The American working man, while he works shorter hours, works harder than the working man of any other nation. He works not only with his hands but with his head. He is an intelligent worker and produces more in a given length of time than the worker of any other nation. He not only exhausts himself physically, but mentally; not only muscularly, but nervously.

The consequence is that while he is better fed and better housed, he is not, as a rule, as healthy a man as his brother working-man of European countries. Moreover, like all Americans, the American working-man is prone to disregard his health and frequently even takes pride in abusing it. It rests with American wives to protect their husbands in this respect. A little watchfulness on the part of the wife will frequently save her husband from a long spell of ill-health and possibly from some fatal illness. When a man feels "out of sorts" it is because his digestion is disordered or his liver is torpid. Dr. Pierce's Golden Medical Discovery will promptly correct these disorders. It is the great blood-maker and flesh-builder. It restores the appetite, makes digestion perfect and the liver active. It purifies the blood and tones the nerves. It cures 98 per cent. of all cases of consumption, bronchitis, asthma, weak lungs, lingering cough, spitting of blood and disease of the throat and nasal cavities. Thousands have told the story of its wonderful merits in letters to Dr. Pierce. It may be had at any medicine dealer's.

"Your 'Golden Medical Discovery' cured me of a severe case of poisoning of the blood," writes Mrs. Sella Ricca, of Coast, Santa Cruz Co., Cal. "That was two years ago, and I have not had a boil or sore of any kind since."

It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. Dealers in medicines sell them.

APPALLING DEATH

From Kidney Disease Prevented by Dodd's Kidney Pills, Only.

"Kidney Disease." Do you know what it means? It means that the kidneys are either *rotten*, or rotting; the blood is full of poisonous, death-dealing corruption; that the Kidneys can't do their work; that the victim is a walking charnel-house; that his hours are numbered; that the victim MUST take Dodd's Kidney Pills if he does not want to die.

Have you Kidney Disease? Is your skin hot and dry; memory failing; breath short; urine, reddish, or pale colored; does it scald when passing; is your appetite changeable; do your ankles swell; have you bitter taste in the mouth on getting up mornings; is there a brick-dust deposit in your urine?

Any of these signs is proof positive of Kidney Disease. Will you be cured, or will you die? Dodd's Kidney Pills are the only means on earth that will cure you. They never fail.

DR. CLIFT

treats **Chronic Diseases** by the Salisbury method of persistent self-help in removing causes from the blood. Continuous, intelligent treatment in person or by letter insures Minimum of suffering and Maximum of cure, possible in each case.

Avoid attempts unaided.

THE PLEBISCITE CAMPAIGN.

At the fourth meeting in connection with the plebiscite campagin in Gordon Division hall the Rev. J. A. Gordon delivered an address from the following text: "Woe unto them that justify the wicket for a reward and take away the righteousness of the righteous from him." (Isa. 5.23.)

He said that the aim of every good citizen should be so far as that was possable to curtail the evils that existed as well as to hinder the introduction of others.

It is considered that the saloon is an evil, and that its influence should be curtailed. It is a parasite on every enterprise. Its growth means the decay of every legitimate and helpful institution and industry, as the home, the school and the state

"It makes their roots rottenness and their blossoms dust," simplyfying destruction both of resources and results.

An intelligent understanding of the nature and function of state and law would declare the saloon an outlaw.

The state exists to protect and promote human welfare.

Law is declarative; it declares and defines what is socially right and wrong.

Blackstone defines Common Law as holding that no man has the right to use his property to the injury of another. This definition leaves no room for the saloon, not even a fee of $300 $500 or even $800 will justify this iniquity.

Natural Law requires that a man live homestly, hurt nobody and give every man his due.

This again rules out the saloon.

Moral Law requires that a man love his neighbor as himself.

In no way can the saloon be in harmony with this principle.

Law is regulative as well as declartive.

The State not only declares and defines what is socially right, but by law it also restrains the evil-doer.

It is not the function of law to regenerate man, but it is its function to withhold sanction from anything which would "take away the righteousness of the righteous," or make it impossible to act the part of a good citizen.

Law, to be anything better than advice, must provide for its own enforcement. "In vain would rights be declared, in vain directed to be observed, If there were no method of recovering and asserting those rights when wrongfully with held or invaded." Blackstone.

If the state is under obligation to feed the pauper care for the insane, maintain criminal courts with all their accompaniments, surely it is bound so far as possible to remove the cause involving all this expense.

If the state is found to educate its children and encourage immigration, surely it is bound to remove the chief cause of illiteracy, as well as what destroys as great a number of our own citizens as the number of immigrants we secure.

Is not the liquor traffic then an alien in rebellion against the state of which it demands protection; as a parricide who would claim the mercy of the court on the grounds that he was an orphan.

