D.I.S. COMPANY'S FREIGHT IS NOW BEING MOVED

The International Union Not in Sympathy With Proposed Strike Which is Evidently Being Fomented by Certain Agitators.

(Special to The Guardian.)

MONTREAL, Jan. 18.—Information to the effect that freight to Sydney is being moved today was conveyed by wire received by the offices of the Dominion Iron and Steel Co., here. The Company's attitude was that the strike was not their affair but that it lay between the C. N. R. and their employees to adjust. They added that they fixed Saturday, January 15th as the date when shipments must be resumed, they stated today that on Saturday thirty carloads of freight had been handled over the rail to Sydney and that this shipment began to move today. In labor circles here it is stated that the idea of an national, sympathetic strike is out of the question, that no support to so extreme a measure would be given by the International Union. On the other hand it was asserted by a railroad brotherhood man today that the strike, as far as it effects our men locally in Sydney will continue indefinitely, and that there is no settlement in view.

CANADIAN REPRESENTATION IN INTERNATIONAL COURT

Sir George E. Foster Spoken of as Probable Nominee in Which Case he Would be Succeeded in Ministry by Mr. Lloyd Harris.

(Special to The Guardian)

OTTAWA, Jan. 18.—Canada will secure representation upon the permanent International Court of Justice to be established in connection with the League of Nations, it is believed here. The court is limited to 15 representatives and it is therefore obvious that although each nation of the League has the privilege through its group on the arbitral tribunal of the Hague, to nominate four men for the court, Many nations will fail to secure representation at all. The fact however that Canada is the only member of the League on this continent will, it is believed, weigh heavily with the Assembly and the council in the elections which must follow the nominations. Two names are mentioned in connection with the position. They are those of Sr George Foster and Hon. C. J. Doherty, both of whom were delegated to the peace conference at Versailles and to the Assembly meeting at Geneva. It is freely rumored this morning that Sir George will be the most likely nominee and that if he secures election he will be appointed to one of the existing Ontario vacancies, in the Senate. The position on the court carries with it substantial remuneration. It is not necessarily a legal position. Sir George, it is believed, would take the position and in the event of his doing so and being elected, Mr. Lloyd Harris would likely succeed him as Minister of Trade and Commerce.

Chauffeurs Try Bomb Remedy

(Special to The Guardian)

PHILADELPHIA, Jan. 18.—One man is dead, second dying, six others injured by a bomb explosion last night at headquarters of the Quaker City Taxi-Cab Company. Chauffeurs of the Company have been on strike for several weeks and police orders were issued immediately after the explosion for the round up of the strikers.

Bombs were placed in two taxicabs about ten days ago and several cars have been stolen or wrecked. The dead man was identified by papers he carried as James McKee.

Fox Men Meet In Conference

A meeting of the fox men was held in Mr. E. R. Brow's office yesterday to discuss matters in connection with the visit of Major Creighton of the Finance Department, Ottawa.

The Major is coming here to adjust matters in connection with the taxes levied on Fox Companies and representations have been made to Ottawa by local officials here and by a committee which consisted of Premier Arsenault and Mr. McGuigan and others, claiming that the tax on fox companies is too great.

The meeting in Mr. Brow's office was presided over by Colonel Davison and remarks on the subject were made by A. A. Pomeroy, W. K. Rogers, A. Miller, E. R. Brow, J. O. Hyndman, F. Bovyer, J. R. Dinnis, and others. An invitation was sent to Premier Arsenault and Mr. McGuigan to come down to attend a meeting to be held in Mr. Brow's office this morning at ten o'clock, where some concrete proposals will be formulated to present to Major Creighton at a meeting to be held in the Board of Trade rooms at eleven o'clock.

This meeting is most important to all private fox ranchers, and officials of fox companies, and everyone interested in this should make it a point to attend.

Farmers Not to Bear Cost of Ry. Crossings

(Special to The Guardian)

OTTAWA, Jan. 18.—That the farmers of Canada should not always be called upon to pay the cost of additional farm crossings asked for subsequent to the construction of a railway line across a farm property, was the opinion expressed by Chief Commissioner Carvell of the Board of Railway Commissioners during hearings of a farm crossing case at the traffic sittings of the board today.

WASHINGTON, Jan. 18.—The great dirigible R.38, built in England for the United States Navy will be completed in March and probably will start across the Atlantic early in July, the House Naval Committee was informed today by Captain T. D. Craven, Director of Naval Aviation. The hangar at Lakehurst, N. J., which will house the craft will be ready for occupation July 1, Captain Craven said.

STEEL WORKERS ARE DISSATISFIED.

