REVIEW

SAINTS TRIM PAAVO'S NAME L. O. C. 43-37 MEANT LITTLE

The League of the Cross basketball team although beaten by a close score, were not outplayed, when they met the fast and tricky Saint Dunstan's team in one of the best games of basketball witnessed on the League gym for a long time. The game was played last Saturday night before a fair crowd of spectators who were kept on their toes throughout by much excitement furnished by both teams who proved themselves fast and tricky all through.

In the first period the League boys started off strong, but the Saints followed with the result that the Collegians were, at the end of the first half, on the long end of the score, the period ending 22 to 16 with the Saints on top.

In the second half both teams worked hard and put up a great game, especially the League team, who fought hard in an endeavour to overcome the small lead chalked up against them which they nearly succeeded in doing, and it was not till the last half was at its last minute that the Saints put up a great effort to maintain their lead which proved to them successful when they got their machine-like combination in operation, aided greatly by the fast and tricky playing of their star, "Nifty" Kelgan, who showed the fans an excellent brand of real basketball when he made a number of nice plays, several proving successful, this being the main reason for the Saint's victory, the last half ending 43 to 37, in their favor. The League team all worked very nice, especially W. Power and R. Doyle, the former scoring heavily while the latter excelled greatly in combination and was the cause of breaking up many nice plays made by the Saints, which might have proved effective.

The players were as follows:—Saints—M. McKenna, H. Grant, J. Kelgan, L. Sugrue, A. Doucette, A. Dufour, L. Drapeau, L. Duffy, League—R. Doyle, R. Harley, C. Coyle, W. Power, E. Robin, C. Praught, A. McEachern. Vincent McQuaid handled the whistle, while Leo Corcoran watched the Big Ben.

RECORD STEAMSHIP SERVICE.

The record movement of steamship freight and passengers through the port of Halifax, N. S., still continues. Over the past weekend five Trans Atlantic liners lugged two thousand passengers and sixteen hundred tons of freight. More liners are due today with one thousand passengers and freight. Most of the passengers are new settlers. Another large liner is due from New York to embark passengers for overseas. Among the ships arriving were the "Alumina" of the Cunard Line, the "Cameron" of the Anchor Line and the White Star Liner "Doric." The "Doric" instead of proceeding on to New York as is her custom, will turn at Halifax and load a large cargo, sailing from Halifax with passengers direct for ports in the British Isles.

This tremendous increase in overseas business through the port of Halifax is the result of arrangements made by the Canadian National Railway in conjunction with the White Star and Cunard Lines for the greater use of Canada's Atlantic Ports.

NEW ITEMS OF THE NATIONAL SYSTEM

Seventy new industrial plants were established in the Maritime Provinces during the past year and eleven additions to existing plants, representing a total investment of \$6,500,000, according to information furnished by the Industrial Department of the Canadian National Railway. A total of 342 concerns located on or near the lines of the National System throughout Canada, representing an investment of \$77,409,800, while additions to existing plants totalled 145, representing \$24,568,800, or a total investment of \$101,978,600. The year previous shows a larger number of concerns located along the lines of the Canadian National but the amount invested totals only \$44,213,050, as against \$77,409,800 for this year. An interesting phase of this expansion is the number of plants of various characters erected along the lines of the former Transatlantic Railway, now a part of the National System, in Northern Quebec and Northern Ontario. Considerable extension to elevator space in the Prairie Provinces is shown while additions to power plants are noted. Oil plants, steel works and foundries, and establishments for the manufacture of airplanes suggests the modern trend in this industrial growth.

BRIDGEBURG, Ont., April 6—Peavo Nurmi, the world-famous runner, discovered today, while en route to Hamilton, that although he may be a world figure in other places, he is unknown to Bridgeburg immigration officers.

Unable to speak English and unaccompanied, Nurmi, when questioned by immigration officers who boarded his train at Bridgeburg, was unable to account for himself and did not think of showing his passport or any letters of identification.

