VICTORIA TEAM GAINS DRAW IN OPENER

Overcome Opponents Lead By Rapping Home Four Goals In Final Session

ST. ANDREWS, N. B., March 23—Senators of St. Andrews and Unions of Victoria, P. E. I., battled in a 5-5 draw tonight in the first game of home and home total-goal contests for the Maritime Intermediate hockey championship.

Fast play on a perfect sheet of ice kept the large crowd on its toes. Trailing 3-1 at the end of the second period, Unions rallied to shoot four goals in the last session. Each team scored once during the first 20 minutes.

After eight minutes of play the Islanders opened the scoring when Dan McLeod caught the puck in the Senators' defence zone and hooked a backhand low into the net. Play had started cautiously but after the goal the pace increased.

TIES COUNT

Left winger Stinson tied the goal. Al McNichol took his own rebound and passed to O'Neill, who slid the rubber to Stinson. The little left winger was uncovered and made no mistake.

Musky checks by Finigan, Senator defenceman, broke up Island rushes in the second period. Miller, on the Victoria defence, was cut on the nose by a 'tick' and took time out to be repaired.

McNichol, Stinson and O'Neill were beginning to click in combination only to be blocked by goalie Lord. Stinson passed to McNichol in front of the defence. The latter drew out Lord and made the red light flash.

Three minutes later defenceman Graham sped up centre ice and flipped a neat pass to right winger O'Neill, who gave St. Andrews a 1-lead.

Missed Chances
At the start of the third period Victoria missed several good chances to score. Dan McLeod at centre showed clever stick handling and plenty of speed. On one Senator rush O'Neill ended up in the net and the puck went in but the score was disallowed.

Miller skated down from his own defence, drove two hard shots and on the second rebound scored from close in. The Unions were skating fast, doing good combination work and giving the local goalie lots of trouble.

D. G. McLeod, Victoria winger, received the first penalty of the game and while he was absent Senators applied the power play. O'Neill caught Stinson's rebound and scored. The red light did not appear but the referee overruled the goal judge and the score counted, making it 4-2 for Senators.

Knots Count
Dan McLeod skated around the defence and scored when the goalie slid out to block. A minute later D. G. McLeod rushed in with the knotting goal.

Shortly before the game ended Graham made an end-to-end dash and again put Senators one up, only to see D. G. McLeod again tie the score with the final goal of the night.

Lineups:—
Victoria: Goal, Lord; defence, G. McLeod, R. Miller, K. Thomas; centre, Dan McLeod, J. Knox; left wing, W. Farror, D. G. McLeod; right wing, Lester McLeod, Lewis McLeod.

Senators: Goal, O'Neill; defence, Graham, Williamson, Finigan; centre, A. McNichol, McQuaid; right wing, J. O'Neill, T. McNichol; left wing, V. Stinson, G. Stinson.

MAROONS ELIMINATED BY HULL VOLANTS

Defeated In Second Game Of Series 9-2

OTTAWA, March 23—(CP)—A gallant, hard-fighting team from the Maritimes, Moncton Maroons, tonight fell by the roadside of the Allan Cup trail when outscored 9-2 by Hull Volants in the second game of a best of three series. Hull won the first game 5-3 Saturday.

About 6,500 fans saw the game that was crammed with action, the lighter Moncton team providing as interesting a battle as was ever seen here in senior amateur hockey.

Although they were beaten by a seven goal margin the play was far closer than the score indicates. The Maritimers pressed from the opening whistle and on many occasions, particularly in the first two periods, had the Hull squad in difficulties. Even in the third period Louis St. Denis, Hull goalie, had to jump time after time as Coach "Dud" James' boys continued to harass him with shots.

Barton Brilliant

"Buzz" Barton, although beaten for nine goals, six of them in the last period, proved himself even more brilliant than in the last game. The goals that were scored on him were impossible to save. He robbed Hull snipers of a dozen more goals.

Moncton opened the scoring early in the first period but when the first rest came, Hull was leading 2-1. The teams divided one point each in the second frame, sewing up the game in the final period.

Rheese Dickie and "Biff" Bastarache were the Moncton scorers, the former scoring on a beautiful solo effort in the first period and the latter capitalizing on a penalty shot.

Phil Reinhardt with three goals, first with two, Jansen, Bordeleau, Sauvageau and E. Reinhardt with one apiece were the Hull scorers. In winning, Hull proved itself a well balanced team that packs power in almost every department. Hull's play Quebec Aces here next Thursday in the next step of the Allan Cup playdowns.

Ebbie Goodfellow had given Detroit a lead in the first period, battling in a goal-mouth pass from Lewis. Barry also was credited with an assist, though he appeared to have no direct connection with the lightning goal.

Late in the second period as a steady Montreal bombardment died down, Lewis pushed in the second Red Wing goal. Racing through to the goal crease, Barry slashed the puck into the post and Lewis had only to tap the rebound into an empty cage.

