To End Annoying Cough, Mix This Recipe, at Home

Here is the well known old recipe which thousands of housewives have found to be a dependable means of breaking up winter coughs. It takes but a moment to prepare and costs very little, but it does give quick relief. From any drugstore, get a 2 1/2 ounce bottle of Pinex. Pour this into a 16 ounce bottle and fill the bottle with granulated sugar syrup, made with 2 cups of sugar and 1 cup water, stirred a few moments until dissolved. No cooking needed—it's easy. (Or you can use corn syrup or liquid honey, instead of sugar syrup.) Thus you make Pinex a very efficient medicine, and you get four times as much cough syrup for your money. It never spoils and children love its taste. This home mixture soothes the irritated throat membranes with surprising ease. It loosens the phlegm and eases the soreness very promptly. Pinex is a special compound of proven ingredients, in concentrated form, a well known and reliable soothing agent for winter coughs. Money refunded if it does not please you in every way. Pinex Saves You Money!

Boy Rewarded For Reporting Rail Defect

SYRACUSE, N.Y., Jan. 10 (AP)—An 11-year-old farm boy, dressed like an engineer, rode into Syracuse from Albany Saturday in the engine cab of the Empire State Express. Jimmy Colough's 150-mile ride in the diesel locomotive was another reward from the New York Central Railroad for his prompt reporting of a rail defect near his home in Canastota, not far from Syracuse, several weeks ago. The ride was promised Jimmy last month when railroad officials came to his home laden with Christmas gifts including an electric train and a \$100 cheque. The railroad also gave Jimmy a letter promising him a job should he decide on a railroading career.
