Girls! Have Wavy, Thick, Glossy Hair Free From Dandruff

Save your hair! Double its beauty in a few moments—try this!

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots flinch, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderine at any drug store or toilet counter for a few cents; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching—you must use Knowlton's Danderine. It keeps the scalp and no more falling hair—eventually—why not now?

Notice to Married Men

And Others who Have Dependents to Provide for

While the cost of living has gone up, in almost every line, it is our pleasure to announce that notwithstanding the changed conditions brought about by the war, that we are today able to offer to the insuring public, Life Insurance Protection at a lower rate than before the war. When you consider the increases in cost today, of carrying on most business operations and the numerous war claims paid by the Life Insurance Companies, it is certainly a remarkable achievement that rates can be reduced and it speaks volumes for efficient management of the Great-West Life Assurance Company.

A Serious Question Worth Considering

With the increase in cost of living the amount of insurance you were carrying before the war may not be sufficient protection today. To meet this extra burden that would be thrown on dependents in case of the death of the bread-winner it would be prudent for every man to consider whether he should not increase the amount of his insurance by 25 to 50 per cent.

When the protection of your loved ones is at stake you cannot afford to gamble with the future. Think of the numberless widows Life Insurance is saving from poverty, from hunger and from despair, of the countless children to whom the Policy benefits are giving a chance in life, preventing them from being huddled together in the slums of large cities, breathing foul air and eating food both unsuitable and insufficient and best of all, saving and preserving to them the mother's care, you will agree that it is the greatest beneficent institution in the world.

We would like to be of service to you and yours. Can we have an opportunity of submitting particulars of our plans free of charge?

We sell insurance at a lower net cost than any other Company in Canada giving absolute security.

Over One Hundred and Seventy Million Dollars of Insurance in force. Consult the Agent in your District or write to or call at Branch Office, 61 Queen Street, Charlottetown.
