Hoover To Halt Cruiser Building

Construction Of Three Cruisers Postponed, President Announces.

(Special to the Guardian)
WASHINGTON, D. C., July 25.—A great day for beginning to turn swords into plowshares was today. These were the things that happened: President Hoover announced postponement of construction of three cruisers to have been begun this fall. It was a gesture in response to the announcement by Premier MacDonald of curtailments and suspensions in the British naval program.

The president extended a cordial welcome to Premier MacDonald who suggested that he might pay a visit in the fall to Washington, probably in October.

The renunciation of war pact, signed by 48 nations including all the great powers, was formally promulgated at the White House in the presence of the diplomatic corps. The nations have now renounced war as "an instrument of national policy." Secretary of War Good had in hand programs for cutting down the expenses of the United States army. Events of such magnitude followed each other so rapidly that their full significance could not be appreciated.

NEW BRITAIN, Conn., July 25.—Mrs. Esther Helein and her three small children were killed in their apartment today by escaping illuminating gas. The police opinion was that Mrs. Helein took her children, Ruth, 2; Ellen, 6; and Carroll, 3, into a room and stayed with them after turning on the gas. Mrs. Helein was said to be in a normal condition when her husband Henry left for work. Afterwards she stuffed a towel into a crack of the kitchen door, turned on eight gas jets in the range and water heater and retired to the bedroom to await death. With her in another bed were her daughters. Mr. Helein collapsed upon learning that all four were dead.

ANNOUNCEMENTS,
COMING EVENTS,
MEETINGS, ETC.

- Drink Macs Hop Ale. 7-9-11 till August 8.
- York Rifle Club. General shoot Saturday afternoon, July 27. 6895-7-25-21.

ROYAL GARDEN PARTY
(Special to the Guardian)
LONDON, July 25.—With King George's health improving, Buckingham Palace is being prepared for the ham Palace at tomorrow's royal garden party. Although invitations sent out by the lord chamberlain's department bear the words "Their Majesty's party," the king despite good progress will not attend. He may watch from the palace windows but for the first time, he won't walk among the guests. It is expected the Queen, the Prince of Wales, the Duke and Duchess of York and the Duke of Gloucester will be present.

The Hon. W. D. Finlayson, Mrs. Finlayson and Miss Mary Finlayson, the Hon. W. H. Price and Mrs. Price and Chief Justice and Mrs. Green-shields will be presented to the queen by the high commissioner at the Royal Garden party tomorrow. Of the four hundred Canadians who will be present about one third are from Toronto.

STATEMENT ON RUM-RUNNING

Issued By Hon. W. D. Euler, Minister of National Revenue in The Dominion Government.

(Canadian Press)
OTTAWA, July 25.—Canada is quite willing to keep Canadians out of the business of running liquor to the United States. Moreover if the United States authorities will insist on clearances for their own boats to enable them to check and control their own people and the violation of the United States law the Canadian government is quite ready to consider any further reasonable measure of cooperation with them.

These offers designed to assist the United States officials in stamping out liquor running from Canada are contained in a statement issued late today by Hon. W. D. Euler, Minister of National Revenue, and the generally accepted spokesman for the Dominion Government on these matters.

The statement reviews the rum running situation between the two countries and in a general way replied to the barrage of communications which have been pouring in on the ministers from temperance people in Canada who wish this country to refuse liquor clearances.

The statement sets forth that practically 100 percent of the rum runners are American citizens who ply their trade with United States boats but if citizens and Canadian boats engage in the traffic the government would be prepared to enact legislation dealing with the matter. Only from two percent to five percent of liquor consumed in the United States comes from Canada, the statement contends. Canada spends a million dollars a year preventing liquor smuggling from friendly countries which do not prohibit clearances.

Teacher Aids In Cheating In Exams
HALIFAX, July 25.—The following statement was issued by the Department of Education today:

"At the recent provincial examinations certain irregularities were discovered at two stations and the guilty parties punished to the full extent of the powers of the Department of Education.

