Bad colds and running eyes it stops in a few minutes. Irritable throat and dry bronchial coughs are helped in a jiffy—always cured! Catarrhzone is used as directed. Relief came quick—so I kept up my treatment and was absolutely cured by Catarrhzone. Nothing else will so effectively and quickly cure you as Catarrhzone. —DAIRY MEETING.—A meeting of the Egmond Bay and Mont Carmel Dairying Association was held on Tuesday, 19th inst. The meeting was held in St. Philip's Hall, Egmond Bay and was opened at 2.15. The president at the opening made a brief speech and then called on the secretary to read the minutes of the last meeting. They were unanimously adopted. Rev. Father Boudreau, who was auditor of the secretary's books, reported favorably on the work of the secretary. He had had the books in his hands for the past few days and he found everything in good shape. He also spoke a word of encouragement to the dairy business. He was followed by his great satisfaction of the work of the past year. Last spring, he said, things did not altogether look very favorable for the cheese industry in this section, but nevertheless the season had been one satisfactory to all. Several meetings of directors had been held, he said, all with a view to further the interests of the Association. The pasturizer which had been installed last spring proved satisfactory. Mr. Dan- industry and suggested that means to secure more patrons another year. Mr. Jerome Arsenault, of Mt. Carmel said last year he was unable to send milk because they had no hauler their way; he sent it to the butter factory at Wellington, and his experience of both lines of dairying would lead him to believe that the success of the industry had been greater than anticipated. We must encourage it and give it our support. Mr. H. O. Gallant spoke of the directors' meetings held throughout the term and made good remarks encouraging the industry. Mr. John E. Arsenault said last year he could not send milk but he hoped to be able to patronize the cheese factory in the near future. Mr. S. E. Gallant also spoke of very good remarks in connection with the industry. The following is the list of officers elected for next year. Pres., Mr. Stanislaus C. Gallant, (re-elected); vice-pres., Mr. Harry Darby, (re-elected); directors: Route No. 1, Narcisse J. Gallant; Route No. 2, Joseph L. Gallant; Route No. 3, Alfred Richard; Route No. 4, Azade Bernard; Route No. 5, H. O. Gallant, the secretary to be elected by the directors. Auditor, Rev. Father Boudreau. The meeting of the De-bating Club on Thursday last was a lively one, the subject was "Resolved that War Causes More Harm Than Intemperance." Those in the negative sought to gain their point by quoting some good results of war and went to say that intemperance was harmful in every possible way. Those in the affirmative maintained that, admitting the intemperance to be a continual draw back to a nation, the ravages of war far exceeded those of intemperance. Not only the realities of war, but also preparations for war involved big expenses and hindered prosperity. The majority was in favor of the affirmative.—M.

Coughed for 10 Years

Mrs. J. O. Barnhard, of Lindsville, Alta., says, "For ten years I was troubled with a very bad cough, particularly at night. I tried many remedies but could get no relief until I tried PEPs. These pleasant little pastilles quickly stopped the irritation and ended my cough. PEPs, 'The Cure You Breathe,' goes straight to the weak spot. Place a PEP in your mouth. As it dissolves, healing vapors are liberated, which you breathe down, right to your lungs, quickly stopping all irritation, and ending coughs and colds. Why experiment with cough mixtures, syrups, lozenges, etc., which go not to the lungs, but to the stomach, when PEPs go straight to the seat of the disease! For coughs, colds, asthma, bronchitis, hoarseness, sore throat, and all chest and lung troubles, use the up-to-date remedy PEPs. Refuse substitutes. All druggists and stores, 50 cents box, 3 boxes \$1.25.

PATS REACHED THE TRENCHES ON SIXTH
LONDON, Jan. 23.—Writing to his parents under January 15, William Miller, the big drummer of the Princess Patricia's, son of ex-Provost-leser, says: "On the evening of the sixth we marched over eighteen miles. Tired and hungry we were nearing the battlefield and getting closer to the guns and had to be very careful going into the trenches as that is when most casualties occur. It must be done in the dark, and every precaution taken to get in as quickly as possible. I am glad to say we got in without losing a man.
The Germans have what we call light bombs, which they throw into the air by hand, lighting up a radius of 500 yards. When we were going into the trenches we had to lie flat on the ground when one of these bombs was thrown in the air. If we moved the enemy would spot us, and open fire. The Princess Pat's remained in the trenches for two days and two nights, being relieved on the evening of the eighth for two days.
"We have killed three men and about 25 wounded."

WAR ZEPPELINS CALLED UNWIELDY
NEW YORK, Jan. 23.—The high hopes held in Germany concerning the effectiveness of the Zeppelins as a new factor in warfare are doomed to disappointment in the opinion of Hiram
The famous inventor of explosives not only declared that dirigibles are unwieldy and difficult to manipulate or steer, which detracts from their usefulness in warfare, but that bombs dropped from them miss the target and also lose force.

WEDDING BELLS.—At St. Malaich Church, Kinkora, on Jan. 19th was the scene of a pretty event, when Mr. Thomas Noonan one of Albany's most popular young men lead to the altar Miss Clara Croken one of Kinkora's fairest and prettiest young ladies the nuptial knot tied by Rev. J. J. McDonald. The bride was prettily attired in blue silk with white beaver hat and ostrich plumes. She was attended by her sister Miss Marjorie who was also attired in a suit of blue broadcloth. The groom was ably supported by his cousin Mr. Gratian Noonan of Albany. After the wedding ceremony the bridal party left by train for Charlottetown. They returned in the evening to the home of the bride when about fifty guests sat down to supper in Mrs. Croken up-to-date style. The evening was also spent in music and songs, also an address given by Mr. James McCordie the wedding presents were numerous and costly, testifying to the respect entertained for them by a large circle of friends and acquaintances. Many friends and relatives wish Mr. and Mrs. Noonan a happy and prosperous journey through life which the Guardian most heartily joins.
