

Look Well
 Good looks are all right, but do not let them cheat you out of your good looks. Drop your books; take up your mirror! Is your hair exactly to your liking? Remember, Ayer's Hair Vigor is a hair-medicine, promptly stops falling hair, destroys dandruff. Does not color the hair. J. C. Ayer & Co., Lowell, Mass.

 The home of John Bruce, Ocean View was the scene of a very pretty wedding when his daughter Christina was married to James Falconer, Carrier of Barrasville. Rev. S. D. MacPhee performed the ceremony in the presence of a large number of guests. The bride was attended by Miss Katie M. Carrier and Mr. David McWilliams supported the groom. The large number of valuable presents received testified to the popularity of the young couple. Their many friends wish them a long and happy life.
 The home of Thomas and Mrs. Easton, Hampshire, was the scene of a happy gathering a few days ago when their many friends assembled to celebrate the twentieth anniversary of their wedding, and to wish them God-speed during the remainder of their voyage through life. After doing ample justice to the bountiful supper provided by the hostess, the guests passed the evening very enjoyably, both old and young with equal fervor and zest. The hours sped quickly away and all too soon the time for departure arrived and the company broke up grateful to their kind and genial host and hostess who had done all in their power, and had succeeded so well in their endeavor, to make the evening a very pleasant one for all who came.

 The condition of John D. Macdonald, the Capital Hockey team's captain, Fredericton, who is in the hospital, is occasioning some alarm, although the doctor says his recovery is a matter of time. The executive of the hockey club has decided to take action, and a meeting of the New Brunswick Hockey League has been asked for at an early date. At this meeting the Capitals have decided to ask for the expulsion of Cushing formerly of this Province but now of Moncton, who struck Macdonald, from the league, or at least his suspension for the season. Should it be deemed advisable later to take criminal action against Cushing, the executive of the Capitals will be found prepared to act.

Test for Astigmatism
 The following is a simple and fairly accurate method of determining whether one's eyes are astigmatic or not—
 "At a distance of three feet, each of the four small squares in the figure above, should be seen equally black and distinct. If any of the squares stand out more prominently than others, Astigmatism is indicated. Test each eye separately by covering first one and then the other.
 Astigmatism, which is due to irregularity in the curvature of the refracting surfaces is one of the most common as well as one of the most difficult troubles to accurately correct.
 Our methods of examination are ACCURATE and CERTAIN, which are demonstrated by the satisfactory results obtained in almost every case.
 If not satisfied we want to have a chance to help you.
