MISS DOROTHY HESLER.

CHICAGO, March 2.—Miss Dorothy Hesler and her mother, Mrs. Fred Hesler, have left Evanston. Of their going there are two explanations—one that Miss Hesler had become embarrassed by newspaper publicity and the other that she and her mother had gone East so that the young woman might do or say what she could in behalf of Dr. A. H. Robnett and Paymaster George P. Auld, who are to be tried by court martial for an alleged insult offered to Dr. E. S. Cowles at a dance in Boston.

Imported Seed Wheat "A Change of Seed Grain Always Pays" Results of Sowing Imported Seed Wheat Increased Yield and Better Quality THE continuous growing of any variety of grain on the same soil and under the same condition for many years tends to degeneration in quality and decrease in yield. This applies especially to the wheat crop in P. E. Island. Our firm have been pioneers in wheat importation, and the largest dealers since 1883, and tens of thousands of bushels have been imported and sold by us; in fact our Seed Store has for twenty seven years been HEADQUARTERS FOR IMPORTED SEED WHEAT. WHITE FIFE We have imported direct from the Province of Saskatchewan, some choice No. 1 White Fife of excellent quality. Grown from stock seed sent from Ontario. This is the best Wheat in the world, and a very desirable change. Farmers should see this Wheat. Gives more flour of excellent quality and yields well. If your nearest Merchant has not got a supply of this GRAND WHEAT direct from us, write us for samples and prices. Our supply for this season has been pronounced by prominent farmers who have examined it to be the finest they have ever seen. WHITE FIFE CARTER & COMPANY Limited Seedsman &rtuf.

Let Him Stay a Man. A man soon gets mighty tired of treating his wife like a goddess. If he cannot be at ease with her, and smoke when he pleases, and take off his coat if he wants to, and throw ashes on the floor and cigar stubs all over the house, he is going to be mighty uncomfortable, and long to go where he can. For it is born in a man to like to do these things, just as it is born in a girl to like to do her own pet things. Moreover, if a girl has once known a man in a perfectly comfortable chummy way, she will find him worth twice as much as before he dropped his awe of her. Men are pretty nice as they are, but for goodness sake, don't try to make a man ladylike. He isn't and won't be if he is even half a man.—Atchison Globe.

Back to the Farm. There is just one way for the people of the city to find it possible to buy eggs, chickens, meat and flour for less money—that is for some of them to leave the city and go back to raising more hens, more cattle, and growing more wheat. The fact is that the country is getting top-heavy. The cities are calling too heavily on the producing areas. Farming is getting to be one of the most profitable businesses of the country because the proportion of non-producers is getting so large. It is all a matter of supply and demand; just now the demand for foodstuffs is larger than it has ever been in proportion to the supply.—Denver Republican

William wanted no lawyer. Reason Assigned Was Something of a Blur on the Profession. When Justice Rufin opened court in a small town in southern Georgia one morning last week, he called loudly: "Jones against Johnson!" A dazed gentleman came to the bar, and said: "I am Dr. Jones, you honor, the complaining witness. My chickens were stolen and found in the possession of—"

Winter has always proved a trying time for rare and delicate birds in the zoological gardens. One interesting theory has been advanced, that owing to the long nights in these latitudes in winter the poor birds do not feed long enough during the day to "keep body and soul together." In the old insect house some good was effected by inducing the birds to feed before dawn with the aid of a powerful motor lamp which was placed there an hour in the winter.
