Extra Years of Easy Riding

IMAGINE an engineer daring to design a bridge with only enough strength to bear the strain of traffic! Instead of that, he provides for a liberal surplus. This "factor of safety" means long life to the structure in spite of hardest usage. This principle is applied in

C.C.M. Bicycles

C.C.M. frames are practically wreck-proof. Not only are the frames made of the highest grade of steel tubing obtainable, but our "fishmouth" reinforcement provides more than enough "factor of safety." Extra plates fortifying the inside of the joints against strain make the frame practically unbreakable.

All bright parts are coated first with copper—and copper can't rust—then they are heavily nickelled. C.C.M. bicycles look like aristocrats long after rust has made ordinary wheels fit for the scrap heap.

Such typical C.C.M. endurance advantages mean extra years of service and prevent the accurate C.C.M. running parts getting "out of true." Thus your C.C.M. bicycle can be depended upon to run smoothly year in and year out.

All C.C.M.'s have the famous Hercules Coaster Brake—the brake without the side arm. It is sensitive, dependable and effective always.

C.C.M.'s share by comparison in any company on earth. There is a C.C.M. dealer near by. See him.

Perfect Masser Cleveland Red Bird Columbia

Look for these Name Plates when choosing a bicycle. All of them will know how to choose the "C.C.M." bicycle.

90% of the parts of every C.C.M. Bicycle are made in Canada and each machine is fully guaranteed by

MONDAY

A very sad accident occurred Saturday morning at Mill Valley, near Kensington, when Mr. Andrew Murphy, proprietor of the mills and electric light plant met a fatal and instant death when a moving shingle mill burst. Mr. Murphy lived only an hour after the unfortunate occurrence. He leaves to mourn a wife and three small children, for whom the deep sympathy of the community goes out in the sudden bereavement which has thus come to them.

WEDDED IN THE WEST.—Announcements have been received by friends in P. E. I. of the marriage of Major M. P. Freeman Boulter to Mrs. Nettie Boulter of Quimper, Saskatchewan. Major Boulter was formerly of Tryon and will be remembered as the first officer to leave the Island in charge of a detachment on the outbreak of the war in 1914. Having secured his discharge he decided to go West on account of Mrs. Boulter. The many friends of the popular officer on the Island wish him the best of luck and a long life of happiness.

DISGRACEFUL ACT.—Last Sunday night a clergyman and friends returning from a preaching appointment by automobile, encountered a number of logs and trees placed across the road, about a mile west of New Haven Corner, evidently for the purpose of causing damage to any passing cars. This is simply disgraceful and the decent people of this community should endeavor to find out the culprits as such an act is a reflection upon the whole community. No one would believe for a moment that there are many such criminals in this respect, able community and the guilty ones should be discovered and punished as they deserve. The dastardly act might have ended very seriously for the occupants of the car in which case the penitentiary or worse might have been the result to the guilty ones. In any case if the community does not look after their parties the authorities must.

WEDDING BELLS.—At the Queen Square Methodist church, St. John, at 6 p.m., on Wednesday last, Mr. DeWitt Cairns, of St. John, who has many friends in Charlottetown, was united in marriage by the Rev. G. F. Morris, to Miss Irene Seaman, of St. George, Charlotte County. Both parties were unattended and the ceremony was performed in the presence of only the immediate friends and relatives of the contracting parties. The bride wore a navy blue jersey suit with hat to match. The groom, who is employed with the L. M. Johnson Electric Co., Charlotte street, was presented with a purse by the bride. The bride, who for the last two years has been a nurse at the East St. John County Hospital, was given a shower by the nurses and patients of the hospital on Tuesday evening, and was presented with a set of silver by the staff, also some linen from the patients. Mr. and Mrs. Cairns will reside in the city.—St. John Globe.

—PARSONAGE PEOPLE REMEMBERED.—The Rev. Robert and Mrs. Brodie, of Cape Wolfe and O'Leary circuit, have received many tokens of appreciation from the residents of the circuit in connection with their three years stay, which has just finished. During this time the relationship between them and the people has always been of the sweetest description. The stay has also been one of considerable success. The financial part has reached the high water mark, this being accomplished in the face of the fact that the circuit lost by death and removals some of its best supporters. Mr. and Mrs. Brodie returned on July 2 for their new appointment which is at Mount Stewart, their successors being Rev. John E. and Mrs. Whitham.