Nurmi was ordered to leave the train and was kept in Bridgeburg until he was finally able to identify himself. He caught the next train for Hamilton at 2 o'clock this afternoon none the worse for the delay.

ON STAGE

LONDON April 6—Phil Scott, British heavyweight champion, emulating Jack Dempsey, is to go on the stage, playing the role of "Eddie Chick Cowan" in the comedy "Is Zat So?" Scott will tour the British provinces, preparatory to a London debut.

Scott is a mild-mannered giant with a quiet voice. His part calls for considerable conversation and two rounds of boxing. The English champion's new venture will not interfere with his regular light training, he says, and if his proposed match with Tom Heeney, the New Zealander, is arranged, the stage will have to do without Scott's talent until the two British fighters settle their dispute.

Rural Hockey IN RETROSPECT

With the hockey season at an end the Albany St. Pats feel good cause to be satisfied with the results during the season just past. With a total of twelve games played they have seven wins, two ties, and three lost games to their credit. The lost games were the first played, and swinging into fighting trim they commenced to tie their opponents, then finally having got down to real business they showed the way to the other teams. Working together, not a word of strife with a perfect team spirit they are indeed an example to other less fortunate teams.

Playing their regular lineup, borrowing none from other districts they, like the proverbial tub "stood on their own" and the results have proved that they were right in so doing. Their manager, Mr. C. S. Delaney, spared neither time, money, nor effort in order to keep his team going in the pink and he sure deserves the best from the boys, for without efficient management, no aggregation can ever hope to make such a success. The team consisted of A. Noonan and G. Dawson, goalies; Sud Campbell and W. MacDonald, defence; L. Walsh, Geo. MacLeod, Hal Tierney, Norman Walsh, Arthur Clark, and Otto Curtis, forwards, and St. Pats. They are, as before stated, Mr. Delaney, manager.

