, which were well attended.

What might have been a serious accident, occurred just in front of C. E. Gamble's home at North Tryon when a Ford truck driven by Geo. MacLeod, collided with a Star coupe driven by Percy Calbeck, the coupe suffering the loss of a wheel—and mud fender.