The convention of fox ranchers held in the Y. M. C. A., Charlottetown on Saturday attracted a large and representative gathering of ranchers from different parts of the Island. Dr. Houston of Kensington presided at the afternoon session and Mr. J. Walter Jones at the one held in the evening.

Papers written by Mr. F. L. Rogers on the Future of the Fox Industry and by Mr. Chester McLure on the Volume of Trade and State of the Market were read and were well received.

The chief feature of the meeting was Dr. Andrew Hunter's observations on the fox industry, particularly with regard to nutrition. The Doctor laid down the principles of nutrition, and their application to the problems encountered in the breeding of foxes. Dr. Hunter's observations were very much appreciated by the fox men present as indicated by the numerous questions asked. The Doctor was kept busy practically throughout the course of the two sessions answering questions.

From the information gleaned from the fox men it would appear that there is really very little trouble among the foxes here other than imperfect nutrition, fleas, worms and occasional cases of distemper. In some instances cases of food poisoning were also noted. On motion of Dr. Houston, of Kensington, seconded by J. C. McKendrick, President of the Caretakers Association the following resolution was unanimously adopted: "Inasmuch as the fox ranchers of P. E. Island have invited a survey of nutritional problems affecting the domestic fox and inasmuch as the Honourary Advisory Council for Scientific and Industrial Research have now completed a survey of conditions through their able agent Professor Andrew Hunter of Toronto University. Therefore resolved that this representative body of ranchers thank the council for its ready response, and pray that such action may be taken by the council as will enable Dr. Hunter's recommendations to be put into effect as soon as properly qualified investigators are available. Dr. Hunter in conclusion gave assurance to the meeting that further investigation would be recommended by him to the Research Council which he represents.

—WEDDING BELLS.—At the home of Mr. and Mrs. Samuel Lidstone, of Mount Royal, a very interesting wedding took place on Wednesday evening the 18th inst., when their daughter Miss Ethel Mae was married to Mr. Harry Roy Ramsay, of Mount Royal. The ceremony was performed by the Rev. Robert M. Brodie. The witnesses were Mrs. Annie Ramsay and Mr. Wm. Burleigh. In addition over 50 guests were present to look upon the bride, who looked a pretty picture in a beautiful dress of white silk. The ceremony took place under an archway of flowers, while the bride carried a handsome bouquet. After the wedding the guests partook of a bountiful wedding supper. The happy young couple, who will reside at Mount Royal, have the best wishes of their many friends in the new life they have entered. W.

WITH THE FAST 'UNS.—Among the prominent men training their horses on the North Tryon driving park on Wednesday evening were John Albert Rogerson with that sensational green pacer, John R. that created such a sensation on the Tryon River ice last winter, Fred Walsh with King Brazilian, Roy Stony with Bobby Burns, Earle Boulter with his green pacer Olla K., Martin Kenough with Lord Hastings Jr., Philip Howatt with his three year old pacer sired by Petrella, Jam Queen Marie, Hallet Rogerson with Minnie B. and others. The many friends of Fred Walsh were delighted to see him pilot "Old King" down the track after an absence of over five years, from the racing circle. "King" seems to be in better racing shape than he has been in for a long time, and may make some of the "24" horses chop clay to keep in touch with him this summer. Arthur MacKay, Albany has a very promising pacer sired by Petrella which for a young mare is showing fine bursts of speed.

TUESDAY

—GOING WEST.—Mr. R. P. Lewis, Cardigan Bridge, who had spent last week in town, the guest of his aunt, Mrs. William M. Flynn, left Monday morning on an extended visit to Whitefish, Montana, where he will be the guest of his uncle, Mr. Frank Reyleck, merchant of that place.—H.

CIRCUS AT BORDEN.—It is announced that Robinson's Circus now touring the Maritime Provinces will arrive at Borden on Friday, July 4th and remain there for two days. It is stated that it will require six trips of the Car ferry steamer to bring over the animals and other paraphernalia.