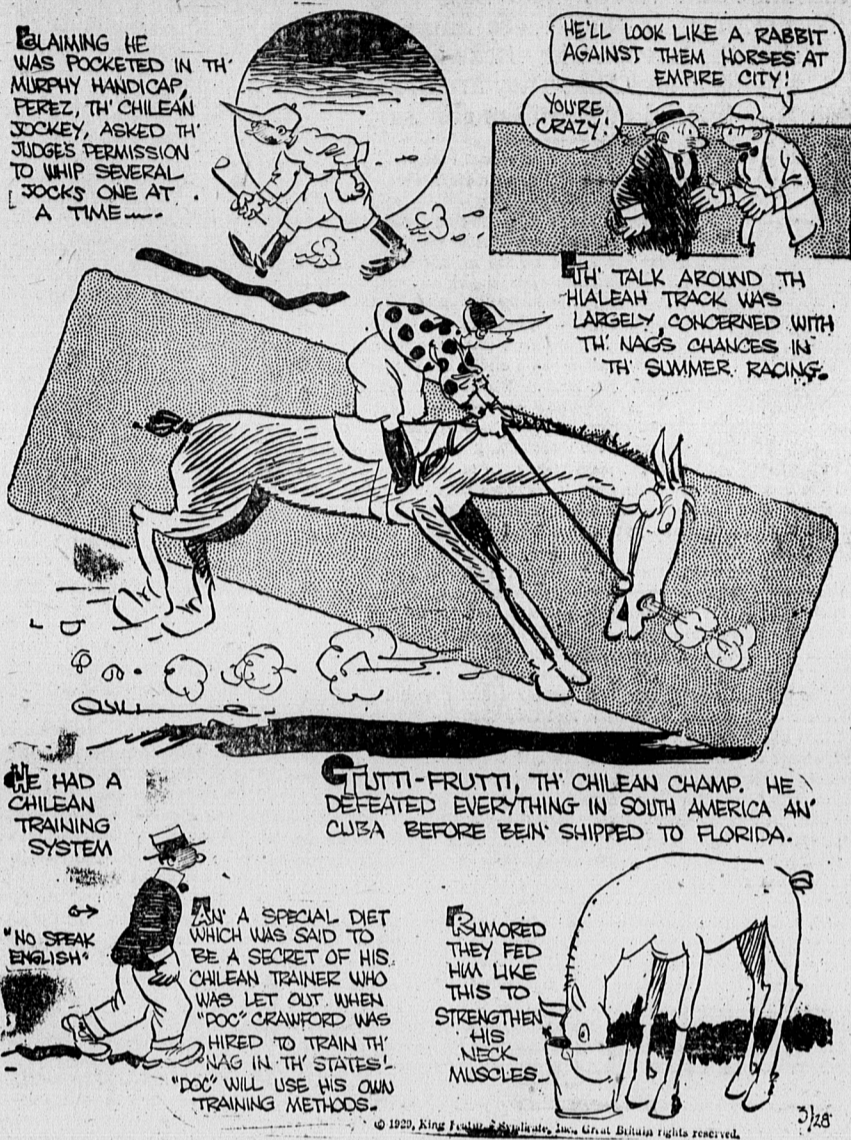

Their games were played with Cape Traverse, Tryon, North Tryon, Bedouque, Hunter River, and the Flying Eagles of Summerside, so it can be seen at a glance that they faced many of the outstanding rural teams of this province, especially Cape Traverse, who were one of the teams entering the finals for the MacLean Trophy.

The St. Pats through an oversight failed to enter the Prince County League this season, but had they entered, there is no doubt but that they would have been the one from the Eastern Section to enter the finals and the writer considers that had they done so there is a strong probability that the trophy would have stayed in East Prince, instead of wending its way to the Western capital. However, another season is coming and if all goes well, the boys who wear the green and white and bear the name, St. Pats, will doubtless give the other green and white sextette, the Regals, a run for the trophy and when all is said and done, bring home the bacon to its proper place in good old East Prince and place it on display in their home burg, Albany.

HOCKEY FAN

Ontario, with 10,870 miles in 1926, has the greatest railway mileage in Canada. Prince Edward Island, with 276 miles, has the least

Colorful Tutti Frutti

well press-agented. It helped attract people to the Hialeah race course and aided in putting the Miami meet over.

Your correspondent went to the track and did a little sleuthing about the Chilean Government connection with Tutti Frutti could not be verified exactly, but it wasn't flatly denied.

There were additional rumors about the horse floating around and about Tutti Frutti, according to various statements picked up, had been trained differently than North American gallopers. Its food was placed on the ground in order that his neck muscles might be strengthened. His Chilean trainer was the only one who knew what to feed the racer, Perez, the jockey, galloped him in the early morning and took most of the care of him. Opinion as to his ability was divided. Some said that he would burn up the tracks around New York where he is booked to gallop this Summer. Others maintained that he was just a high-class selling pater who would suffer in comparison with the better horses he would meet up north.

The running of the Murphy Handicap rather finished the Chilean trainer and jockey who had accompanied Tutti Frutti to this country. The start didn't favour the foreign-

SUCCESS IN NEW BRUNSWICK

Martin Buchan, a young Scotsman from Aberdeenshire, came with his wife and family in 1927, to the Province of New Brunswick, under the British family settlement scheme, settling at Windsor, in Carleton County. In a letter written recently to his former home in Scotland, Mr. Buchan heartily endorses New Brunswick for British settlers, and tells of his success so far in Canada, giving an interesting account of his first year's operations. He reached his new home in the month of May and was advised to put in a crop at once himself. Overcoming his initial nervousness about attempting this, he eventually got a start and in his letter, says "I managed to get in 40 acres of oats, four acres of buckwheat, half an acre of potatoes and half an acre of turnips. I also managed a very good garden with all the usual vegetables we used in the old country, and several we never had before. We also managed to cut and haul in 75 acres of hay. I pressed 13 tons of it, and got a first class price for it." Mr. Buchan tells of his plans for increasing his crops and says that he has a modern house, and is well fixed. He is glad to hear of the plans for bringing out more British settlers.—(Canadian Colonizer, published by the Department of Colonization, Agriculture and Natural Resources, Canadian National Railways.)