SYDNEY, Jan. 18.—Much dissatisfaction was evidenced at this evening's meeting of the Sydney Steel Workers' Union when the executive gave an official report of last week's interview with General Manager Merrill, which resulted in the Steel heads' refusal to reconsider his decision regarding the twenty per cent decrease announced at the Steel plant. By unanimous resolution the executive of the Union was instructed to approach Mr. Merrill a second time and again press upon him the advisability of modifying the wage reduction. The Union executive will communicate with the Steel officials tomorrow and will endeavor to have a date set for a meeting this week.

84 MILE GALE OVER NEW YORK.

NEW YORK, Jan. 18.—The wind today reached a velocity over New York of 84 miles an hour, resulting in several accidents. One woman was blown into an open manhole and several persons thrown to the pavement. Steamship officials reported further delays to vessels at sea as a result of the storm. Heavy sand storms were reported along the Long Island shores. Exceptionally high tides also were caused by the wind.

British To Buy Canadian Butter

(Special to The Guardian.)

OTTAWA, Jan. 18—The agent of the British Ministry of Food in Canada has been authorized to purchase first quality Canadian butter at a price equivalent to 300 shillings per hundredweight C. I. F. This is the highest price paid anywhere by the Ministry of food for butter supplies.

New York Fur Auction Now On

NEW YORK, N. Y., Jan. 18—The fur auctions were resumed yesterday, after an interval of nine months when the opening sessions of the sixth annual winter sale of the New York Fur Auction Sales Corporation were held in the Masonic Hall. Since the last previous sale was held here in April prices of furs, in keeping with those of practically all other kinds of merchandise have undergone sharp reductions, but most of the prices obained today, however neither equalled or exceeded the current market.

Bidding for Marten and Fisher was the day's feature, with beaver and muskrat also selling well. Compared with last April's average prices, those obtained for the furs sold today showed the following: Fisher, forty five, Russian Sable, forty-seven and a half, Beaver, fifty, South Western Wildcat, fifty, Northern Wildcat, sixty; Northern Otter, thirty; Southern Otter, sixty; Brown Muskrat sixty five; Southern Muskrat, seventy; Black Muskrat, sixty five, Marten, forty.

Dressed and dyed sealskin were sold here today for the first time, and brought good prices.

KAISER AND CROWN PRINCE IMPLICATED IN PLOT

To Enter Berlin at Head of Loyal Followers and Re-establish Monarchy. Reported Kaiser and Family Ordered out of Doorn

(Special to The Guardian)

BERLIN, Jan. 18.—Berlin was excited today over reports from The Hague that the former German Kaiser had been requested to leave Doorn because of his part in an alleged monarchist plot to restore the Hohenzollerns to power. Reports here said an official request had been made by the Netherlands on the Kaiser and Crown Prince to leave their asylums in Holland, but there was no indication that preparations had been made to obey what practically was an order. One version of the plots which were said to have been developed in Amsterdam with the personal servants o fthe former Royal family representing it, was that the Crown Prince would make a a surprise entry into Berlin at the head of loyal monarchist soldiers, the loyalty of the men was said to have been guaranteed by officers.

CHARLOTTETOWN-PICTOU SERVICE IS ASSURED

At Largely Attended Meeting Last Evening the Project Thoroughly Discussed and Approved. Subscription List Opened and Very Encouraging Start Made.

A special meeting of the Charlottetown Board of Trade was held last night for the purpose of considering a proposal from Messrs. F. R. Dakin, and R. M. Betts, of Wallace, N. S., to place the steamer "Speedy" on the Charlottetown-Pictou route. The meeting was open to all citizens interested in the question, was well attended and the project thoroughly discussed. Every opinion expressed was favorable to the scheme, and the meeting concluded with the appointment of a canvassing committee and the opening of a subscription list.

President A. A. Pomeroy, of the Board of Trade was elected to the chair and called upon Captain Betts to outline his proposition. The "Speedy" is a steamer of 252 gross tonnage, length 115 ft., beam 20 ft., draft 10 ft, equipped with 88 horse power, capable of a speed of 14 knots and valued at $35,000. She was built in 1896 and was completely overhauled in 1916. In September last the ship was inspected and is today practically as good as new. The Captain showed rough drawings and photographs of the "Speedy" and estimated the crew she would carry at fourteen. She is equipped to carry forty passengers, with space for six automobiles and freight capacity for seventy tons, to which from thirty to forty more tons could be added if required. The speaker figured running expenses at about $146 per day, and the profits roughly at $288, leaving a tidy margin.

