While most of the farmers' hedges digging their potatoes has not yet been started, some in the ground. Also some grain to be harvested. The new telephone line being completed, Earnsccliffe, Cherry Valley and China Point are now on "speaking terms" with the rest of the province. A city Jeweller says the telephone is a great aid to matrimony. **A Stubborn Cough Loosens Right Up**

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, whooping cough, bronchial asthma or winter coughs.

To make this emulsion cough syrup, pour 2 1/2 ounces of Pinex (50 cents worth), into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get 16 ounces—a family supply—of much better cough syrup than you could buy ready-made for \$2.50. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guarantee to give absolute satisfaction or money promptly refunded. The Pinex Co.

**"Goodbye, Berlin!"**

Turkey has had enough!  
Driven out of Egypt, chased through Palestine, his grip on Mesopotamia gone, the "unspeakable Turk" is powerless except to massacre Armenians.

His faith in Wilhelm is shattered—Wilhelm who claimed special influence with Allah!  
Wilhelm who called the British soldiers a "contemptible little army";—who said the United States could never raise an effective fighting force; who promised the U-Boat campaign was going to bring England to her knees.

!!-\*?!!-!-  
So the hopes of Turkey in Europe vanish; an inglorious chapter in history draws to a fitting close.

The men who swear by the beard of the Prophet lay down their arms to the men who swear by a real shave.

Turkey—aye, and Germany, too—should have known better than to pit their strength against ten million men who own and use Gillette Safety Razors—keen disciples of the shaven chin.

Bulgaria gone; and Turkey gone! The stoutest hearts in Germany and Austria may well quail before a combined foe which calmly whips out thousands of Gillettes and SHAVES before the charge!

says tobacco and Scotch whisky is a great aid in fighting influenza. It is not advisable, however to use enough to land you in the Police Court.—The following have been visitors in Earnsccliffe in the past few days. Mrs. Robert Jenkins, Mt. Albion; Messrs. Oliver and Furness Matheson, Mr. and Mrs. Patrick McKenna, Vernon River; Mr. John Lewis, Summerside, Mass. and Messrs. Everett Jenkins and Frank Vessey, Mount Mellick.—Q

The death occurred in the P. E. Island Hospital on Sunday Oct. 27th after ten days illness of pneumonia, of Mrs. Thomas R. Beer of this city, formerly of New Haven. She leaves to mourn her husband, her mother and father, Mr. and Mrs. William Beer, Kingston and three sisters. Mrs. Benjamin Ward, Kingston, Mrs. Teresa Tillson and Mrs. Will Morrow, in Massachusetts, to all of whom the Guardian tenders sincere sympathy. The funeral will take place today at 1 o'clock from Wright's undertaking parlors to the Presbyterian Cemetery at Clyde River.

Many will learn with sorrow of the death of Mr. Charles McLellan, proprietor of the "Quality Drugstore," Summerside, which occurred yesterday morning after a short illness of pneumonia. The deceased was a son of the late Mr. John McLellan, Tignish. He entered the drug business in the store of Dr. Johnson, Tignish, and later took a position in the drugstore of the late Dr. A. A. McLellan, Summerside. About seven years ago he purchased the business of the McNeill Drug Co., which he conducted most successfully till laid aside by the illness to which he succumbed. He was a young man in the prime of life, a man of exemplary character and had many friends who will sincerely regret his death. He leaves to mourn his wife, formerly Miss Clara McKinnon, daughter of the late Captain D. McKinnon, for a number of years Captain of the D. G. S. Brant. To the bereaved widow and relatives the Guardian tenders deepest sympathy.

On Wednesday the 16th day of Oct. 4 years. The cause of death in both cases was measles followed by pneumonia. John P. and Daniel B. were bright little boys and their winning ways not only endeared them in the home where they will be sadly missed but made them favorites with all who knew them. The warm sympathy of the community goes out to the bereaved parents who in their loss have the sweet consolation of knowing that their little ones are with Him who in His love said "suffer little children to come to Me for of such is the Kingdom of Heaven."

**Ambassador Gerard Says:**

"The German Armies were held only a few days, yet the delay of those few days changed the fortunes of the whole world."

The Belgian soldiers who held on those few days, died fighting. Their children are dying of slow starvation. It would be well to digest these two statements.

If we grasp what this situation means, we can SAVE Belgium—not by the sword, but by paying our debt in part.

A contribution of a few dollars, administered by the Canadian Bureau in Brussels, will restore health and strength to a little Belgian, now in the grip of pitiless starvation. Oh, it is hard to write calmly and sanely about a horror that is positively ghastly...

Growing children struggling along on a bowl of soup and two pieces of bread a day, furnished by United States loans to the Belgian Government. . . . . Poor little mites, what hope is there in such a ration of building flesh and bone? No wonder Consumption and Rickets stalk through the stricken land.

Through the Belgian Relief Fund, YOU can help to alleviate this horror for at least one little sufferer. You needn't forego your three good meals a day to do it. Send in your contribution. Mark it "For the Belgian Children". And whatever you give, give quickly!
