Your Name is Worth Money to this Province

By placing your name on the below coupon and having other voters do likewise you are putting money in the pocket of every Provincialist—you are opening the door to the very best class of tourists—you are encouraging home industry, and this Province in general will reap the benefits one hundred fold.

We want the motor vehicle, civilization calls for it—industry demands it and every person will approve of it.

Every land under the sun has the motor vehicle—they are indispensible to the farmer, the merchant, the minister, the doctor and the common workman. The prices place them within reach of every person a motor vehicle is a horse you don't have to feed or care for—one that's ready any time you are, and its the cheapest in the end

Every up-to-date land has motor vehicles—they have come to stay, and why should the "Garden of the Gulf" trail behind.

We want an amendment to the motor vehicle, Prohibitory Act, and substituting therefor a proper regulating measure—regulations that will appeal to every provincialist. Every person who desires to see this Province on equal footing with the rest of the civilized world should fill in this coupon and have as many other voters do likewise as possible.

The Legislative Assembly is now in session and every day counts. If you mean to do a service for your country, to-day is the day—right now please.

Coupons previously collected don't count, so that we want every legal voter to send in his coupon right away, and you will do a service for your country that will never be forgotten.

FIRE INSURANCE COMPANIES BRIBED. MANY LEGISLATURES.

NEW YORK, March 22—Out of the mass of promising generalities which has characterized the fire insurance inquiry started in New York on Friday last, there cropped up today, testimony that three foreign re-insurance companies paid handsomely to have the so-called Grady re-insurance bill passed by the legislature at Albany in 1904. The bill was passed and is still law, notwithstanding that it was opposed by domestic companies who subscribed $10,000 for the purpose and placed it in the hands of the late George P. Sheldon, one time president of the Phoenix Insurance Company of Brooklyn.

These incidents were described on the stand by E. H. A. Correa, vice-president of the Home Fire Insurance Company, in whose opinion the bill in question was "bought through" the legislature by the foreign companies. Just how the fund raised to combat the measure was spent was not made clear except that Mr. Sheldon used it in employing counsel for traveling expenses and "for entertainments in going to Albany."

ABOLISHES FLAT RATE TO ALL NEWSPAPERS.

OTTAWA, March 22—The railway commission decided today that the regulation against the telegraph companies given a flat rate for press service applied to eastern as well as to western Canada. The hearing before the commission is still going on with a view to reaching an understanding as to what the service rate shall be.

SHOOTING PAINS THROUGH THE HEAD

Tells How a Ten-years' Sufferer Cured Himself in a Few Weeks.

When the blood becomes impoverished and thin, when resistance falls low—that's the time when Neuralgia takes a grip that's hard to shake off. Such was the experience of Mr. J.S. Mair, who is well known in his home town of Montego Bay, Ja.

"For years I suffered intensely from pains over my forehead, which spread almost over all my head. Especially if the weather was inclement or when I was tired after my day's work, the trouble was intensified. This Neuralgic affection was certainly due to my system being rundown. I realized this, and I used Ferrozone—took two tablets at meal time, and rubbed on "Nerviline." The result of Ferrozone was better appetite, richer blood, more strength, consequently energy that enabled me to throw off the Neuralgia entirely. I recommend all my friends to use the two wonderful remedies."

Any dealer can supply large bottles of Nerviline, 25c each; Ferrozone 50c per box, six for $2.50. Prepared only by The Catarrhozone Coy., Kingston, Canada.
