You'll get 50% MORE JAM or JELLY from your fruit with CERTO

It's Very Easy... Very Quick... gives SURE RESULTS

Certo jams need only a one to two-minute full, rolling boil . . . Certo jellies only a half-minute to a minute. So quick—so easy. No long, tedious boiling and stirring.

In this short boil practically no precious juice can boil away in steam. So you get up to *one-half more* jam or jelly from the same amount of fruit than in long-boil recipes. And how you welcome that extra amount.

Short boiling cannot spoil the fresh fruit taste or dull the natural colour as old-fashioned long-boiling does. Certo jams and jellies retain lovely colour—fresh fruit taste.

You get a book of tested, easy-to-follow recipes with every bottle of Certo—a different recipe for each kind of fruit. Follow them *exactly* and you are *sure* of success.

Certo is fruit pectin—the natural jellying substance in fruit—extracted from fruit in which it is most plentiful.

A pound of jam or jelly made with Certo contains no more sugar than a pound made the old, long-boil way.

Joint Appeal By Guides And Scouts

DEAR FRIENDS OF GUIDES AND SCOUTS:—

The Executives of the Girl Guides and the Boy Scouts in this Province are joining in an appeal to the public for $10,000.00 to assist them to carry on their work on Prince Edward Island and we appeal to you to contribute as generously as you can. We have the proud privilege of asking you to support organizations that are endeavoring to develop good citizenship among boys and girls, to train them in habits of observation, obedience and self-reliance; to inculcate loyalty and thoughtfulness for others; to teach them services useful to the public and handicrafts useful to themselves and to promote their physical development. Through our work our boys and girls are prepared mentally, physically and materially to fulfil the duties that lie before them tomorrow. Our work is neither political nor denchinational.

We assure you that funds are needed and we ask you to associate yourself with us in our task. We ask you to read the letter from Field Commissioner S. J. Davies setting forth the reasons why the money is needed.

The Guides have never made an appeal to the public for funds and the Scouts have not asked for assistance for one and one-half years. If our objective is attained we will require no further assistance for a year at least.

We assure you that your response to our appeal will give you the satisfaction of feeling that you have assisted an organization that is helping our girls and boys to become useful citizens for tomorrow.

Very ruly yours

HELEN I. REAY,
Provincial Commissioner Girl Giudes

N. W. LOWTHER,

Home Destroyed By Fire

On Monday, July 1st, during a high gale of wind fire which started on the roof from sparks from the chimney completely destroyed the beautiful home of John A. Whitehead, Graham's Road. The family worked heroically and had the blaze almost under control when the wind carried sparks which ignited the other side of the roof. When it was seen the house could not be saved they managed to salvage most of the clothing and bedding from the upstairs rooms. A large crowd of neighbors quickly gathered and removed everything from the downstair rooms. Deep concern was felt for their son Wilfred who had only returned from the P.E.I. Hospital the day before after undergoing a serious operation. It is pleasing to report he is very little the worse of his experience. George received a severe cut on his head when a window was smashed, but refused to give up until everything was saved.
