THERE IS A WAY OUT OF IT.

Catarrh, the Offensive and Dangerous Disease, Can Be Cured.

Catarrh is a disease that afflicts a majority of the people of the United States. It comes without warning and from its offensive nature causes intense suffering and humiliation. Its complications are often dangerous and fatal, Dyspepsia, bronchitis and consumption frequently resulting if catarrh is allowed to run its course unchecked.

Stuart's Catarrah Tablets have done more good and effected more cures among catarrah sufferers than any known remedy. They never fail to cure even the most aggravated cases where their use is adhered to. They thoroughly renovate the system and cleanse it of all impurities. Under their influence all catarrah poisons are thrown off and the cure is complete and permanent.

A prominent lawyer and public speaker of Pittsburg, says: "I have been troubled with catarrah of the head and throat for 12 years. In this climate it seems impossible to get rid of it. The continual dropping of mucus from the nose into the throat caused irritation and hoarseness; seriously interfering with my public speaking. It took me an hour or more of coughing, gagging, expectorating and sneezing every morning before I could settle down to work and this condition brought on catarrah of the stomach, causing loss of appetite, poor digestion and a foul breath, which annoyed me exceedingly. My physician advised me to try Stuart's Catarrah Tablets and I took them for two months and was astonished to find how quickly they cleared my head, throat and stomach and I have no hesitation in recommending them. They are not only pleasant to take, but they seem to get at the very root of the trouble, because since using them I have had no trace of catarrah."

Stuart's Catarrah Tablets are for sale by all druggists at 50 cents a box. They have done so much good and the demand for them is so great that no druggist ever fails to keep them in stock, although there are other remedies which yield him a much greater profit. Druggists know, however, that they would be making a great mistake and endangering their business to be without Stuart's Catarrah Tablets.

INTREPID GOING TO CHINA.

STOMACH TROUBLES.

A disordered stomach may cause no end of trouble. When the stomach fails to perform its functions the bowels become deranged, the liver and kidneys congested, causing numerous diseases, the most fatal of which are painless and therefore the more to be dreaded. The important thing is to restore the stomach and liver to a healthy condition, and for this purpose no better preparation can be used than Chamberlain's Stomach and Liver Tablets. For sale by all druggists.