Boisterous Bucko McDonald was just out of the penalty box in the third period when K'raea snapped up a pass from Lewis and tried to make it 3-0 from his backhand. Towards the finish he stickhandled down alone and drove a puck that glanced into the net off Cude's leg pads.

Coach Cecil Hart's veteran wingmen, Aurel Jollat and Johnny Gagnon, had little fortune in the fast warfare though Gagnon sniped away at Smith from the blue line sector in every period. Armand Mondou was more effective on attack.

Packing more weight and more all-around experience, the Red Wings relied largely on Hec Kilrea. Barry and Lewis for offensive punch though Syd Howe galloped through for some hard shots.

Over 125 Entries For Skating Championships At The Forum Tonight

With a galaxy of stars entered a carnival of speed takes place at the Forum tonight when skaters, representing almost every district in the province battle for Island skating crowns in the third annual Provincial Speed Skating Championships. Impending every year tonight's show is likely to surpass last year's starry championships. Participants have trained harder; there is more of them and all are showing far more interest; all have an equal chance of coping the beautiful silver cups that go to the winners.

This race should be a thriller and is only one of the many features that will take place tonight. Rivalry between the two participants is keen and each is determined to uphold the honour of their respective forces.

Cantabs Are Favorites For Rowing Classic

PUTNEY-ON-THAMES, March 23—(CP Cable)—The closest race in years was forecast tonight as Oxford and Cambridge competed training for tomorrow's 89th inter-university boat race on the Thames.

Cambridge were 3 to 1 to 5 to 1 favorites to score their 14th consecutive victory over the dark Blues, but confidence in the Oxford crew was higher than for years past.

The Oxford crew together weighed 1,562 pounds, 56 pounds heavier than the Cambridge eight, constitutes one of the heaviest crews on record. This, it was predicted, would be of special benefit this year as plenty of water is coming down the river and the race will be rowed in a strong flood tide. This probably will prevent the breaking of any records.

Against Oxford's power and slower stroke, Cambridge show better blade work and present a crispier and more experienced eight. The question more or less boils down to whether Oxford, the best crew in years, are good enough to beat a Cambridge eight not quite up to standard.

Changes In Rugby Rules

LONDON, March 23—(CP cable)—Important changes in English Rugby rules affecting scrummaging and converting of penalty tries have been made by the International Rugby Board. Proposal to cut down the value of a dropped-kick goal from four points was considered but it was decided to make no change.

TORONTO, March 23—New York Rangers' finely tuned hockey machine turned berserk tonight and fought out a 3-0 win over Toronto Maple Leafs in the first game of a two-of-three game Stanley Cup preliminary series.

The game, steamed up as a meeting of delicate hockey machines clashing in a meeting that would be clean and fast turned rough, tough and thrilling. Thirty two seconds before it ended a riot that had few parallels in playoff hockey broke out.

Players tumbled over the ice poking and jabbing at each other, sticks and gloves were dropped for the heavier going, badman Red Horner made menacing gestures at Referee Ag Smith when he singled out Horner as a good man to keep out of the fight and, for a minute, a fight threatened between Manager Conny Smythe of Leafs and Referee Smith.

Bob Davidson, tough all evening, cross checked Phil Watson across the mouth to start the outbreak. The battle royal ended with Charlie Conacher, Phil Watson, Bob Davidson and Art Coulter receiving major penalties that didn't mean a thing because the game had only 32 seconds to go when they were imposed.

In play Leafs had it over Rangers like a blanket. The shots on goal show clearly how much advantage they had over the New Yorkers. Toronto banged 45 shots out at Dave Kerr in the Ranger net and Turk Broda handled only 17.

SUMMARY

Scoring—None.
Penalties: Jackson, Coulter, Horner, Coulter.

Second Period
1. Rangers, Patrick (Boucher) 5:29.
Penalties: Horner, (major), Pratt, M. Colville.

Third Period

goal-line opposite where the offence was committed. Penalty-try converts will accordingly be made from in front of the posts.

On the convert of a penalty try, defending players must be 10 yards back of the point where the offence was committed or on their own goal-line. The obstruction rule was also tightened. A player stooping to pick up a ball could be pushed over under the old law but this will not be allowed in future.

A Truth You Should Know!
For many decades and still today the finest English cigarettes have depended for their flavour on fine tobaccos and fine tobaccos only—never have they resorted to "A. F." (artificial flavouring) of any kind.
The manufacturers of Grads have always endorsed this principle—they have always maintained that only the finest tobacco should ever go into a cigarette—tobaccos that need no "A. F." As a result you will find Grads gentle on the throat, soothing to the nerves and never will they leave a trace of after-taste.
A simple truth, you should know, if you would get complete enjoyment, without any regrets, from your cigarette smoking.
