"KING DODDS" 46236

Standard Bred and Registered Stallion

In presenting the claims of "King Dodds" for the consideration of the breeding public, his owners will endeavor to submit his particular merits as an indivdual, rather than those of his ancestors, as, while ancestry is of the utmost importance it must, to attain its greatest value from the breeders point of view, be associated with the highest type of individual, and in "King Dodds," his owners believe that they have secured the finest combination of these requisites to successful breeding to be found in the Maritime Provinces, today,

Breeding. We wish to state however that in breeding, "King Dodds" is the peer of any, as his pedigree, published herewith will readily show, and is strictly along the most fashionably lines of today, while in the earlier generation, he traces directly through such sires as "Harold" "George Wilkes" "Mambrino" and the great "Onward" and through dams such as "Miss Russell" "Vara" "Sable" "Green Mountain Maid" and 'Miss Patchen" and has no less than five crosses to the great "Hambletonian, 10" the very foundation stone of the American trotter of today.

As a race horse. "King Dodds" has started in four races, and was always inside the money, finishing second in one race in 2 22 1-4, but as yet, is without a record. His principal race was the 2.35 trot in Halifax, in the fall of 1911, in which he showed to splendid advantage as the following extract from the "Halifax Recorder" the official Organ of the Halifax Exhibition Association will prove.

Halifax Recorder: – 2.35 Trot: "King Dodds" went a splendid race; he proved himself a splendid trotter and capable of beating 2 25. The second heat was another victory for Our Protein, who led throughout, closely pressed by "Frenchie" to the three-quarters, where "King Dodds" carried the latter off his feet. "Dodds" trotted in splendid style, closing up on the leaders; "Tommy Raymond" made a great drive with "Bottom" on the homestretch and finished at "King Dodds" girth.

As a Show Horse. "King Dodds" has the proud distiuction of being the only Stallion in the Maritime Provinces, that had won fourteen red ribbons at five years of age, and on six of these occasions, the competition was open to the three Provinces. and the following extract from "Canadian Farm" dated April 9th 1911, gives some idea of the opinion entertained of him by unbiased foreign exp rts.

"There was nothing to it but Dodd Dwyer's King Dodds against all comers in the Standard Bred stallion class, of which the judges said that no better class had ever been seen in these provinces, and that the "also-rans" could also win at many good horse shows. The second in this class was a Kentucky importation with a record of 2 17½, while the third had a mark of 2 04¼.

"In the Roadster Class for stallions it was also King Dodds all the way, beating the same field. 'He is in the same class as Mambrino King, who never got less than first in the many years he competed in the largest shows in the United States,' was the announcement made when the Pictou bred stallion was trotted up, amid cheers, to be decorated with the championship ribbon. Grace Abbott with King Dodds colt "Kaingarding the sire of her colt."

As a Sire, and this is of vital importance to the breeding public, "King Dodds" has proved himself to be absolutely sure, and his colts are large, rugged, and healthy. At the Pictou County Exhibition, last fall, prizes were offered for best "King Dodds" colts, with a very large list of entries, and Mr. Starr the well known Judge of horses, pronounced the colts shown for this prize, "the best lot he ever saw by any one horse."

Mr. Alfred Webster of Marie has a colt by "King Dodds" coming three years and he is a beauty, with every indication of speed

'King Dodds" is a magnificient animal, a beautiful bright chestnut, in color, stands 15.3 hands high, is broad chested, deep in the withers, close ribbed, very round in the barrel, short back with splendid loins the best of legs and feet, and strongly muscled, beautiful head and arched neck, weighs 1160 lbs is absolutely sound with a very kind disposition, and will be 7 years of age on June 12th next

Terms

King Dodds" will stand for the season of 1913 at $10 00 payable by note due Nov. 1st which must be given at time of service, 5 p. c. disct. will be allowed for cash.

Being anxious to do all they can to assist the breeding industry the owners of "King Dodds" have placed the service fee at this low figure, for this season only, as breeders in the U. S. are paying today $25,00 to $50 00 service fee, to stallions bred along similar lines, but his owners reserve to themselves the right to reject any undesirable mare. Mares at owners risk.

His Home—The home of "King Dodds" for the season will be at the "Klondyke Stables" Souris, and all interested are cordially invited to call and see him for themselves Should several breeders however require his services at about the same time, we will arrange to send him to them, at a few days notice. Mares coming by train will be taken care of free of charge.

DAILY SELECTIONS FOR GUARDIAN READERS

Furnished by W.S. Louson

AN APPEAL TO BOYS.

Girls are fond of dolls, boys of guns, these characteristics are very noticeable. Several times recently I have noticed boys firing shot through air rifles at robins and little innocent birds that grown-ups love to see around the trees of park and home.

