Stocks Slip In Final Hour At N. Y.

NEW YORK, Sept. 25 —(AP) — Stocks slipped in an active final hour of today's market and many leaders closed near their lows of the session.

Pivotal issues led the decline which brought scattered losses ranging to around 2 points. Until the late flurry that crowded transferees of 300,000 shares in to the final 60 minutes, the market had drifted quietly into slightly lower ground. Total transactions of 770,000 shares compared with 570,000 Wednesday.

The Associated Press 60-stock composite dipped 4 of a point to 63.9.

AT TORONTO

Western oils were a standout against a generally retreating price level on the Toronto stock exchange today when golds and base metals sold off in moderate trading.

The exchange's closing index listed golds down 40 to 14.01, base metals 14 to 81.11 and western oils up 54 to 25.81.

AT MONTREAL

Selected papers featured an otherwise dull and generally easier list of industrials on the stock exchange and curb market here today. Mines were moderately active and price-changes in that group were mostly on the negative.