Mr. Dakin followed with strong arguments in favor of running this service. Travelling expenses from Sydney to Charlottetown by the Borden route are now $17.80 occupying twenty-four hours. From Sydney to Charlottetown by Pictou the distance is 232 miles against 400 miles the other way, and the expense $11.85 against $17.80, with a consequent saving in time. This is quite a little point to be considered and would be a strong argument in favor of passenger traffic From Halifax to Charlottetown, via Borden, a distance of 240 miles, the travelling expense is $19.85; new route would cut the figure down 162 miles costing about $8.85. From these comparisons the route would show a substantial margin of profit. The idea of the organizers is to promote a company capitalized at $40,000, having the executive offices in Charlottetown. If the sum of $20,000 could be raised on this side the remainder may be expected from Pictou and New Glasgow. Of course, with headquarters in Charlottetown, the crewing and victualing of the steamer would be expected to be done here also.

Considerable discussion followed on the subject by various citizens present, all favorable to the project. Mr. G. W. Wakeford believed from a study of the sketch submitted that the "Speedy" was as near the requirements as could be hoped for. Senator Prowse voiced the general opinion that service between Charlottetown and Pictou was becoming an absolute necessity. Further remarks followed from His Worship Mayor Riley, Messrs E. T. Higgs, J. O. Hyndman, S. A. McDonald, R. E. Mutch, C. L. McKay, N. Rattenbury, P. A. Smith and A. Pickard. Col. D. A McKinnon, Major. C. L. McKay and Mr. A. Pickard were appointed a canvassing committee. Col. McKinnon headed the subscription list with $500 and with in a few minutes the sum of $4,000 was subscribed.

The meeting then adjourned.

Fur Burglaries In New York

(Special to The Guardian.)

NEW YORK, Jan. 18.—Thieves are operating in the wholesale fur district during the last two weeks and carted away loot valued at more than $300,000, merchants said today. Coincident with the announcement, the police are investigating three burglaries which occurred on Sunday. Three establishments of a six storey building on West 25th Street were entered some time Sunday and furs valued at $61,000 taken. The thieves to avoid the sounding of the burglar alarms scaled the fire ladders in the rear of the building and entered the loft through a chimney. They used the elevator to enter the other shops and removed part of a chimney to carry out their loot.

Speculation on Sir Auckland's Visit

(Special to The Guardian.)

LONDON, Jan. 18.—The visit of Sir Auckland Geddes, British Ambassador of the United States to London is probably accounted for by the importance of a full exchange of views between Sir Auckland and the Government in anticipation of the inauguration of a new administration at Washington says the Pall Mall Gazette.

Today the newspaper thinks the British Government desires the best information and advice of its representative on contingencies which are regarded as possible under the new President.

CHIEF KNOWS SOLUTION OF BROKER CRIME

MONTREAL, Jan 18—It is believed of Detectives Lepage holds the solution of the murder of Wm. Holland, manager for the stock brokerage firm of MacDougall Brothers who was shot and killed last Friday here, and that he will not divulge the nature until the accused, Major R. M. Griffith is brought to trial at the next term of he court of King's Bench.

This is he statement made today by a man in close touch with events that preceded the actual shooting.

Chief Lepage, at the inquest Saturday, indicated that something was being held in reserve when he asked Coroner McMahon not to press him too closely for information at the inquest.

E. R. D. Applegath, head of the firm of MacDougall Brohers, stated today that he had seen the two men at his office in the morning of Friday and ordered them out.

Turning to Mr. Holland while Griffith and Coffey were still in the room, Mr. Applegath said to his manager. "If you don't have that fellow arrested, I will; he is going to kill you some day.

On going out Major Griffith opened the door with his left hand his right hand being in his pocket. He turned to close the door with the hand he had used in opening it and Mr. Applegath said to him "never mind that door, I'll see to it."

Saxonia Arrives After Hard Voyage

(Special to The Guardian)

HALIFAX, N.S., Jan. 18—Twelve days and twenty two hours from Cherbourg, France, the Cunard Liner Saxonia arrived at this port at eight o'clock this morning after one of the stormiest passages she has ever had across the Atlantic. At times the wind was so high and the waves so terrific that the ship was unable to make progress on her course.

Oppose Churchill As Colonial Secretary

(Special to The Guardian)

LONDON, Jan 18.—The Daily Chronicle, the chief organ of the Coalition Government, confirms the report that Right Hon. Winston Churchill will become Secretary of State for the Colonies. The Daily News, which is nowadays bitterly hostile to Premier Lloyd George, says the appointment is essentially mischievious as Mr. Churchill would not go to the Colonial office to wield less authority than his predecessors and the prospect appears at a time when the Dominions are protesting vehemently against having to transact business through the Colonial office.

Newfoundland is Dissatisfied With British Trade

(Special to The Guardian)

LONDON, Jan. 18.—Hon. W. Coaker, Minister of Marine and Fisheries of Newfoundland, on landing in Liverpool today on his mission to further the colony's trade in Europe, said his country was tired of asking aid of the Colonial office in obtaining markets for Newfoundland fish and that Portugal has done more for Newfoundland trade in the last ten years than Great Britain did in the last hundred years. Mr. Coaker declared that if a vote were taken in Newfoundland today on the Trade Treaty with the United States it would be carried by two to one of a majority.

