YESTERDAY a gentleman in referring to the many improvements on the Prince Edward Island Railway said that he was privileged to ride a first class car, a few days ago that compared very favorably with the service given by the C. P. R. or the I. C. R. He however thinks that the old first class cars should be made into second class cars as the modern ones have placed them in the shade. The new engines are a vast improvement over the old ones and should give every satisfaction both to the management and to the patronizing public.

THE following volunteered yesterday for service in South Africa:

- Wm. C. Cook, Alfred Hall, Hedley Vickers, Cropley, Wm. Harris, T. Leslie McBeth, James Pigott, Raymond Sellar, Patrick Connolly, C. M. Clark, G. O. McLeod, L. B. Chappell, L. Fraser, George Watters, W. A. McEachern, F. D. Kennedy.

In all the R.C. churches of this diocese yesterday His Grace Archbishop O'Brien's Easter pastoral letter was read. The Archbishop refers to the "close of a century which may well be called an era of mechanical and material progress," but, not equally so of intellectual progress. "Old time customs and methods have been discarded and new standards of action have been introduced, new axioms in business and in Government are heard in busy marts, and in Legislative halls. The recognition of an overruling Providence in human affairs, when not openly sneered at, is politely discouraged. He opines that the sense of the supernatural is less keen than in past ages, and his homily on those points is calm, dispassionate, and tinged with regret rather than reproach. It is a most thoughtful discourse throughout. —Hx. Recorder.

The Twanging Pains . . . of Rheumatism
Are Caused by Uric Acid Being Left in the Blood by Diseased Kidneys . . .

To suffer the most excruciating pains, to lose the use of limbs, and to have the joints swollen and disfigured is the lot of the victim of rheumatism.

Uric acid in the blood is the cause of rheumatism. If the kidneys are active they remove the uric acid. That is their special work. If, on the other hand, the kidneys are deranged, there is sure to be uric acid in the blood and rheumatic pains through the body.

No amount of liniment will ever cure rheumatism. It sometimes relieves, but cure can only be brought about by setting the kidneys right. The most effective kidney remedy known to man is Dr. Chase's Kidney-Liver Pills. They cure rheumatism permanently by making the kidneys active in their work of removing the uric acid from the blood.

Dr. Chase's Kidney-Liver Pills positively cure backache, lumbago, rheumatism and all disorders of the kidneys and liver. One pill a dose. 25c. a box, at all dealers, or Edmansson, Bates & Co., Toronto. 14