A CONUNDRUM.

It has a head like a bird, lays eggs, suckles its young, and has the form and legs of a mamal,—what is it? It's an echidna from "Down Under". Two of these creatures which are neither bird, beast nor reptile, a male and a female, arrived at New York recently via the "Canadian Cruiser" of the Canadian National Steamships from New Guinea for the Bronx Zoo.

It has many points in common with the duck-billed platypus of Australia, which also has the body of an animal, suckles its young, lays eggs and as its name implies, has a head with a long bill like a duck. The echidna suckles its young through pores in a cuplike depression in the abdomen of the mother.

EGLINGTON AND HOWE BAY.

Resolution form Teachers' Federation was passed at the March meeting. A social and dance was held at the home of Mrs. James McKenzie, February 11th. Next meeting will be held at the home of Mrs. George P. Clapp.

THE SEED POTATO INDUSTRY

Certified seed potatoes find a ready market outside Canada. About one million bushels of this seed were purchased by United States potato growers in 1927. Bermuda took more than 20,000 bushels the same year. Cuba is also a heavy purchaser of Canadian certified potato seed. The Cuban government requires a special certificate which is issued by the potato inspection staff of the Division of Botany of the Department of Agriculture at Ottawa. The Dominion Botanist, Mr. H. T. Gussow, in his report for 1927 published by the Department of Agriculture at Ottawa, expresses the expectation that Cuba will be in the market for increased quantities of certified seed this spring. According to this report approximately \$1,500,000 was received by the certified seed potato growers from the 1927 crop. This seed was all exported under the official Extra No. 1 seed tag. In addition more than two and a half million bushels of certified seed were made available to the growers of the Dominion for the improvement of their table stock. All this seed is produced under the inspection of the Department of Agriculture at Ottawa.

SQUARE ROCK WILL MEET SHAKUP IN WON HANDICAP U. S. TEAM SQUAD DENIED

(Canadian Press)
LINGFIELD, Eng., April 6—"Square Rock" by "Rockflint," out of "Quartette" today won the Lingfield Handicap of a mile. Caballero was second, Yoho third. None of the first three horses were among the leading favorites. Reigh Count, the famous United States colt making its first appearance in England, started a favorite in the betting at three to one, but did not finish in the money. The betting on Square Rock was 100 to 6; on Caballero 100 to 6 and Yoho 10 to 1. Twenty five ran.

TORONTO, April 6—Jane Bell, Myrtle Cook and Ethel Smith-Hogarth, members of Canada's Olympic team, and probably Owena Nye of Hamilton, will represent Canada in the international relay race against a team from the Millrose A. C. New York, at the indoor meet to be held at Montreal April 15.

The girls will also run in the 60-yard dash for women. Miss Nye has been asked to substitute for Fanny Rosenfeld, the fourth member of the Olympic relay team, who has retired from track and field competition.

NEW YORK, April 6—There will be no startling changes made in the personnel of the New York Rangers prior to next season. Colonel John Hammond, President of the club, stated yesterday in reply to queries regarding the reported breaking up of the team which won the Stanley Cup last year and battled its way to the final against Boston this year.

Russell Oatman and Gerald Carson will be disposed of, the Colonel stated, while Harold "Yip" Foster, defence player of the Springfield Indians in the Canadian-American League, will be added to the roster.

Foster, who is a native of Toronto, and a former football star, was signed up by Hammond two years ago, but was sent to Springfield for seasoning. An attempt was made to recall him during the regular national hockey league season, but Hammond was out-voted by other league directors.

Church Bowling League

SCHEDULE—SECOND ROUND

Monday, April 8th, 7 p. m.—St. Peters vs. Trinity.

Monday, April 8th, 8.30 p. m.—St. James vs. Zion.

Wednesday, April 10th, 7 p. m.—St. Pauls vs. United.

Wednesday, April 10th, 8.30 p. m.—Baptist vs. Central Christian.

