# HAUPTMANN CLEMENCY PLEA IS DENIED

## FOUR POWERS PLAN MILITARY CONFERENCE Is Sentenced To Die Tonight For Kidnap - Slaying Virtually Last Hope Of German Carpenter To Escape Electric Chair Shattered.

(By Samuel G. Blackman, Associated Press Staff Writer)  
(A. P. By Guardian's Special Wire)  
TRENTON, N. J., March 30.—Bruno Richard Hauptmann was all but delivered to his executioner tonight as both New Jersey's pardon court and governor—apparently the only persons able to save him—refused to spare his life. His death walk of only a few paces for the kidnap murder of the Lindbergh baby is set for soon after eight o'clock tomorrow night.

The double denial of clemency—first by the New Jersey Court of Pardons and quickly thereafter by Governor Harold Hoffman—shattered Hauptmann's last hope in the eyes of his attorney, C. Lloyd Fisher.

### NOTIFIED OF REFUSAL

Fisher carried the news of the double denial of clemency to Hauptmann tonight. Leaving the prison after a half-hour visit, he said Hauptmann never flinched, and "looked just as he did at Flemington when the jury found him guilty."

Fisher said Hauptmann repeated over and over: "I can't believe it. What are they doing about the man who confessed to the crime?" Hauptmann apparently referred to the now-repudiated "confession" of Paul H. Wendel, former Trenton lawyer, who is still held in Mercer County Jail on a warrant charging the murder of Charles A. Lindbergh, Jr.

There has been no previous indication that Hauptmann knew of the "confession." Fisher said Hauptmann told him "something to tell Anna" (his wife) but he would not reveal what it was.

Fisher said the only possible move left would be an application to Supreme Court Justice Thomas W. Trenchard, the trial judge, for a new trial, but he indicated that would be hopeless.

But of Hauptmann, he said: "He still has hope, and he kept his chin up in the air." In a crisply worded decision, the Court of Pardons, also known as the Board of Pardons said: "The second application for clemency made by Bruno Richard Hauptmann, before the board of pardons of New Jersey, sentenced to death for the murder of Charles A. Lindbergh, Jr., March 1, 1932, was today denied."

Then Governor Hoffman, who virtually pleaded for Hauptmann's life before the Pardons Court over which he presided, said: "The action of the Court of Pardons was the final action in the Hauptmann case."

There will be no reprieve. Only some startling new development that might lead the Governor to change his mind and disregard the Attorney General's opinion that his power to reprieve has expired, seemed able to save the former Bronx carpenter.

The quick succession of adverse decisions followed a six-hour session of the Pardons Court, called by Governor Hoffman to consider a series of new developments in the case.

Fisher would not say what further steps would be taken to save his client but said there would be some.

Mrs. Anna Hauptmann, whose chances of seeing her husband again seemed slight, gazed hysterical when the news reached her. Throwing herself on the bed in her hotel room she sobbed: "There must be some way out. There must be."

### BRUSSELS MAY BE SCENE OF CONSULTATIONS

Counter Peace Proposals By Adolf Hitler Are Eagerly Awaited.

(A. P. by Guardian's Special Wire)  
LONDON, March 30.—Authoritative sources said tonight the cabinet has tentatively decided to begin military consultations with France and Belgium next week. Both the French and Belgians are to be consulted immediately by diplomatic representatives as to the date when the preliminary discussions, agreed upon in the Locarno proposals in the event of Germany's rejection of the peace plan, are to start.

The location of the conference may be Brussels, informed sources indicated, after the cabinet had decided and Prime Minister Stanley Baldwin had assured the House of Commons the British general staff would not be allowed to involve the government in commitments.

Must Be Approved  
Any arrangement formulated by the military staff must be approved by the cabinet, the Prime Minister emphasized.

The plan for general staff consultations was attached to the Locarno peace proposals in letters from Anthony Edin, British Foreign Secretary, to Pierre-Etienne Flandin, French Foreign Minister, and Paul Van Zeeland, Belgian Premier.

(These letters provided, if Germany rejects the proposals, which Reichsfuehrer Hitler subsequently did, Britain will join Belgium and France in consultations "for the purpose of insuring the security of your country against unprovoked aggression"; and further, will instruct the general staffs "to enter into contact with a view to arranging technical conditions" during such consultations.)

Awaits Hitler's Plan  
As the arrangements were pending, Britain awaited announcement from Chancellor Hitler of his new peace suggestions to establish a new European security pact. Officials said there has been no indication the Fuehrer's reply will be delayed longer than tomorrow, the date the German plan is expected.

After receipt of the German proposals, Britain will advise Italy, France and Belgium of their content, and a new four-power conference—consisting of the remaining Locarno members—may be called.

### Italy Making Poison Gas For African War

LONDON, March 30.—(C.P.-Havas)—Italy is manufacturing poison gas for the "deliberate purpose" of bombing defenceless Ethiopian non-combatants, Lord Cecil of Chelwood charged tonight in the House of Lords.

Recalling the many international conventions outlawing gas warfare Italy has signed, Lord Cecil asked the government to state its intentions in the face of repeated violations of these obligations.

The Archbishop of Canterbury supported Lord Cecil's views and warned against the dangerous effect gas warfare would have on the black populations of all African colonies.

Speaking for the government, Viscount Halifax, Lord Privy Seal, expressed regret that he was not in position to deny the accusations made against Italy.