Can such an institution as the saloon be justified for reward?

With us it is.

For a reward of $22,500 the city of St. John justifies 75 taverns, for a reward of $4,500 we justify 9 wholsale houses, for $2,800 we justify 7 hotel bars, for $350 we justify one bottling establishment and for $800 we justify one brewery.

For a little over $2,000 in fines we condone the brood of crimes inspired by the traffic

To license these establishments involves the sacrifice of all ground of moral appeal for that which is morally wrong cannot be made legally right.

No ground for moral suasion is left, even were it so moral suasion is of no use more than to a Bengal tiger.

To license these establishments involves positive opposition to the homes, schools, churches and industries of the land. The growth of the traffic means the destruction of all these.

On this fact alone we can rest our case. To license these establishments involves our partnership in the business with all its consequences. The license is the article of partnership setting forth what we on our part will do for the publican and what he on his part will do for us. We give his business police protection, he gives us $30,950 per annum, with perquisites of about $2,000 in fines.

Any licence law involves partial failure, e. g., see police reports on Monday morning. The business is naturally a lawless one.

License was never a great financial success even if life and mortality were commercial commodities.

Suppose the Springhill disaster with its 121 deaths were repeated weekly and the only licence given were that from the kind of explosive used, the government gained a revenue, while none was collected on a safer material, what an uproar there would be, but just as many men perish weekly in Canada from strong drink, and yet people whimper about the revenue.

The liquor traffic involves the final ruin of a country. "Their roots shall be rottenness and their blossom shall go up as dust."

The word of the Lord and the verdict of history are one on this matter.

Drunken Israel fell before Sober Assyria, Isa. v.—28.

Drunken Assyria fell before Sober Babylon.

Drunken Babylon fell before the Sober Medo Persian Kingdom.

What over mastered them will overwhelm us.

But I see the dawn of a better day.

Royal commission, provincial and federal plebiscite are loading the gun with the shot and shell of fact and argument which shall some day sweep this traffic from our broad dominion.

PRINCE EDWARD ISLAND

And Its Attractions to Tourists.

Prince Edward Island's summer climate is delightful, free alike from chilling fogs and excessive heat. The many bays and winding estuaries, together with the dark and bright green foliage, and the rich verdure of the meadows, make up a scenery which is beautiful and quietly picturesque. Surrounded by the Gulf of St Lawrence, whose waters are almost as saline as those of the ocean itself, it enjoys all the coolness of the sea breeze, and the advantages that can only be derived from sea bathing The average temperature of the water is about 65 degrees.

Charlottetown, the important city of the Island, has over 12,000 inhabitants, and is the capital. It is connected by rail, steamship and stage with all the important villages, towns and seaports, and an extra fine farming region. It has many great retail stores, besides a large wholesale trade. It has an enterprising Gas Light and Power Company, two Electric light plants, and a street railway will soon be an accomplished fact. It has a first class water works system suppling the city with as good if not the best water in America, and a complete modern system of sewerage is now being constructed. It is famed for its wide streets, many of which are shaded, its many pleasant drives, the principal of which is the new Park Roadway, its attractive surroundings, pure water, and clear, cool and bracing air. It is widely known as one of the healthiest cities in Canada. It has two hospitals, many churches and a large and elegant new Opera House. It also has several fine public buildings and a market which is one of the chief sources of the citizens' pride. It has one of the largest and best equipped pork-packing establishments in the Dominion. On its west side is Victoria Park—a favorite summer resort—while on the east are the magnificent new Exhibition Buildings and Driving Park. Chief among its public squares is Queen Square in the centre of the city, beautifully laid out with blooming plants of every description, fountains, and well arranged walks, and enlivened with a band of music during the summer evenings. The rural scenery in the vicinity of Charlottetown is charming, and horses for driving are abundant at very low prices Boats can also be hired, and steamers run regularly on the bays and rivers, affording most pleasant excursions. The principal hotels are Davies. $2.00 up per day, $10.50 up per week; Queen, $1.50 per day, $6 00 up per week; Revere $1.00 to $1.50 per day, $4.00—$5 00 per week.

Summerside is the next largest town in the Province, with about 4000 inhabitants. It is situated on beautiful Bedeque Bay and in the centre of a fine large farming region. It has the largest and finest departmental store in the Maritime Provinces, besides having other large retail stores. It has an Electric Light Plant, and a water works system and sewerage are being agitated for. Tourists are delighted with the beautiful scenery and the many pleasant drives in the immediate vicinity of Summerside. The hotels are—Clifton, $2.00 per day, by agreement per week; Russ, $1.50 per day, $7 00 per week; Campbell, $1.25 up per day, $6 00 per week.