"At one of the smaller stations in Cape Breton papers were abstracted from the examination bundles by one of the candidates, in collusion with the teacher of the school, who, in turn, gave the information thus dishonestly obtained, to his entire class. As a result of close co-operation between the officials of the Attorney-General's department and the education office, the evidence of the guilty transactions became complete early in the examination week, with the result that the station was closed, the license of the teacher cancelled and all candidates at the school debarred from securing their certificates this year.

CANADIANS AT BISLEY

The photograph here shows (1) Lieut. Desmond Burke, Ottawa, who after a tie, lost the King's prize to Lieut.-Col. R. M. Blair (3), Vancouver, at the empire meeting of the National Rifle Association at Bisley, England, and (2) C.S.M. G. M. Emalle, Toronto, who won corporation of city of London cup.

W. U. APPLETON IN THE CITY

(Canadian Press)
WINNIPEG, Man., July 25.—No labor will be required from Eastern Canada to harvest the year's crop in the west in view of the short crop, the view of the short crop, the heavy immigration move this year and the use of combined harvester-threshers, it was decided at a meeting held here today by the Canadian Passenger Association attended by immigration labor, provincial government and railway representatives.

The following statement was handed to the press by J. B. Parker, secretary: In view of short crop, heavy immigration movements, this year combined harvester and threshers available and on account of the labor available by reason of the general industrial and mining developments in the west, it was decided that no labor would be required from eastern Canada this year. The whole situation of harvest labor will be taken care of by labor available in western Canada.

PRESENTED TO THE QUEEN

(Special to the Guardian)
LONDON, July 25.—Lieut.-Col. G. C. Osholom of Toronto, commandant, Lt. Col. R. M. Blair of Vancouver, winner of the King's Prize and the remainder of the Canadian Bisley team were informally presented to the Queen at the garden party at Buckingham Palace today. The Canadian team as a whole sails for the Dominion on the steamship Montrose tomorrow, but Lt. Col. Blair will not return until the steamship Duchess of York sails on August 2.

Forced Down By Fuel Trouble

WINNIPEG, Man., July 25.—After successfully breaking the record flying time from New York to Nome, Alaska, Captain Ross G. Hoyt of the United States army was forced down by fuel trouble last Sunday on his return journey at Valemont, British Columbia, about forty miles from Jasper National Park, passed through Winnipeg yesterday over the Canadian National Railways on his way to Yukon, Fairbanks, Alaska, and thence on to Nome.

Hoyt made the flight distance of 4,300 miles in thirty two hours actual time. It was on the return journey near Valemont when he first noticed the trouble, and not having sufficient altitude to make the closest landing ground, at Henry House flats, near Jasper, he was forced to land in a little valley. The plane, although only slightly damaged, was beyond Valemont's facilities for repairs and the plane was stripped and placed in a freight car for shipment to New York.

"My disappointment in not being able to fly home," said Captain Hoyt, "was offset by the wonderful kindness and the many courtesies which the Canadian National Railways extended to me."

WILL HOLD SITTINGS NEXT WEEK

Educational Commission to Commence Hearings as Soon as Preliminary Arrangements are Completed.

The Educational Commission recently appointed by the Provincial Government will hold hearings as soon as preliminary arrangements are completed, it is learned authoritatively. It is at present the intention to hold an introductory sitting in Charlottetown next week and then to proceed to other centres throughout the province, possibly to three or four in each county. The final sessions will probably be held in Charlottetown.

The members of the Commission, Dr. Cyrus J. McMillan, chairman, Mr. Nell McLeod and Mr. Daniel S. McInnis, meet this morning to arrange for an itinerary, the taking of evidence and general procedure.

SOVIET REPLY IS RECEIVED

(Special to the Guardian)
LONDON, July 25.—The British government received today through the Norwegian government a reply to the British proposals for the resumption of full diplomatic relations between Moscow and London. The Soviet reply intimates that Moscow authorities propose to send M. Bovslevsky, Russian Ambassador to Paris, to London early next week to study with British foreign office officials the best means for the resumption of relations.

