Rev. Geo. W. Miller will preach on Sunday Jan. 22 in the Tignish, Montrose and Elmsdale Presbyterian churches at 10.30 a. m., 3 p. m. and 6.30 p. m. respectively.

The congregation of the Summerside Presbyterian Church last evening tendered Rev. and Mrs. Strathie a reception which was largely attended, and a very pleasing evening was spent.

At an adjourned meeting of the Town Council Monday evening a bill to impose license on non residents doing business in Summerside was read a second and third time and passed. Councillors Reid, Morrison and Ryan were appointed a committee to ascertain the cost of opening Summer St. to Water St. and report at next regular meeting. A bill to repeal a by law licensing meat and vegetable vendors was read a third time and passed.

The town has now got an option in that portion of the James McLeod estate necessary in the opening of Summer St. to Water St. J. A. Brace having purchased the Campbell Hotel property is about to make as may be required for the extension of the street. The offer will also include the tearing down of the Campbell Hotel and adjoining buildings which will remove the worst fire trap in Summerside, considerably lessen the cost of insurance in this vicinity and in fact be a source of protection to property all over the town. Besides reducing the dangers from fire, the opening of this street would make a much needed short way to the Post Office and other important places and greatly improve the appearance of the town. The matter of opening the street has long been agitated, and citizens are strongly in favor of the movement if it can be done at a reasonable cost. It now remains with the Town Council to make the best possible arrangements with Mr. Brace, later acquire the Fanning property and if necessary a narrow strip of the property occupied by L. Morris. The most important thing at present is to get clear of the "fire box" and give the public a way to the Post Office. The street must be opened in the near future and there is no time like the present. Mr. Brace has several offers to rent part of the hotel building, but will await the decision of the council before making any repairs.

## THE ALBERTON GUARDIAN

Office—Post Office Building—H. Clarke, Mgr.

The Alberton and West Prince Board of Trade held their annual meeting here on Wednesday last. The following is the address delivered by the President.

To the Gentlemen of the Alberton and West Prince Board of Trade:—In presenting my report at this time I must again crave your indulgence if it is not as full and complete as it ought to have been. I am sorry our Board is not better taken advantage of by our business men than it is. To make it of any value, we will have to take a more active interest in it than we have done, and also get more of our coo merical men to join it. It has done some good already, as witness the fine Station House at Alberton which certainly would not have been built of the material it is, and have sanitary equipments added but for the action of the Board. And other improvements through the sphere of this Board can also be accomplished and trade improved considerably if we only have a live Board of Trade looking after our interests, and that can only be done by those who are eligible, joining and attending the meetings regularly.

The season just passed has not been as profitable to our merchants and others as we would like to have seen it. That was largely due to the failure of our crops and lower prices for some of our commodities. I may mention particularly the cheese industry. On account of the dry pastures and the low price prevailing throughout the year it has suffered more perhaps than any other, and when we consider it is one of our principle sources of revenue, it had a serious effect both on our farmers and merchants, but I am glad to say the prices are improving in the mother country and I look for a great improvement next season; and just here I would urge this Board to take up the matter with the other Boards throughout the Island and endeavor to have the

terminus of the direct steam communication from Charlottetown to Liverpool instead of Manchester, as at present, as Liverpool is more of a commercial centre than Manchester, and I believe if that were done, it would be taken advantage of more by our merchants and others, and thereby a greater trade would be done with the mother country than there is at present.

I again apologize for my short and incomplete address but you will just have to take the will for the deed. I will conclude by wishing you all a happy and prosperous New Year and trust that by the end of this year our membership will have increased, and that my successor in office will be able to report a more active interest in the working of this Board. J. A. B. W., President.

The following officers were elected for the ensuing year. President—A. J. Agnew. Vice President—A. J. McFarlyen. Secretary—Jas. E. Birch. Council—J. F. White, W. R. McKie, H. W. Turner, Thos. Wilkinson, Chas. Woodman, J. P. Fielding, P. C. Murphy, F. L. Rogers.

Auditors—F. L. Rogers, W. R. McKie. The following Resolution was unanimously passed: Whereas The Charlottetown Steam Navigation Company is applying for a renewal of the subsidy for their services between Summerside and Point du Chene and between Charlottetown and Pictou, and whereas the existing passenger and freight rates charged by this company are excessive, therefore