Press Barred From Conciliation Board

(Special to The Guardian)

TORONTO, Jan. 18—Barring the press from its sessions the conciliation board which is probing disputes between President D. B. Hanna, C. N. R., and the employees of the system in regard to the now famous "no politics" order, got down to work at City Hall this morning. If at later stage there may be something gained by publicity the press will be called in, it is announced.

WAR HAS BROKEN OUT BETWEEN U.F.O. AND DRURY

Premier Drury Expressed the Opinion That the Farmers Should Not Expect to Rule the Country. U.F.O. Secretary Declares War to the Knife Against Drury.

(Special to The Guardian)

TORONTO, Jan. 18.—The Toronto Globe this morning in its news column gives prominence to controversy between Premier Drury and Secretary Morrison of the United Farmers, Ontario. Controversy over the position of the United Farmers of Ontario in politics has broken out afresh. Premier Drury, who for some time favored the broadening out process for the party which he leads was unusually blunt in his speech at Milton on Friday night, when he remarked "Farmers cannot and ought not to rule a country. To do so would be a sort of tyranny. We are in the minority, we must not attempt to do it because we are democratic".

J. J. Morrison, Secretary of the U. F. O. addressed a meeting in Middlesex County on Saturday. He warmly repudiated considerable of what the Premier said. "If Premier Drury threw down a challenge at Milton, I am prepared to take it up" said Mr. Morrison. In a lengthy speech full of fight and defiance Mr. Morrison took up clause by clause certain remarks made by Premier Drury and disagreed with him on every one, and promised war to the bitter end on behalf of the farmers party.

OTTAWA, Jan. 18.—A public letter to Drury, Premier of Ontario, has been written by a member of the leading stock breeders of Canada, who attended the winter fair here, commending him highly for the stand he has taken and statements attributed to him regarding the broadening of the policy of the farmers party. The letter states by so doing the Premier has secured the support of multitudes of Ontario stockmen and business men.

THE ABBIES AGAIN PROVE TRIUMPHANT

In Closely Contested Game at Arena Last Night They Defeated the Moncton Septette by the Score of 7 to 4.

In the presence of a throng which packed the Arena to its utmost capacity the Charlottetown Abegweits, last night again proved victors in their third battle for Eastern Amateur League honors.

It was indeed a battle royal and it has been a long time since such a game was seen in this city.

The Moncton players were late in arriving owing to carferry steamer having been delayed in her passage across the strait on account of ice. The game therefore did not get under way until 9.20.

The visitors are a splendid looking aggregation of hockey talent. They look like hockey players and play like the genuine article. Their team work was of a high order and every man was right on his position throughout. Combination is their strong point and although they did not win they made the locals go all the way to the gong.

Cummings, their goal tender was a decidedly strong factor and his stops were of the brilliant order.

The defence, was exceptionally strong, Milton perhaps excelling. His end to end rushes were features which won him hearty applause.

The forwards also proved very agile, in following up though they did not skate as swiftly as the Abbies.

The Abegweits defence as in their previous games showed a mastery both in blocking and the usual offensive tactics.

Morgan in the net was there with all his old time "pep" and saved many a shot from piercing his citadel.

Williams again starred his rushes making a sight that was indeed good for the eyes of the admirers of good hockey.

Purcell in his initial appearance this season showed his old-time form and played a decidedly good game as also did Moore and Chesc. Campbell, the last named making a series of cyclonic rushes which kept the fans in a state of high tension.

The forward line were all in the pink of condition but paid too much attention to the undividual side of the game, Gordon and Rodd made very effective runs and admirers of fast play of this kind saw them at their best.

McEachern, centre forward, played well and Diamond in his first game and Prowse were also on the job in good style.

The game was ably handled by James Herrell, as referee.

The first period saw the Abbies pile in three goals, Gordon notching the first one after six minutes play.

The second period ended 4 to 3 for Charlottetown, the Abbies adding three more and Moncton one.

The final period ended 7 to 4.

It is possible that another game may be played here tonight as Moncton is trying to finish its series here.

THE LINE UP

Moncton		Abbies

Noozie the Sunshine Kid

Cause of Murder In Hands of Police

(Special to the Guardian.)

MONTREAL, Jan. 18.—It is believed that chief detectives LePage holds the solution of the murder of William Holland, manager of the stockbroking firm of MacDougall Bros., who was shot and killed last Friday here but that he did not divulge its nature until accused. Griffith is to be broughtto trial next ter mof Court of Kings Beach. This statement was made today by man in close touch with the events preceding the shooting.