Georgetown and Souris are the two important towns in the eastern part of the Island, with a population of about 1,000 each. In the former the Aitken, 1.50 per day, by agreement per week; Tapper, $1.50 per day, $5.00–$6 00 per week, furnish good hotel accommodation, while in Souris the Sea View, $1.50 per day, $8.00 per week, affords exceedingly home-like quarters.

At Cape Traverse, a very pleasant summer resort, is the Lansdowne, a large, airy hotel at $1.00 up per day $4 00 to $8 00 per week. In Alberton there is the Albion Terrace and Wisner, each $1.50 per day, 5.00 per week. In Tignish Railway, 1.00 per day, 5.00 per week, In Kensington, Clark's 1.25 per day, 6.00 per week; Commercial 1.00 per day, 5.00 per week. In Montague, McDonald 1.00–1.50 per day, 6.00 per week. In Mount Stewart, Clark's and Manson, each 1 00 per day or 4 00 per week.

The following hotels open for the summer season: At Hampton, Pleasant View, $1.00 pr. day, $5.00 pr. week. At Stanhope, Mutch's $1.30 pr. day, $5—7 pr. week; Cliff $1.00 pr. day, 5—6 pr. week. At Brackley Beach, Shaw's, $1.30 pr. day, 6—8 pr. week; Sea View, $1.00 pr. day, 5–6 pr. week. At Rustico, Seaside, $1.75 pr. day, 7—10 pr. week. At Malpeque, North Shore, $1.00 pr. day, $6. up pr. week. At Tracadie Beach, Acadia $2.00 pr. day, $8.00-10.00 pr. week. At Alberton, Seaforth, $1.50 pr. day, $7.00 pr. week. At Pownal, Florida, $1.52 pr. day, 5—7 pr. week.

In addition to those already mentioned there are several other important and progressive owns and villages in the Province, all with ample Hotel accommodation, while the numerous comfortable farm houses prepare for the reception of tourists at moderate rates.

The rivers and streams teem with trout, the bays with mackerel, while game of almost every description abounds.

"Many Physicians of Canada are now prescribing ABBEY'S Effervescent Salt" CANADA LANCET.

MACKAY'S

Summer Goods Have Melted Down.

We are bound to clear out all Summer Goods and offer them at the following low prices:—

Harvest Gloves at **30c** a pair.

Waterproof Coats **$5.00** up.

Bicycle Suits **4.50** up.

Men's Cotton Hose **8c** per pair.

Cotton Blankets, **$1.00** per pair.

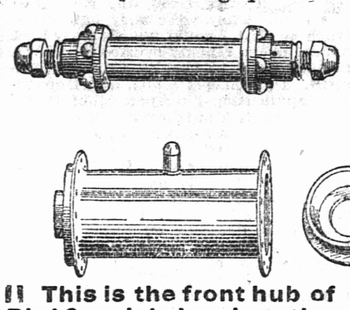
Prices tell but half the story. Call and inspect.

W. D. MacKAY,

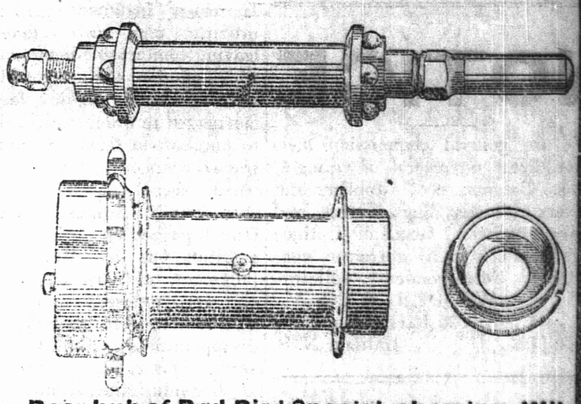
BARGAIN CORNER.

SHERRITT RODE HUBS LIKE THESE.

In his races at Peterboro and Toronto, Alf. Sherritt, who defeated the fastest amateurs in the Dominion, rode a Red Bird Special with the new caged bearings that add so much to the easy running qualities of a wheel.



This is the front hub of Red Bird Special showing the new caged bearings.



Rear hub of Red Bird Special showing Wilson automatic brake and new caged bearings

It will be noticed that with the new cage bearings the balls are separated and never come in contact with each other. The result is an entire absence of friction, and easy running qualities utterly impossible with the old style bearings. Sherritt was fortunate enough to choose a Red Bird Special, with caged bearings, for his mount, and the result was that at both Peterboro and Toronto he won just about everything for which he competed, all of which would go to prove our old contention that when anything worth winning is won the trick is generally accomplished on a Red Bird.