"See yon robin on the spray;
Look ye how his tiny form
Swells, as when his merry lay
Gushes forth amid the storm.

Thank him for his lesson's sake
Thank God's gentle minstrel there
Who, when storms make others quake
Sings of days that brighter were."

Now boys I am not going to say too much for generally speaking, the tameness of the birds suggest that they are not often molested in this Province. If you want to become a good shot, put a bulls-eye on the fence or shed and plunk away to your heart's content. Come out some day to the Rifle Range, and we will give you a shot out of a real gun. But please don't molest our song and insect-eating birds. Aim highter than that, and, perhaps, fathers and mothers will help the good work along by saying a word, after reading these lines:

"Sweet bird; thy bower is ever green
The sky is ever clear;
Thou hast no sorrow, in thy song
No winter in thy year.

O could I fly I'd fly with thee!
We'd make with joyful wing
Our annual visit o'er the globe
Companions of the spring."

ADDRESS AND PRESENTATION.

On Wednesday evening last, a farewell party was given by Mr. and Mrs. James J. Finlay at their home in Vernon, in honor of Miss May Minchin, who left on the following day for her home in New Perth. A large number of Miss Minchin's friends and associates assembled and there was spent a most enjoyable evenings—one of those good old evenings that make people feel that life is worth living after all—one of those happy evenings so characteristic of Mrs. Finlay's efforts. Miss Minchin, the guest of honor, was in her usual gay manner. Everything went just as it should go. The music was excellent.

Before supper, Miss Minchin was presented with a handsome gold watch and chain, during the reading of the following address:

* * *

Dear Miss Minchin:—Having learned of your intention to leave Vernon, we feel in duty, bound to express to you, briefly, our sincere regret since the time when first you entered the employ of Mr. George Forbes, some two years ago, you have, by your affability and obliging manner won the esteem of the whole neighborhood. Your leaving is deeply regretted by those whom you made your intimate associates, and, equally, by those who were not so honored. All who have had the slightest dealing with you, feel, that in your departure, Vernon has sustained the loss of one not easily replaced, while we who have had the pleasure of your close acquaintance are fully apprehensive of the great degree in which we shall miss you, Your smiling presence in the past, has been the life of many an enjoyable occasion. Even during the last few days when you were not amongst us, the social loss that we are about to suffer, manifested itself, and the flattering words used in your behalf, by many of your friends, on hearing of your leaving, further corroborated our belief in the old maxim: "Praising what is lost makes the remembrance dear."

We now ask you kindly to accept this little gift as a mark of our esteem and as a token by which to remember us.

In saying "Farewell," we sincerely hope that in future every success may attend you, wherever your lot be cast, and that your thoughts may frequently revert, with kindest regards, to your many friends in Vernon.

Miss Minchin, during the past two years was engaged as clerk in the grocery store of Mr. George Forbes, and was a general favorite throughout the whole community. The news of her leaving was learned with much regret by all who knew her. She will surely be missed!

SERIOUS FIRE.

BRADFORD, England, May 4.—Extensive sheds of the Midland Railway containing quantities of freight, were burned down here during the night causing a loss of $500,000.

Mysterious fires have broken out in these sheds on three successive Friday nights. The militant suffragettes were suspected of arson, but there was no proof of this.

TERRIFIC EXPLOSION.

TIMMINS, Ont., May 5.—Twelve tons of dynamite stored at the powder house of the Curtis Harvey Company on the Moneta property, a mile west of the town, blew up with a terrific report last night and did considerable damage to surrounding properties, as well as to buildings in Timmins.

No one was hurt, although many narrow escapes were recorded. Practically every window in town was broken.

The cause of the explosion is unknown. The shock was plainly felt in South Porcupine and Iroquois Falls.

Boils, Pimples, Abcesses

All Evidence of Impure Blood and Run-down Condition.

When the blood becomes thin, poor, devitalized nature cries out through such external and often painful evidence for help, and the safest, surest and most helpful remedy we know is Vinol.

This is because it is a combination of the most world famed tonics—the medicinal curative elements of cod liver oil (without the oil) and tonic iron for the blood. Vinol strengthens the digestive organs, creates a hearty appetite purifies and enriches the blood, creates strength.

Mary Lang of Altoona, Pa., says: "Ever since childhood I have been delicate, and my blood poor, thin, and devitalized. Nothing seemed to help me until I took Vinol and it has built me up and made me strong."

We say positively there is nothing like Vinol to purify and enrich the blood and build up weak, run-down people. If it should fail in your case we will return the money. E A. Foster. Central Drugstore. Charlottetown. P. E. I.