The Maritimes Popular With Visiting Canada

(Special to the Guardian)
LONDON, July 25.—Lord Queensborough, chairman of the London Board of the Third Canadian General Investment Trust and chairman of the Canadian General Securities, England, which is associated with the Canadian National Railways, is visiting Canada on the invitation of Sir Robert Borden, Hon. Arthur Meighen and W. W. Evans to see opportunities for Canadian investment of British capital. He reaches Quebec Saturday and will visit Montreal, Ottawa and Toronto.

The organization which he heads has been responsible during the past year and a half for the investment in Canada of over a million pounds sterling. British capital believes opportunities for profitable capital investment are better in Canada than in Great Britain and appreciate the urgency of need for greater interest in Canadian industrial development by British financiers.

Marmots As Plague Traps

KOBE, Japan July 25.—(C.P.)—The discovery of a case of plague in Osaka, following a similar discovery in Kobe, is causing great concern. Marmots are being used to catch fleas on board ships and their market price is said to have risen threefold.

Every illness reported in the district and on board ship arouses fresh anxiety. The plague occurred on a cotton ship which arrived from Bombay. The official theory of the manner of infection is that all the crew went ashore except the captain, on whom the fleas concentrated their attack.

Briand-Kellogg Pact In Force

Pact Declared In Force By President Hoover At Impressive White House Ceremony.

(Special to the Guardian)
WASHINGTON, July 25.—The Briand-Kellogg international pact pledging almost the entire civilized world to renunciation of war as a national policy and to the settlement of disputes by pacific means was formally proclaimed in force at 1:22 p. m. today by President Hoover as the new world code to stop wars. In the presence of the representatives of the original signatory and adhering powers, and of former President Coolidge and former Secretary of State Kellogg, America's chief actor in the negotiations that led to its consummation as a treaty open to the entire world, this country's contribution to world peace was declared by the president to be part of the supreme law and sacred obligation of the governments approving.

The proclamation was announced at distinctive ceremonies in the east room of the White House. The scene was impressive and significant of the event, the most embracing world agreement to abolish war. Diplomats and representatives of 43 nations gathered in the historic room where so many imposing ceremonies have been held.

Today's brief and colorful formality perhaps exceeded all others in its importance to humanity in general if its sacred obligations are fulfilled. President Hoover delivered a speech which embodied the treaty and the proclamation and congratulated the assembly, the states represented by those present, and the "entire world on the coming into force of this additional instrument of humane endeavor."

He spoke hurriedly at the outset, but concluded with great deliberateness as he weighed the import of the pact and proclaimed it to be in effect while two of the adhering nations are threatening to resort to arms. He predicted that the influence of the treaty will be felt "in a large proportion of all future international acts" and paid tribute to ex-President Coolidge, ex-Secretary Kellogg, and Senators Borah and Swanson.

NEW HOPE OF PEACE
TOKYO, July 25.—The day of the Kellogg renunciation-of-war pact ceremonies in Washington brought Manchuria new hopes of peace in a definite effort by Russians and Chinese alike to dissipate the war clouds hanging over the far east for the past fortnight. Despite the diplomat-

Shippers Have Opportunity, Says Commissioner
ST. JOHN, July 25.—There are excellent opportunities to form connections for the sale of potatoes in the West Indies, particularly in Trinidad and British Guiana for shippers in a position to supply the market. This was an announcement made last evening by R. T. Young, Canadian Trade Commissioner to the eastern group of islands. He said in view of the fact that the Cuban tariff on potatoes has been raised which will prohibit shippers from selling in the Cuban market, full advantage should be taken of the market opportunity in the West Indies.

(Canadian Press)
ST. JOHN'S, Nfld., July 25.—The aeroplane Bluecross, which left Sydney, N. S., this afternoon on a goodwill flight to Newfoundland arrived at Harbor Grace at 6:15 o'clock this evening. R. D. Archibald, owner and Vernon Derrill, pilot, were in the plane.