Monday, April 15th, 7 p. m.—St. James vs. Trinity.

Monday, April 15th, 8.30 p. m.—Zion vs. St. Peters.

Wednesday, April 17th, 7 p. m.—St. Pauls vs. Central Christian.

Wednesday, April 17th, 8.30 p. m.—United vs. Baptist.

Monday, April 22nd, 7 p. m.—Zion vs. United.

Monday, April 22nd, 8.30 p. m.—St. James vs. St. Peters.

Wednesday, April 24th, 7 p. m.—Trinity vs. Central Christian.

Wednesday, April 24th, 8.30 p. m.—St. Pauls vs. Baptist.

Monday, April 29th, 7 p. m.—St. James vs. United.

Monday, April 29th, 8.30 p. m.—St. Peters vs. Central Christian.

Wednesday, May 1st, 7 p. m.—Zion vs. Baptist.

Wednesday, May 1st, 8.30 p. m.—Trinity vs. St. Pauls.

Monday, May 6th, 7 p. m.—St. Peters vs. Baptist.

Monday, May 6th, 8.30 p. m.—United vs. Central Christian.

Wednesday, May 8th, 7 p. m.—St. James vs. St. Pauls.

Wednesday, May 8th, 8.30 p. m.—Zion vs. Trinity.

Monday, May 13th, 7 p. m.—St. Peters vs. United.

Monday, May 13th, 8.30 p. m.—St. James vs. Central Christian.

Wednesday, May 15th, 7 p. m.—Zion vs. St. Pauls.

Wednesday, May 15th, 8.30 p. m.—Baptist vs. Trinity.

Monday, May 20th, 7 p. m.—Zion vs. Central Christian.

Monday, May 20th, 8.30 p. m.—St. James vs. Baptist.

Wednesday, May 22, 7 p. m.—St. Peters vs. St. Pauls.

Wednesday, May 22, 8.30 p. m.—Trinity vs. United.

STANDING—FIRST ROUND

Team	Played	Won	Lost

TRYON CONSOLIDATED SCHOOL

The following report of the Tryon Consolidated School for the month of March.

Grade X—(Complete course), 1 Charles Wright, 2 Dorothy Woodside, 3 Herbert Haywood.

Grade X—(special course), 1 Horace Mabey.

Grade VIII—1 Florence Calbeck, 2 Annie Calbeck, 3 Margaret Rogerson.

Grade VII—1 Vivian Dawson, 2 Ruby Thomas, 3 Irma Kidson.

Grade VI—1 Lilla Wright, 2 Ruth Robinson, 3 Eric Robinson.

Grade IV—1 Elizabeth Nelder, 2 Myrtle Leard and Earl Calbeck (equal), 3 William Fell.

Grade III—1 Clarie Somers, 2 Frances Holland, 3 Gordon Rogerson.

Grade I—1 Muriel Holland, 2 George Lord, 3 Jack Nelder.

Grade I—1 Everett Howatt, 2 Alice Fell, 3 Liddle Leard.

Principal—G. Adelaide Ives, Assistant—Reta B. Toombs.

At a recent fashion show at Manchester, England, the mannequins wore jewelry valued at \$5,000,000.

QUEER ATTIRE

HAVRE DE GRACE, Md., April 6—Some fifty of C. C. Pyle's bunion derby runners, bound for the Pacific Coast, shivered in a biting drizzle while they lined up by the Pennsylvania Station here yesterday for a roll-call to start the day's lap of about forty miles to Baltimore. As the start was made thunder rumbled and lightning flashed from the low clouds, and some of the runners set out in oil skins and raincoats, while for others ordinary track outfits sufficed.

Y. Basketball

A very interesting game of basketball took place at the Y Saturday night, between P. W. C. and the Other Y's Men, the former winning out by a score of 19-18.

The lineup was as follows:
P. W. C.—Shaw 3, Partridge 6, White, Millman, Dewar 5, Owen 6, MacDonald.

Other Y's Men—Cleveland 1, Mathieson, Saunders, Toombs 9, Henry 3.

