Radio Will Keep Prince Well Posted

(Special to The Guardian.)

MONTREAL Que., Aug. 29.—That the Prince of Wales takes a keen interest in the affairs of the world and particularly the affairs of the empire is well known. He is always found well informed on momentous subjects and does not, as many probably think, judging from press reports, devote all his time to polo, steeple chasing, golf, swimming and dancing and even when he is on a holiday it is essential that he should be kept posted on what is going on in the world. Having this in mind the Canadian National Railways has among other details of arrangement placed a radio receiving set on the private car which will be occupied by the Prince during his journey from New London, Conn., north to Montreal, and then West to Calgary, Alta. This radio set will not only receive the programs broadcasted by the stations with which radio fans are so familiar, it will be used for the reception of news bulletins especially selected as being of interest to His Royal Hignness. These items will be culled from the news of the world and at specified hours will be broadcasted from the broad casting stations of the Canadian National Railways Radio Department. The points from which they are broadcasted will depend upon the section in which the Prince of Wales is travelling at the time, when in the Montreal district it will be CNRM that will do the broadcasting.

Later the CNRT will take it up and then CNRW at Winnipeg. Later CNRC at Calgary will do the part of this work for arrangements have been made by the Canadian National Railways for the installation of a set arriving at the E. P. Ranch of the Prince. At his ranch which is some distance from any telegraph line he will be kept posted on the affairs of the day by means of this radio set. At specified hours of the day the Canadian National Railways, the Calgary radio station will broadcast these items which will include news cabled direct from London. Radio fans will be interested to know that the receiving set to be used will be of the super set-orodyne type with a loud speaker of the same type as that used in San Francisco during the visit of the late President Harding to that city.

After the usual routine business was finished, a discussion took place about ways and means of raising money, and an ice cream social was decided on. But owing to unforetold cercumstances it was later postponed until after the September meeting which will be held on Monday, Sept. 1st, with Miss Thankful Newson, Cornwall. A full attendance of members and others interested is asked, as the usual Memorial service at the Soldiers' Monument will be arranged for at this meeting. A dainty lunch thoroughly enjoyed by all was served by the York Pt. ladies.

TRIALS OF INDIGESTION

COMMON ERRORS ABOUT THIS TROUBLE INTO WHICH PEOPLE FALL.

Many people so far misunderstand the digestive system as to treat it like a machine, neglecting it until it works sluggishly, then irritating it into work again by the use of purgatives. The stomach needs help at all times but a study of the process of digestion will show that purgatives, as commonly taken are seldom necessary and often harmful.

To safeguard your digestion the diet must be controlled. Over-eating is always harmful, but one must assimilate enough food to supply the needs of the blood. Remember, the blood has to carry nourishment to all parts of the body and find fuel for its energy. Hence when the blood becomes weak and fails to do its work, indigestion arises. Therefore the sure remedy for indigestion is to build up the blood. If you suffer from any form of indigestion cuoose your diet carefully and take wholesome nourishment. Above all, start building up your blood by taking a course of Dr. Williams' Pink Pills. Then under the influence of the new blood supply, your digestive system will respond naturally, your appetite improve and your food will do you good. So begin to improve your digestion by starting to take Dr. Williams' Pink Pills now.

You can get these pills from your druggist or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

MODERN WEST RECALLED IN 'RAMBLIN' KID'

Shown at Prince Edward Yesterday to Large and Appreciative Audiences.

The short grass of the cattle country and the rolling plains and hills of Arizona furnish the settings for one of the most entertaining "western" screen plays which has shown here in a long time. This time it is Universal's "The Ramblin' Kid," in which Hoot Gibson is starred.

This picture had its first local showing at the Prince Edward Thearte last night and was well received by a crowd which had evidently gone to the theatre with the vague hope of seeing a western picture that wa snot made on Long Island or in a Hollywood pasture. It saw its hope realized. Too many westerns of late have carried the studio atmosphere. Such pictures simply cannot ring true.

"The Ramblin' Kid." was filmed for the most part in Arizona. Here the annual rodeo at Prescott was utilized for the big sequence in the picture and it was remarkably handled. It carries many a thrill, particularly the big sweepstakes race. In this, Gibson gives an exhibition of riding which proves his wonderful rding ability.

Earl Wayland Bowman's novel of the west as it really was, before dryland farming became popular and the open range was broken up, has been carefully picturized. The story centers around a whimsical cowboy of the old West whose disposition is such that when he feels inclined to hit the trail he just naturally "up and rambles."

Gibson plays the role naturally and proves that he is more than just a cowboy actor. He displays real dramatic ability.

The photographic shots of the Kid as he breaks the Gold Dust Maverick to ride and the glimpses of his wild ride through the hills in pursuit of the wild mare are excellent.

The production has been well handled by Edward Sedgwick, the director, and the play carries some gripping drama as well as some pleasing comedy. The supporting cast includes Harold Goodwin, Laura La Plante, Raymond Nye, William Welsh and Charles French. The "Ramblin' Kid" will be at the Strand today.
