ANNUAL MEETING P. E. I. Potato Grower's Association will take place today. The members will attend a demonstration at Experimental Farm in the morning. After luncheon which will be at the front of the meeting in the Farm there will be a meeting in the afternoon at the Hotel. The association will be addressed by Dr. Gussow, Dominion Botanist, Ottawa who is at present in the city. The meeting will be a general one at which many topics relating to the Potato Growing Industry will be discussed. The financial statement for the past year which shows a gross business of over half a million dollars will be submitted and discussed.

TRAFFIC ACCIDENTS.—Several accidents occurred over the week end, on Saturday little Margaret Bradley was run over by a car near Hillsboro Bridge. The car was coming along at a moderate speed when the child ran in front of it, turned to go back and then, returned to pass. The driver jammed on his brakes but it is thought the front wheel passed over the child's body. She was at once taken to Dr. Jenkins' office and afterwards removed to the City Hospital where she was reported last night as doing very well although it will be some days before the extent of her injuries, which are internal can be determined. On Saturday evening a car driven by a local garage man crashed into an electric light pole in the vicinity of Gaytown causing serious damage to pole wires and car. Five wires carrying a heavy load were lying around before the employees of the Electric Light plant were notified. Luckily no one at the scene was injured. On Sunday a horse and wagon driven by Mr. Guernsey of the Falconwood Hospital staff, accompanied by his wife and young son were struck by an auto which came along behind them on Highland Ave., throwing out the occupants of the wagon. Autoists coming to the city on Saturday night reported a car in flames on the Malpeque Road this side of the pumping station.

Mrs. Lindquist Tells Women of Middle Age advertisement: 'What Lydia E. Pinkham's Vegetable Compound Did for Her Kansas City, Mo. "I was left in a very serious condition after childbirth and no one thought I could be any better. Then came the "Change of Life" and I was not prepared for what I had to suffer. I had to go to bed at times to be perfectly quiet as I could not even stoop down to pick anything from the floor. I did not suffer any pain, but I was decidedly nervous and could not sleep. For nearly two years I was this way, and the doctor was frank enough to tell me that he could do no more for me. Shortly after this I happened to see in a newspaper an advertisement of Lydia E. Pinkham's Vegetable Compound. In a few days the medicine was in the house and I had begun its use and I took it regularly until I was well. I recommend the Vegetable Compound to others who have the opportunity. Mrs. M. A. Lindquist, 222 Independence Ave., Lindaville, Iowa'