L.O.C. Basketball

Tonight at 7.15 there will be basketball practice. The following players please be on hand: W. McQuaid, Chas. Praught, E. Robins, W. Power, L. Dolron, L. Connolly, A. McEachern, R. Harley, R. Doyle, C. Coyle, B. Dolron.

LEAFS GIVEN CASH BONUS

TORONTO, April 6—The players and directors of the Maple Leaf Hockey team were guests at a dance and dinner given at the Embassy Club Saturday evening by the management of the club. President Pete Campbell presided at the dinner and a number of interesting and entertaining speeches were made in eulogizing the efforts of the management and players during the season just closed.

The Arena Gardens Trophy for the most effective and popular player on the team was awarded to Captain "Hap" Day, the presentation being made by Andy Taylor, manager of the Arena. The trophy was accompanied by a cheque. Three other members of the team were presented with cheques as a special bonus for their work during the campaign. Danny Cox received \$400, Irvin Bailey \$500 and Art Smith \$800. It was also announced that every player on the team would receive cheques in addition to their regular salary and bonus. The management felt that the players were deserving of these for the success they attained.

The players split of the recent play-off series has not yet been received. It is expected that most of the players will profit by about six or seven hundred dollars when the division is made. The players have voted a share to Trainer Tom Daly, Manager Conny Smythe and others who assisted in the success of the team this past winter.

Alberta produces 77 percent of the 630,405 barrels of oil produced throughout Canada in 1928, says the Natural Resources Department of the Canadian National Railways.

The second largest telescope and the second largest drydock in the world are both in Victoria, B. C., capital of British Columbia

ORIGIN OF 'DARK HORSE'

There are certain players of horse races both men and women, who always seek the "dark horse" in each race to wager on, and who never play the favorite or public choice. The expression "dark horse" has been used frequently but few turfmen know the origin of this term which has been used many times in political campaigns and stake events.

Benjamin Disraeli, better known as the Earl of Beaconsfield of England, was among the first persons to use the expression "dark horse." He attended the races and, in describing the flight which was captured by an outsider:

"A dark horse which had never been thought of, and which the careless St. James had never even observed in the list, rushed past the grand stand in sweeping triumph."

Since Disraeli saw a heavily backed public choice go down to defeat there have been many such horses which disappointed turfmen in America. Because so many favorites fail to win Derbies and other important stakes, bettors usually pick a dark horse to beat the odds-on choice.

With such important events as the Louisiana Derby, Kentucky Derby, American Derby and the Preakness to be run this year, there no doubt will be a "dark horse" in each of these flights. It is possible that the favorites may be victorious, but it is not probable.

POULTRY DEVELOPMENT IN MARITIME PROVINCES

Effective marketing has stimulated poultry development during the past few years in the Maritime Provinces of Canada. Figures from the Canadian bureau of statistics show that there has been a gain of 16 percent in the number of poultry kept in the Maritime Provinces since 1926, compared with a gain over all Canada of 7 percent.

The large proportion of eggs produced for sale by the Maritime farmers is marketed through two co-operative organizations, the Prince Edward Island Co-operative Egg and Poultry Exchange, and the Maritime Co-operative Egg and Poultry Exchange which operates in Nova Scotia and New Brunswick. These organizations are served by local organizations known as egg circles. There are 68 of these in Prince Edward Island and 86 in the other two Maritime Provinces. The principle of marketing is co-operative and payment is made on strictly graded basis. This has built up a reputation for the marketing organizations for product of a high quality, bringing higher prices, all of which is reflected back to the producer and has encouraged and stimulated him in production.

PETERS ROAD EAST. The club has purchased a school bell for the school house. One new member was added to the membership list at the March meeting. Programme consisted of recitations, songs and readings.

VERNON—The members of the Vernon River Institute are considering building sidewalks through the village of Vernon. Twelve members were present at the February meeting which was held at the home of Mrs. L. Sullivan. Mrs. J. F. Huntley has invited the ladies to her home for the next meeting.