### URGES UNITED EFFORT TO END UNEMPLOYMENT

Labor Minister Outlines Reasons For National Commission To Study Problem.

(C. P. By Guardian's Special Wire)  
OTTAWA, March 30.—Employers who pay low wages in order to throw a part of the burden of maintaining their employees on relief agencies were charged with "treason against the state" in a time of national emergency by Hon. Norman Rogers, Minister of Labor, as he moved second reading of his bill to establish a national employment commission in the House of Commons today.

The government, he declared, would use to the full the weapon of publicity against employers of that type. The Minister mentioned no names but indicated information had come to him that some employers were guilty of the practice he condemned.

The grand total of persons receiving all forms of relief in Canada was 1,310,423 in February of this year, said Mr. Rogers. This compared with 1,333,842 in February, 1933 and the figures for the intervening years showed a gradual decrease.

It would be a misuse of words, he said, to describe the decrease as either substantial or encouraging.

### FISHERMEN ARE RESCUED

(C. P. By Guardian's Special Wire)  
ST. JOHN'S, Nfld., March 30.—Old Davey Jones, after surviving fog and storm to his assistance last week, could only claim the life of one Newfoundland tonight following a raid on the ancient colony's fishing fleet.

Arrival of the schooner Edsall in Port aux Basques today with a missing dory crew of the Francis Spindler aboard dispelled fears the two men had lost their lives at sea.

The two men, Bladen of Coombes Cove and Scott of English Harbor, were picked up by the Edsall Saturday. Lost from their schooner in a fog, they rowed in the general direction of land for six days and nights without food or water. They were recovering tonight in Port aux Basques from exhaustion and exposure.

In the Canso, N. S., marine hospital lay another Newfoundland fisherman who had suffered more intense privation and seen his dorymate die in the open boat three days before he himself reached land unaided. He was John Hatcher. His companion, 25-year old Guy Douglas was buried in the tiny Canso cemetery on Friday the day after the dory touched land six miles from the Nova Scotia town. Hatcher is expected to be well enough to return to his family in a few days.

Speaker of the Legislative Assembly which formally opened yesterday.

### TO FORM NEW FISH AND GAME ASSOCIATION

Charges that the Prince Edward Island Fish and Game Association was "controlled by a few who jockeyed seasons around for their convenience" and that it "attempted to legislate for all the people of the province," were hurled last night at a public meeting here sponsored by Charlottetown Progressive Club.

Claiming the provincial Association had assumed a "dictatorial attitude" which did not "represent the feeling of the sportsmen of Prince Edward Island" the meeting decided to form a new body for "the protection of the Fish and Game of Prince Edward Island."

The Progressive Club had called the gathering to discuss conservation of fish and game and the regulation of trout fishing.

Early in the meeting strong opposition was voiced to the provincial Association's proposed blanket revision of Prince Edward Island Fish and Game Act which, among other things called for annual imposition of a 25-cent fishing license and a \$1.00 hunting license on resident sportsmen. The provincial body had proposed the widespread amendments to the Act at a meeting in Charlottetown March 13.

The following resolution, moved by Mr. Fullerton McLeod, and seconded by Mr. Homer Essery, was passed by the meeting: "Resolved that a resolution be presented to the Provincial Legislature now in session protesting against the imposition of a fishing license of 25 cents for fishing trout and the proposed

### INSTITUTES SUPERVISOR TO RESIGN

Miss Elizabeth MacMillan Accepts Position With Nfld's Jubilee Guild.

Miss Elizabeth MacMillan, B.Sc. (H.Sc.) of Charlottetown, Supervisor of the Women's Institutes of Prince Edward Island, is to resign from her position as head of the powerful social organization to take over the organization and supervision of Newfoundland's Jubilee Guild, it was learned here last night.

Miss MacMillan was placed at the head of all the Women's Institutes in this province about a year after she had joined one of the branch organizations. Under her direction Prince Edward Island Women's Institutes have developed into the soundest and most formidable social bodies in the province. Miss MacMillan has been the organizations' supervisor for five years.

She is to take over direction of the old colony's women's body which is virtually the same as the Women's Institutes in Canada before May 1. The Jubilee Guild of Newfoundland was founded by Lady Anderson, wife of former Governor, Sir David Murray Anderson.

Mr. L. W. Shaw, formerly supervisor of Teacher Training at Prince of Wales College and now Newfoundland Superintendent of Education, negotiated Miss MacMillan's appointment to the direction of the Guild.

It was part of the celebration arranged by the Dickens Fellowship and other devotees marking the centenary of the publication in London of the first part of "The Pickwick Papers."

Tomorrow the centenary will be celebrated further by a Dickens matinee at the Palladium in aid of Charing Cross Hospital. ### Reports Hauptmann Ready To Tell More Are Denied

TRENTON, N. J., March 30.—Lloyd Fisher, chief defence attorney for Bruno Richard Hauptmann, came away from the condemned man tonight with a statement that he was taking a message from Hauptmann to his wife, which was followed swiftly by reports that she had sent word to Governor Harold Hoffman that her husband "might talk more."

These reports were denied officially, they came from sources close to the governor.

As they were denied, Hunterdon County Prosecutor Anthony Hauck, Jr., said Mrs. Hauptmann had suggested to him recently that he talk to her husband. Hauck said Mrs. Hauptmann expressed a belief that the condemned man might talk more readily to him.