OUTLOOK BRIGHT.—A gentleman who came in Saturday from Alberton reports that the political outlook there for the Conservative candidates is very bright. The convention held there last week at which Hon. Sir Chas. Dalton and Dr. E. J. Keir were nominated was very largely attended and a great spirit of enthusiasm pervaded the whole proceedings.

—FROM OVERSEAS.—The many friends of Nursing Sister Madge H. Thomas, of North St. Eleonors, are pleased to see her home again after serving eight months with the American troops in France. Nursing Sister Thomas will spend a few days with her parents, Mr. and Mrs. John Thomas, before reporting in New York.

WEDDING BELLS.—A pretty home wedding took place last Wednesday evening at the home of Mr. and Mrs. Daniel T. Fraser, Kingston, when their daughter Miss Mable Melissa was united in marriage to Mr. F. Elmer Younker, of the same place. The ceremony was performed in the prettily decorated parlor by the Rev. H. R. Bell. The bride looked exceedingly nice in a gown of white crepe de chene with veil and orange blossoms. She carried a bouquet of white sweet peas and lilies of the valley and was attended by her sister Miss Pearl, who wore a becoming gown of pink silk and carried pink sweet peas and lilies of the valley. The groom was supported by Mr. R. Hathrop Green. After the ceremony and congratulations a dainty supper was served. The happy young couple received many lovely gifts and on their wedding eve were serenaded by the young people among whom they are very popular. The Guardian joins in happiest congratulations.

The residents of Forest Hill were deeply shocked on May 6th when it was learned that the spirit of Ann beloved wife of Archie McPhee had departed this life for her Heavenly home after a lingering illness, borne with true christian patience, leaving to mourn besides her husband, three children: Christy, Effie and Murdoch. She was a woman of true Christian character always cheerful and ever ready to give a helping hand in anything for the betterment of the community and hospitable indeed to any who had the pleasure of visiting her home. Her funeral which was largely attended took place on the 10th being delayed awaiting the arrival of her sister, Mrs. Tucker from Boston. The services were conducted by Rev. James Heron, Mt. Hope. Interment took place in Dundas Cemetery. "Blessed are they that die in the Lord."

—SENT TO SUPREME COURT.—The preliminary trial of the young man, Fred Gallant, charged with breaking and entering the butcher shop of Mr. Harry Silliphant on Water Street and taking therefrom a sum of money, came up for hearing on Friday morning before Judge McQuarrie at the police court. The evidence showed that \$6 was missing from the cash register while the store was locked between 12 and 1 o'clock on Thursday the 12th inst and on Friday the 13th \$5 was missing between the hours of 6 and 7 p. m. On Saturday the 14th Chief of Police Oakes was put on the job during the noon hour and a few minutes after was rewarded by the capture of Gallant who gained an entrance by forcing in a back door. The evidence also showed that the prisoner admitted taking \$11 from the register. His honor remanded the prisoner to jail to await trial at the fall term of the Supreme Court.—H.

MARTIN-SENOUR
"100% PURE" PAINT

Takes Less for the Job—and wears Longest on the Job

A Paint, to be 100% efficient, must be 100% pure. Only an absolutely pure paint can cover completely, spread easily and protect the surface of wood and metal against the destructive action of wear and weather for years.

costs less than any other on your house, because it covers most, spreads easiest and lasts longest.

It is true economy to keep your house well painted; it saves repairs and deterioration.

It is the truest economy to use "100% Pure" Paint.

LION BRAND

"LION BRAND" CORDAGE
Is Made in Canada

THE FACT that there is no cordage manufactured that will give you better value for your money, is the chief reason why you should insist on LION BRAND, but there are other reasons.

There is some imported rope on the market of inferior quality. Cheap rope will not give you the service required. Avoid all chances of loss and disaster by insisting on LION BRAND. Our new factory at Halifax is equipped with the most modern machinery, ensuring a product that will stand every test.

Whether it be manila fishing net head ropes, lobster rope, standing or running rigging for vessels, marine, wrapping twine, or any kind of cordage used for marine, lumbering, mining, or agricultural purposes, remember that it is being made at Halifax, and if you insist on LION BRAND you will get a product that will not disappoint you.

Ask for LION BRAND Cordage.
