FINANCIAL NEWS BRIEFS

(Received over Pitfield and Co's Private Wire)

TORONTO, Aug. 28—Noranda—As a result of Noranda's withdrawal from the N. Y. S. E. two years ago a gradual switching of holdings is understood to have taken place from American interests, continental and English hands. American trading previously constituted an important part of the actual sales volume and the above mentioned withdrawal quite naturally reduced the market ability of the shares. This would seem to explain the comparatively broad movements recently experienced under light volume but is, of course, merely a technical market situation. Minewise the picture is highly satisfactory with the outlook bright.

TORONTO, Aug. 28—A Canadian press states that fire destroyed the power house of Lake Geneva Mines in Hess township about 50 miles west of Sudbury according to advices received from the forestry department. Flames spread to the bush and mine employees kept it from spreading further. Other surface buildings were unharmed the report said. It is now offered at 63 1/2 bid.

NEW YORK, Aug. 28—There is no news this morning which would help the market, the far east situation continues most unsatisfactory, consequently we would look for nervous market today and probably lower prices. The sharpness of the decline has probably induced considerable short selling which should improve the technical position of the market. We would defer long commitments at least until Monday.

NEW YORK, Aug. 28—American Bureau of Metal Statistics reports world zinc production in July totalled 156,078 short tons against 154,908 in June and 139,000 in July 1936.

LIVERPOOL, Aug. 28—Wheat closed 1 5/8-1 to 1 7/8-1 lower.

NEW YORK, Aug. 28—Imperial Tobacco declared common dividend of ten cents on common and semi-annual dividend of 3 per cent per one pound sterling both payable Sept. 30 record Sept. 10. Similar dividends on common was paid June 10. French cabinet today will sign decree eliminating 10 per cent tax on revenues received from government bonds.
